CHAIRMAN'S MESSAGE

Dear Shareholders, Ladies & Gentlemen,

Two years into the COVID-19 pandemic and the recent seemingly unending Russia-Ukraine war, with resurgent waves of mutant variants, supply-chain disruptions, and also return of inflation in both advanced and emerging economies has resulted in uncertainty for the global economy. The cyclical slowdown that set in the Indian economy before the outbreak of the pandemic, got aggravated during COVID-19 pandemic. The pandemic has caused a deep dent on livelihoods, production capacities and confidence levels with far-reaching economic and social costs. With serious health concerns, governments across the States, implemented measures like lockdown and reduced economic activity to curb the virus spread. During the year, State Govt. Agencies have taken up very few projects resulting in limited business opportunities for HUDCO. India's recovery from the pandemic, despite its innate strength of macroeconomic fundamentals, remains fragile and is yet to become broad-based. Despite all these hurdles, your Company has achieved a sanction of ₹ 20663 crore and disbursement of ₹ 8887 crore and earned a profit after tax of ₹ 1716 crore.

I would like to share the highlights of HUDCO's performance during 2021-22, vis-a-vis the economic environment, challenges faced and future outlook of the Company, which clearly depicts that your Company is on growth path.

1. Economic Environment

According to the data released by National statistical office (NSO) in its provisional estimates of GDP India's real GDP is estimated to have grown by 8.7% in 2021-22. The growth of 8.7% in GDP in 2021-22 came against the backdrop of a 6.6% contraction of GDP in the previous fiscal i.e. 2020-21. The data also showed that the Q1, Q2, Q3 & Q4 GDP had grown by 20.1%, 8.4%, 5.4% & 4.1% respectively in 2021-22 which were better than the corresponding quarterly growth rates achieved in the previous fiscal. (Source: press note dated 31.05.2022 on provisional estimates of Annual National Income 2021-22, NSO, MoSPI). Although the overall economic performance was better in 2021-22 compared to 2020-21, the negative impact and the uncertainties arising out of the pandemic was evident on the speed of recovery. Particularly, the Q4 growth was adversely affected by the spread of the Omicron variant of the coronavirus. Against this backdrop the Government ensured a soft interest rate regime, with ease in extended repayment mechanism and supportive policies for ensuring to maintain economic growth.

2. Sectoral Overview and Government Policy Initiatives

The Government has outlined its focus on orderly urban development in 2022-23 budget. The focus would be to nurture the megacities and their hinterlands to become current centres of economic growth and also to facilitate tier 2 and tier 3 cities to develop in future. It was announced in the Budget 2022-23 that a high-level committee of reputed urban planners, urban economists and institutions will be formed to make recommendations on urban sector policies, capacity building, planning, implementation and governance. The budget has also announced that 80 lakh houses shall be completed in 2022-23, for the identified eligible beneficiaries of PM Awas Yojana for both rural and urban areas and ₹ 48,000 crore was allocated for this purpose. The Central Government will work with the state governments for reduction of time required for land and construction related approvals, for promoting affordable housing for middle class and economically weaker sections in urban areas. Further effort would be there to work with the financial sector regulators to expand access to capital along with reduction in cost of intermediation. (Source: Union Budget speech 2022-23).

In the Union Budget 2022-23, the Government also focused on infrastructure development by outlining PM Gati Shakti, a transformative approach for economic growth and sustainable development. The approach is driven by seven engines, namely, Roads, Railways, Airports, Ports, Mass Transport, Waterways and Logistics Infrastructure. All seven engines will pull forward the economy in unison. These engines are supported by the complementary roles of Energy Transmission, IT Communication, Bulk Water & Sewerage and Social Infrastructure. The approach would be powered by Clean Energy and Sabka Prayas - the efforts of the Central Government, state governments and private sector together - leading to huge job skill development and entrepreneurial opportunities for all, especially the youth. (Source: Union Budget speech 2022-23).

3. Emerging Issues in Housing and Urban Infrastructure

The tense global geopolitical situation in the wake of Ukraine war has given rise to uncertainty about the global growth outlook. Inflationary pressures were also seen building up across global economies. According to the United Nation's latest World Economic Situation and Prospects (WESP) the Global economy is expected to grow only by 3.1% in 2022, down from 4% projected earlier in January 2022. Global inflation is also set to reach 6.7% this year with sharp rises in food and energy prices. US central bank Federal reserve raised interest rate recently to combat inflationary pressures. Domestically RBI too time and again had raised the repo rate recently in a manner to tame inflation. The long-term growth prospect of the Indian Economy however remains intact given its strong fundamentals. In order to achieve the goal of USD 5 trillion economy quantum jump in investment in infrastructure is required including affordable housing. Rapid urbanisation and demand supply gap in infrastructure and housing requires huge fund flow into these sectors.

4. Operational and Financial Performance

HUDCO since its inception in 1970, has cumulatively sanctioned a total of 17,326 housing and urban infrastructure projects with a total loan of ₹ 2,24,607 crore and disbursements of ₹1,88,404 crore. 7. Human Settlement Management Institute (HSMI)

Human Settlement Management Institute (HSMI) is HUDCO's Research & Training wing and has established itself as an eminent institution to focus on contemporary issues of housing and urban development. HSMI has benefited about 53600 officials through 1789 training programmes from 1985 to 2022 and continues to provide training support for professionals and a forum for interaction of administrators, professionals, researchers and other engaged with the issue of human settlement development. It has provided training sponsored by Ministry of External Affairs to more than 1000 overseas Professionals through 47 ITEC training programmes. While strengthening the borrowing agencies through training, HUDCO's HSMI helps in generating viable projects to improve HUDCO's lending operations directly as well as indirectly. This gives the institute a rare twin character of a Research & Training wing for capacity building, while also operating as a sector specialist institute. During the year 2021-22, HSMI has conducted various online Webinars/ Training programmes covering 1450 professionals/ HUDCO officials.

HUDCO's HSMI publishes its magazine 'SHELTER' twice in a year, October, 2021 edition of the 'SHELTER' magazine was published with the theme 'Accelerating Urban Action for a Carbon Free World'. 'The Compendium of Award for Best Practices to improve the Living Environment' was also published during the year.

8. Human Resources Management

The backbone of any organisation is its human resources. Your Company has a high performing and motivated workforce equipped to deliver the results. HUDCO has a workforce of professionals from various disciplines like Project, Finance, Law, IT, HR, etc., with a vision 'to be leading Techno-Financial Institution promoting sustainable Habitat Development for transforming the lives of people'. The focus is on the holistic growth of the employees and also enabling them with continuous learning and development of new skills.

Your Company has women in important and critical functional areas. Women representations have gone across hierarchical levels. To promote women empowerment, HUDCO instituted 'Nari Shakti Award' for women employees who have made notable contribution in taking HUDCO towards growth and development or have demonstrated any inherent talent. HUDCO also celebrates 'Women's Day every year' on 8th March, every year. HUDCO has been complying with all the directives and guidelines issued by the Government of India regarding reservation for SC/ST/OBC/PwD/ Ex-Servicemen/ EWS. As on 31st March, 2022, HUDCO has a workforce of 703 employees (comprising of 592 Executives and 111 Non-Executives). At present, there are 218 women employees working in HUDCO which constitute approx. 31% of its workforce.

9. Corporate Social Responsibility (CSR)

During the year 2021-22, Your company has spent a total amount of ₹ 29.47 crore on CSR activities comprising of ₹ 25 crore towards the PM CARES Fund out of the CSR budget allocated for the year 2021-22, and ₹ 1.40 crore was spent for the ongoing CSR projects

during the financial year 2021-22. Further, an amount of ₹ 3.06 crore has been spent on CSR projects during the FY 2021-22, for the projects sanctioned prior to 31st March, 2021.

In compliance with the Ministry of Corporate Affairs, Government of India notification dated 22nd January, 2021, HUDCO has transferred an amount of ₹ 50 crore on 29.09.2021, being the unspent CSR amount other than earmarked for ongoing projects, out of total amount of ₹ 80.19 crore for the financial year 2020-21, to the PM CARES Fund, a fund specified in Schedule VII of the Companies Act, 2013.

The position with respect to Corporate Social Responsibility and Annual Report on CSR for the financial year 2021-22 has duly been explained/ annexed with the Directors Report.

10. Corporate Governance

HUDCO is fully committed to promote and establish a fair, transparent and ethical system of Corporate Governance. HUDCO ensures transparency in all its operations with special emphasis on financial prudence, accountability and ensuring customers/stakeholder's satisfaction. As per requirements of the SEBI (LODR) Regulations, 2015 and DPE guidelines on Corporate Governance, a report on Corporate Governance is made part of the Director's Report.

11. Future Outlook

It is estimated that India would need to spend \$4.5 trillion on infrastructure by 2030 to realise the vision of a \$5 trillion economy by 2025. The total capital expenditure in infrastructure sectors in India during fiscals 2020 to 2025 is projected at about ₹ 111 lakh crore, out of this, total capital expenditure on urban infrastructure is projected at ₹ 19.19 lakh crore. The projects under urban infrastructure would include Atal Mission for Rejuvenation and Urban Transformation, Smart Cities, MRTS, Affordable Housing, Jal Jeevan Mission. (Source: National Infrastructure Pipeline, Report of the Task Force vol 1, MoF). HUDCO would have business opportunity in these areas.

The spread of COVID-19 pandemic has decelerated the economy of the World at large, to which India is no exception. HUDCO operations have been impacted post COVID-19 pandemic due to this slowdown. In this context the future outlook and medium and long-term strategies are the following:

- i. Under Jal Jeevan Mission- 'Har Ghar, Nal Se Jal' allocation of ₹ 60,000 crore to cover 3.8 crore households in 2022-23, HUDCO will make all out efforts to tap potential business for viability gap funding;
- ii. The Government of India has launched 'Swacch Bharat Mission-2.0' (SBM-2) with an allocation of ₹ 1.41 lakh crore for five years from 2021 till 2026, to focus on safe sanitation, water harvesting and recycling. HUDCO would approach State Governments for financing such projects;
- iii. HUDCO will make all out efforts to tap potential business for viability gap funding in Atal Mission for Rejuvenation and Urban Transformation (AMRUT) and Smart City projects;
- iv. In the wake COVID it has been felt health infrastructure of the country needs a boost. Accordingly, HUDCO would continue to fund Social Infrastructure Projects like Health Centres, Government Hospitals, Medical Colleges, etc., as the State Governments would be requiring huge funds to expand their Health Care Infrastructure;
- v. HUDCO would also give priority for funding Urban Metro Rail projects of all major cities, as the Government is keen to expand the metro network in different cities and is looking for external participation for such projects.

12. Acknowledgements

On behalf of the Board of Directors, I am indeed grateful for the co-operation, guidance and support extended by the Government of India particularly Ministry of Housing and Urban Affairs, Ministry of Rural Development, Department of Public Enterprises, Reserve Bank of India, National Housing Bank, Securities and Exchange Board of India and Ministry of Corporate Affairs. Our Country has experienced waves of COVID-19 pandemic following the discovery of new mutant variants. Temporary localised regional lockdowns were imposed, which were subsequently lifted. Improved coverage of vaccination programme

and growing immunity against the disease has resulted in witnessing recovery of demand. As HUDCO operates in the space of providing financial assistance for Housing and Urban development projects of Government and Government agencies, the Company has strong credit profile with stable assets class, smooth liquidity access and availability of contingency buffers. The Company has no reason to believe that COVID-19 crisis will have any significant impact on its operations including the going concern assessment. However, the impact will continue to depend on uncertain future developments of further variants and their severity.

Consolidated Financial Statements

Pursuant to Section 129(3) of the Companies Act, 2013, the Company has prepared Consolidated Financial Statement (CFS) in respect of only one Joint Venture Company namely M/s Shristi Urban Infrastructure Development Limited and an appropriate disclosure stating the reasons relating to non-consolidation of accounts of other three companies have been given in the CFS.

A Statement containing salient features of financial statements of Joint Venture and Associate Companies, has been given in the prescribed format AOC - 1 and is annexed as part of the financial statements.

There are no material changes and commitments, occurred subsequent to the close of financial year of the Company and the date of this Board's report, affecting the financial position of the company and its state of affairs.

Pursuant to Section 136 of the Companies Act, 2013, the Audited Financial Statements and all other documents required to be attached with the financial statements are available on the company's website at www.hudco.org.in and are also be available for inspection till the date of the ensuing Annual General Meeting during business hours on all working days at the Registered Office of the Company.

Further, your Company had entered into MoU with its Administrative Ministry, i.e., Ministry of Housing and Urban Affairs for the financial year 2021-22, containing the targets to be achieved for the key performance parameters. The year that passed by, witnessed the devastating second COVID wave, whereby human lives were at threat and business across the economy took a backseat as India was battling to save lives. However, despite the impediments posed by COVID, your Company ensured that its performance was optimal by putting in timely and consistent efforts to trouble-shoot the problems in hand and navigate through the tough conditions in the economy. The Company once again emerged as a contributor to the nation building efforts.

5. LENDING ACTIVITIES

Financial year 2021-22 was an unprecedented year with COVID-19 pandemic. COVID -19 took the entire world by surprise. With serious health concerns, governments across the States, implemented measures like lockdown and reduced economic activity to curb the virus spread. During the year, State Govt. Agencies have taken up very few projects resulting in limited business opportunity for HUDCO.

In spite of all these challenges and tremendous pressure, HUDCO with its prudent business policies and proactive management approach, could register sanctions of ₹ 20,663 crore and disbursement of ₹ 8,887 crore against the previous year sanctions and release of ₹ 9,202 crore and ₹ 8,323 crore respectively.

(iv) Resource Mobilization

During the year, the Company constantly diversified its borrowing portfolio to meet its operational requirements, at the most competitive rates and terms. During the financial year 2021-22, the Company mobilized resources aggregating to ₹ 7,082.50 crore from domestic markets, which included ₹ 2,500 crore mobilized through issue of unsecured, Taxable, Non-Convertible Debentures (NCDs) on private placement basis, ₹ 2,000 crore by way of rupee term loans from banks and ₹ 2,582.50 crore by way of short-term loan from banks. The Company's borrowing is planned taking into consideration ALM gaps, interest mismatches and the prevailing market conditions.

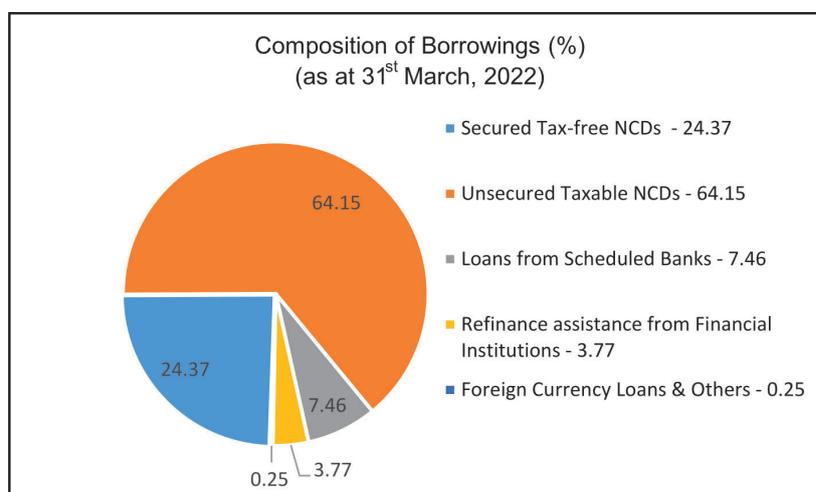

The Company has been identified as a 'Large Corporate' in terms of the SEBI Regulations and accordingly has ensured that 25% of its incremental borrowings during the year was by way of issuance of debt securities. Further, the issue proceeds of non-convertible debt securities have been fully utilized for the purpose(s)/objects stated in the offer document/Information memorandum.

Further, for maintaining adequate liquidity and meeting interim operational/ contingency requirements, credit lines of ₹ 11,500 crore were available as on 31st March, 2022 from various scheduled commercial banks. The said facilities, for short-term funding, were available with the Company, without any commitment charges towards unutilized amounts.

As a part of prudent policy, the short-term resources are suitably replaced at an opportune time with longer tenor alternate resources depending upon prevalent market conditions, internal liquidity position and actual operational requirements. The Company also reviews the fund position on daily basis and parks surplus funds in fixed deposits with scheduled commercial banks as per the Board approved policy with an objective of reducing the negative carry to the extent possible.

As on 31st March, 2022, HUDCO's overall borrowings stood at ₹ 61,503.04 crore, which comprised of long-term borrowings of ₹ 58,920.47 crore and short-term borrowings of ₹ 2,582.57 crore. Disclosure under the Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013

HUDCO has constituted the 'Internal Complaint Committee' which is headed by a senior woman officer of the Company for redressal of complaints, if any, related to sexual harassment as per Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013. Sexual Harassment in any form is a misconduct under HUDCO (Conduct, Discipline and Appeal) Rules.

There was no complaint pending at the beginning of the year and no complaint related to sexual harassment was received during the year.

Public Grievance Redressal Mechanism of HUDCO

HUDCO has robust Public Grievance mechanism and machinery which caters to the grievances in emanating from various sources, i.e., Centralized Public Grievance Redress and Monitoring System (CPGRAMS), Grievance Registration & Information Database System (GRIDS) portal and by email/ post. The entire system has been digitized for timely submission and disposal of grievances. During the year, strengthening of the grievance mechanism was further enhanced through establishment of a framework of Escalation Matrix wherein first level of public grievance is tackled in various Departments and Regional Offices and thereafter disposed of at Corporate Office in a time bound manner.

Implementation of Micro, Small & Medium Enterprises (MSME) Policy

The Government of India, Ministry of Micro, Small & Medium Enterprises (MSME), has advised Central Ministry/Department/ CPSEs that 25% of overall annual procurement, be procured through MSMEs. Out of annual target of 25% to be procured from MSME, 4% is earmarked for MSEs, owned SC/ST and 3% for women entrepreneurs. During the financial year 2021-22, HUDCO has made total procurement of ₹ 9.10 crore.

In compliance of the Public Procurement Policy for Micro and Small Enterprises, issued by Government of India vide Micro and Small Enterprise (MSEs) Order, 2012, during the financial year 2021-22, HUDCO has made procurement amounting to ₹ 5.40 crore from MSEs, constituting 59.37% of its total annual procurement inclusive of 4.10% from MSEs owned by SC/ST

entrepreneurs amounting to ₹ 0.3733 crore and 3.54% from Women Entrepreneurs constituting ₹ 0.3221 crore. HUDCO has also made all payments due to MSMEs within the stipulated period, i.e., within 45 days and there has been no delay.

Right to Information Act

RTI Cell in HUDCO has complied with Section 4(1)(b) of the Right to Information Act, 2005 that defines obligation of Public Authorities. HUDCO has achieved a score of 99.49% by a third-party audit for the previous year, i.e., 2020-21 and the audit of financial year 2021-22 is under process. 25. FUTURE OUTLOOK - MEDIUM AND LONG-TERM STRATEGIES

The massive spread of COVID-19 pandemic has de-accelerated the economy of the World at large, to which India is no exception. HUDCO operations have been impacted post COVID-19 pandemic due to this slowdown. The future outlook, both medium and long-term strategies are summarized hereunder:

1. Under Jal Jeevan Mission- Har Ghar, Nal Se Jal allocation of ₹ 60,000 crore to cover 3.8 crore households in 2022-23. HUDCO will make all out efforts to tap potential business for viability gap funding;
2. The Government of India has launched 'Swachh Bharat Mission-2.0' (SBM-2) with an allocation of ₹ 1.41 lakh crore for five years from 2021 till 2026, to focus on safe sanitation, water harvesting and recycling. HUDCO has not funded any project under this mission and State Governments will be approached for financing such projects;
3. HUDCO will make all out efforts to tap potential business for viability gap funding in Atal Mission for Rejuvenation and Urban Transformation (AMRUT) and Smart City projects;
4. Health infrastructure needed a major attention during COVID 19, the pandemic posed lot of challenges to administration all over the country, which necessitates establishing modern and state of the art health care facilities all over country. HUDCO would continue to fund Social Infrastructure Projects like Health Centers, Government Hospitals, Medical Colleges, etc., being a priority sector lending for HUDCO, as the State Governments would be requiring huge funds to expand their Health Care Infrastructure;
5. HUDCO would also give priority for funding Urban Metro Rail projects of all major cities, as the Government is keen to expand the metro network in different cities and is looking for external participation for such projects;
6. Our Company is poised for greater growth as it is converting from HFC to NBFC-IFC. HUDCO has already submitted application for registration as NBFC-Infrastructure Finance Company (IFC) on 29th March, 2022 to Reserve Bank of India (RBI). The new framework of operation of HUDCO will be driven by the new status accorded by RBI; and
7. HUDCO needs to enlarge its operation in rural areas also so as to cover infrastructure development in both urban and rural areas, without any distinction.

MANAGEMENT DISCUSSIONS & ANALYSIS REPORT

1. INDUSTRY STRUCTURE AND DEVELOPMENTS

According to the provisional estimate of GDP by the National Statistical Office (NSO) India's real GDP was estimated to grow by 8.7% in 2021-22 as compared to a contraction of 6.6% in 2020-21. The data also showed that the Q1, Q2, Q3 & Q4 GDP had grown by 20.1%, 8.4%, 5.4% & 4.1% respectively in 2021-22 which were better than the corresponding quarterly growth rates achieved in the previous fiscal. Although the overall economic performance was better in 2021-22 compared to 2020-21, the negative impact and the uncertainties arising out of the pandemic was evident on the speed of recovery. The Government ensured a soft interest rate regime and supportive policies to support economic growth. [Source: press note dated 31st May, 2022 on provisional estimates of Annual National Income 2021-22, National-Statistical-Office, Ministry of Statistics and Programme Implementation (NSO, MoSPI)].

The Government has outlined its focus on orderly urban development in 2022-23 budget. The focus would be to nurture the megacities and their hinterlands to become current centres of economic growth and also to facilitate tier 2 and 3 cities to develop in future. It was announced in the Budget 2022-23 that a high-level committee of reputed urban planners, urban economists and institutions will be formed to make recommendations on urban sector policies, capacity building, planning, implementation and governance. The budget has also announced that 80 lakh houses shall be completed in 2022-23, for the identified eligible beneficiaries of PM Awas Yojana for both rural and urban areas and ₹ 48,000 crore was allocated for this purpose. The Central Government will work with the State Governments for reduction of time required for land and construction related approvals, for promoting affordable housing for middle class and economically weaker sections in urban areas. Further effort would be there to work with the financial sector regulators to expand access to capital along with reduction in cost of intermediation. (Source: Union Budget speech 2022-23).

In the Union Budget 2022-23, the Government also focused on infrastructure development by outlining PM Gati Shakti, a transformative approach for economic growth and sustainable development. The approach is driven by seven engines, namely, Roads, Railways, Airports, Ports, Mass Transport, Waterways and Logistics Infrastructure. All seven engines will pull forward the economy in unison. These engines are supported by the complementary roles of Energy Transmission, IT Communication, Bulk Water & Sewerage and Social Infrastructure. The approach would be powered by Clean Energy and Sabka Prayas - the efforts of the Central Government, State Governments and private sector together - leading to huge job and entrepreneurial opportunities for all, especially the youth. (Source: Union Budget speech 2022-23).

2. STRENGTHS AND WEAKNESSES

HUDCO is a premier techno-financing institution with experience of more than 50 years in the field of housing and urban infrastructure financing. HUDCO is a unique institution with its motto of 'Profitability with Social Justice'. HUDCO has been a key partner with the Government in building assets for the Nation. In its operations, HUDCO lays a considerable emphasis on the housing need of the 'Economically Weaker Sections (EWS) and Low-Income Groups (LIG)'.

HUDCO has been assigned highest credit rating of 'AAA' for long-term domestic borrowings. The Company has long-term association with State Governments and State level agencies like Development Authorities, Housing Boards, Urban Local Bodies, etc. The operations of HUDCO are spread over the entire Country through its network of 21 Regional Offices and 11 Development Offices in addition to its Corporate Office located in New Delhi. HUDCO has strength of dedicated multi-disciplinary professionals from various field like Finance, Law, Architecture, Civil Engineering, Urban and Regional Planning, Information Technology, Economics, Human Resources and Public Relations, etc., all working as a team for achieving goals of the organisation.

HUDCO has a Research & Training Institute, called Human Settlement Management Institute (HSMI) for training and enhancing professional capacities of urban development professionals from diverse areas.

Some of the weaknesses that the Company faces include limited access to low-cost sources of funds, constraints in getting State Government guarantee/budgetary support for major borrowings and exposure norms of regulator, limiting the extent of lending by HUDCO to States. During to the COVID -19 pandemic lending's of financial institutions have been dampened due to lower demand from State Governments.

3. OPPORTUNITIES, THREATS, RISKS AND CONCERNS

With a rapidly urbanizing India and population growth, there is enormous potential for HUDCO in both housing as well as infrastructure sector. Government of India is committed for implementation of Sustainable Development Goals (SDGs)

especially SDG 11 “Make cities and human settlements inclusive, safe, resilient and sustainable”. Government has supported number of programmes to revitalise the urban sector which are likely to catalyse huge investment flow in urban sector. Further, there is plenty of scope of HUDCO’s financing in the development of Industrial Corridors and development of Aviation / Ports sector. HUDCO should have a technology arm for dealing with technical issues in construction and financing.

The prevalent market economy has caused greater competition for HUDCO. There is stiff competition from Commercial banks which have far greater access to low-cost funds and are reducing their rate of interest for attracting customers in financing the infrastructure and housing sector. The margins of HUDCO are also getting reduced due to rising competition in the market.

4. SEGMENT-WISE OR PRODUCT-WISE PERFORMANCE

During the year under review, HUDCO operates only in one segment and has no other reportable segment, hence, segment wise performance, has not been given.

5. OUTLOOK

It is estimated that by 2050 around 42% of India’s population would be urbanised from 31% level in 2011. Provision of adequate infrastructure will facilitate the process of urbanisation which in turn will raise the contribution of urban sector to GDP. It is estimated that India would need to spend \$4.5 trillion on infrastructure by 2030 to realise the vision of a \$5 trillion economy by 2025. The total capital expenditure in infrastructure sectors in India during fiscals 2020 to 2025 is projected at about ₹ 111 lakh crore, out of this, total capital expenditure on urban infrastructure is projected at ₹ 19.19 lakh crore. The projects under urban infrastructure would include Atal Mission for Rejuvenation and Urban Transformation, Smart Cities, MRTS, Affordable Housing, Jal Jeevan Mission. (Source: National Infrastructure Pipeline, Report of the Task Force vol 1, MoF). HUDCO would have business opportunity in these areas. As the economy recovers, HUDCO would realise increasing business opportunities in various segments of the urban infrastructure and housing.

With the recent changes in Reserve Bank of India’s Regulatory Frameworks for NBFC, HUDCO has applied for conversion of the Company from HFC to NBFC-IFC with Reserve Bank of India. This will strengthen the business model of HUDCO for nation building, as the business is likely to shift more towards Urban Infrastructure Financing in the coming year.

6. INTERNAL CONTROL SYSTEM AND ITS ADEQUACY

HUDCO’s internal control systems are commensurate with the nature of its business, the size and complexity of its operations and such IFCs with reference to the Financial Statements are adequate. The detail with respect thereto has been given in the Directors’ Report.

7. DISCUSSION ON FINANCIAL PERFORMANCE WITH RESPECT TO OPERATIONAL PERFORMANCE

The details of Financial Performance with respect to Operational Performance has been fully explained in the Directors’ Report.

In preparation of financial statements, the Company has followed Indian Accounting Standards notified under the Companies (Indian Accounting Standard), Rules, 2015 (as amended) with effect from 1st April, 2018 issued by the Ministry of Corporate Affairs.

Information pursuant to schedule-V of SEBI (LODR) Regulations 2015 - (i) There is no significant changes (change of 25% or more as compared to the immediately previous financial year) in key financial ratios viz. Debtors Turnover Ratio (Not applicable to HUDCO being a HFC), Inventory Turnover Ratio (Not applicable to HUDCO being a HFC), Interest Coverage Ratio, Current Ratio (Not applicable to HUDCO being a HFC and due to maintenance of Accounts as per IND-AS), Debt-Equity Ratio, Operating profit margin and Net profit margin during the year 2021-22 as compared to the previous year 2020-21. The return on net-worth during the year 2021-22 is 11.86% as against the 11.97% during the previous year 2020-21, resulting in insignificant decline (0.11%) over the previous year due to marginal increase in the profit after tax and payment of final dividend for financial year 2020-21 in the financial year 2021-22.

8. MATERIAL DEVELOPMENT IN HUMAN RESOURCES, INDUSTRIAL RELATIONS FRONT, INCLUDING NUMBER OF PEOPLE EMPLOYED

HUDCO has put in place effective human resource policies and practices to meet its present and future organizational needs. It has a team of professionals from various disciplines like finance, projects, HR, Law, IT, etc. During the year 2021-22, HUDCO organized various workshops/webinars to upgrade the skills of its employees. During this COVID pandemic era, HUDCO has taken various steps to provide safe and healthy working environment for its employees. E-office was implemented to ensure continuity of work as well as speeding up the decision-making process.

As on 31st March, 2022, HUDCO has a strength of 703 employees as against 753 in the previous year. Further, HUDCO had 218 women employees, representing 31% of the workforce.

9. ENVIRONMENTAL PROTECTION AND CONSERVATION, TECHNOLOGICAL CONSERVATION, RENEWABLE ENERGY DEVELOPMENT, FOREIGN EXCHANGE CONSERVATION

CERTIFICATE REGARDING COMPLIANCE WITH THE CONDITIONS OF CORPORATE GOVERNANCE AS PER SEBI (LISTING OBLIGATIONS AND DISCLOSURE REQUIREMENTS) REGULATIONS, 2015

To the Members of Housing and Urban Development Corporation Limited

We have examined the Compliance of conditions of Corporate Governance by Housing and Urban Development Corporation Limited ("the Company") for the year ended 31st March, 2022.

The Compliance of conditions of Corporate Governance is the responsibility of the management. Our examination was limited to the procedures and implementation thereof, adopted by the Company for ensuring compliance of the conditions of Corporate Governance. It is neither an audit nor an expression of opinion on the Financial Statement of the Company.

In our opinion and to the best of our information and according to the explanations given to us, we certify that the Company has complied with the conditions of Corporate Governance as stipulated in regulation 17 to 27, clauses (b) to (i) of regulation 46(2) and paragraphs C and D of Schedule V of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 as applicable, subject to the following: -

- The Company has not complied with the requirement of Regulation 17(1), 18(1), 19(1), and 20(2A) of SEBI (LODR) Regulations, 2015 with respect to the Composition of Board of Directors and its Committees namely - Audit Committee, Nomination & Remuneration Committee and Stakeholder Relationship Committee.

As informed by the Company, the power to appoint Directors including Independent Directors and Woman Director on Board of HUDCO vests with the President of India and the company is regularly pursuing with the Administrative Ministry, i.e., Ministry of Housing and Urban Affairs, Government of India for the same.

However, four Independent Directors (three in the month of November, 2021 and one in the month of January, 2022) have been appointed during the year including a women Director. After induction of Independent Directors, the SEBI (LODR) Regulations requirements with respect to composition of various Committees have been complied with. But HUDCO is still short of one Independent Director to comply with the provisions of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 and Guidelines issued by Department of Public Enterprises, Ministry of Finance, Government of India for Central Public Sector Enterprises (CPSE) regarding composition of Board.

- Further, in the absence of Independent Directors, company has not complied with the requirement of Regulation 17(2A) and 18(2)(b) with respect to quorum requirement of Board and the Audit Committee meetings. Further, during the period the Company has conducted only one meeting of the Risk Management Committee against the requirement of two meeting according to Regulation 21(3A) of SEBI (LODR) Regulations, 2015.

The requirement of Quorum for Board and Committee meetings has been duly complied with after induction of Independent Directors. Further, as informed by the company the Risk management Committee was reconstituted with induction of Independent Directors on 28th December 2021 to make it in conformity with SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015. After Reconstitution of Risk Management Committee, a meeting was held in the month of March, 2022.

- Regulation 17(10) requires performance evaluation of Independent Directors by the entire Board of Directors. The same has not been done by the Board of Directors, as the same is made by the Administrative Ministry, being the appointing authority as informed by the Company.
- The observations/qualifications on the audited financial statements of the Company as at 31st March, 2022 are as detailed in the Independent Auditor's Report of even date.

We further state that such compliance is neither an assurance as to future viability of the Company nor the efficiency or effectiveness with which the management has conducted the affairs of the Company.

HUDCO being a listed Central Public Sector Enterprise aims to enhance its stakeholder's satisfaction, maximize their value and confidence in the Company by ensuring transparency in all its areas of operations by adopting best ethical practices with zero tolerance on corruption and bribery.

To achieve the above goals, the Company has put in place various policies/practices like code of conduct for senior management personnel including Directors of the Company, Code of Conduct for Regulating, Monitoring and Reporting of Trading by Designated persons & their immediate relatives and for Fair Disclosure, all the employees have been duly apprised of the same.

HUDCO has in place a Vigilance Mechanism for its employees and/Directors' which provides adequate safeguards against victimization of the persons who use such mechanism.

The whistle Blower Policy is also in place to look into the complaints for disclosure on allegation of corruption or misuse of office while keeping the identity of the complainant secret.

In compliance of the directions of Central Vigilance Commission (CVC) from time to time, the Corporate Vigilance Department (CVD) endeavored for improving the systems and procedures to ensure proactive actions and advising corrective measures in the probable areas prone to corruption/financial irregularities.

The Company does not have any Group/NGO, suppliers/ contractors. The guidelines issued by Government of India, Ministry of Micro, Small & Medium Enterprises (MSME), with respect to procurement of goods/ services, etc., are being strictly followed.

As on 31st March, 2022, HUDCO has three Joint Venture(s) Companies namely Pragati Social Infrastructure & Development Limited (PSIDL); Shristi Urban Infrastructure Development Limited (SUIDL); Signa Infrastructure India Limited (SIIL), one Associate namely; Ind Bank Housing Limited (IBHL) and do not have any subsidiary company. HUDCO is in process of exiting from these Joint Ventures, by invoking the exit clauses, as the performance of these Joint Ventures was not found to be satisfactory, for which necessary steps are being taken.

2. How many stakeholder complaints have been received in the past financial year and what percentage was satisfactorily resolved by the management?

During the financial year 2021-22 ended on 31st March, 2022, Company had received 2210 complaints (including 1 complaint pending for the FY 2020-21) from its stakeholders such as shareholders, bondholders, investors and customers, all the complaints have been resolved except one complaint which was also resolved in the month of April, 2022.

Principle 2

Businesses should provide goods and services that are safe and contribute to sustainability throughout their life cycle.

HUDCO is primarily engaged in carrying out activities pertaining to Housing Finance (including retail lending) and Non-housing Loan pertaining to Urban infrastructure. Sustainability is addressed by the borrowing/ implementing agencies. However, while considering projects for financing, sustainability of the proposed project is given due importance.

1. List upto 3 products or services whose design has incorporated social or environmental concerns, risks and / or opportunities

- Under Housing Sector, during the year 2021-22, HUDCO has sanctioned loan assistance of ₹ 1759 crore (including ₹ 13 crore under HUDCO Niwas), thereby facilitating construction of 88, 523 housing units.
- Under Urban Infrastructure portfolio, HUDCO has sanctioned projects worth ₹ 18,904 crore as loan assistance for funding projects across the various sectors like Water Supply, Smart City, Power, Social Infrastructure, Commercial Infrastructure, Road & Bridges, etc.

2. For each product, provide the following details in respect of resource use (energy, water, raw material, etc.,) per unit of product:

HUDCO is not involved in manufacturing / industrial activity, hence, the reporting on use of energy, water, raw material, etc. is not applicable. However, while considering projects for financing, these factors are given necessary importance.

***w. r. t. total strength of disabled employees

Principle 4

Businesses should respect the interests of/ and be responsive towards all stakeholders, especially those who are disadvantaged, vulnerable and marginalized.

1. Has the company mapped its internal and external stakeholders?

HUDCO aims to enhance its stakeholder's satisfaction to maximize their value in a most transparent manner for which it has identified both its internal and external stakeholders like, employees, shareholders, bondholders, fixed deposit holders, Central and State Government, regulatory authorities, various agencies to whom HUDCO extends financial assistance, vendor/ supplier of goods/services.

2. Out of the above, has the company identified the disadvantaged, vulnerable & marginalized stakeholders?

HUDCO works on the principles of social justice as enshrines in the Constitution of India, and to achieve its objective of 'profitability with social justice', it has identified various disadvantaged, vulnerable and marginalized stakeholders, like Scheduled Cast, Scheduled Tribes, Other Backward Classes, Economically Weaker Section, Person with Disabilities, Lower Income Groups, MSME enterprises owned by SC/ST and women entrepreneurs and also works for their upliftment.

3. Are there any special initiatives taken by the company to engage with the disadvantaged, vulnerable and marginalized stakeholders? If so, provide details thereof, in about 50 words or so.

HUDCO is engaged in its continuous efforts for betterment of marginalized section of the society. Some of initiatives are allocation of CSR budget for social infrastructure, skill training, etc., and development of Aspirational districts with special focus on SCs, STs and minorities.

Further, 39% of the total workforce of HUDCO consists of SCs, STs, OBCs and PwDs. 60% of employees with disabilities were imparted safety and skill upgradation training organized by the company for their upliftment and inclusive growth.

HUDCO helps in fulfilling the dream of people of owning own house by extending financial assistance for construction of dwelling units for Economically Weaker Sections (EWS), Lower Income Groups (LIG) segment of society at a comparatively lower rate of interest.

Further, as per the Government of India mandate, HUDCO procures 25% of its annual procurement of goods and services from MSME entrepreneurs with special focus on SCs, STs and women entrepreneurs. Out of annual target of 25%, 4% is earmarked for MSEs, owned SC/ST and 3% for women entrepreneurs.

Principle 5

Businesses should respect and promote human rights.

1. Does the policy of the company on human rights cover only the company or extend to the Group/ Joint Ventures/ Suppliers/ Contractors/ NGOs/ Others?

HUDCO is not having specific policy on Human Rights, however, Company is fully committed that the Constitutional Rights granted by Constitution of India are fully enjoyed by all its internal as well as external stakeholders.

To protect the dignity of women and to provide them safe working environment, HUDCO has in place 'Internal Complaint Committee' for redressal of complaints, in compliance of Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013. Sexual Harassment in any form is a misconduct under HUDCO (Conduct, Discipline and Appeal) Rules.

Further, to look into the complaints for disclosure on allegation of corruption or misuse of office, HUDCO has in place Whistle Blower Policy.

To address the grievances of stakeholders, Company has established the mechanism and had established designated department for dealing and resolution of grievances.

2. How many stakeholder complaints have been received in the past financial year and what percent was satisfactorily resolved by the management?

During the year, the Company has not received any complaint from its stakeholders relating to human rights.

Principle 6

Business should respect, protect and make efforts to restore the environment.

The principle has very limited applicability as the Company is not involved in any manufacturing or industrial activity.

1. Does the policy relate to Principle 6 cover only the company or extends to the Group/ Joint Ventures / Suppliers / Contractors / NGOs / others?

HUDCO fully supports the Government of India initiative of clean energy and contributes to make country energy efficient nation. The Company organized a tree plantation drive which was enthusiastically participated by all the employee by sowing saplings in their work place and at homes.

To support the green initiative, Company endeavors to make paper less environment for which it has adopted various measures like, implementation of e-office in its Head Office and all Regional and Development Offices located all over the country, communication with stakeholders through electronic means, etc.

2. Does company have strategies/ initiatives to address global environmental issues such as climate change, global warming, etc.?

As already discussed, Company is not involved in any industrial activities, but being socially responsible corporate citizen is putting its best efforts in addressing the global environmental issues as explained above.

3. Does the company identify and assess potential environmental risks?

HUDCO as lending institution encourages projects which are environmentally safe and secure. The Company ensures that the projects funded by it meets the necessary parameters towards environmental protection, for which necessary stipulations have been incorporated at the appraisal stage.

4. Does the Company have any project related to Clean Development Mechanism? If so, provide details thereof, in about 50 words or so. Also, if yes, whether any environmental compliance report is filed?

The Company does not have any projects related to clean development mechanisms.

5. Has the Company undertaken any other initiatives on-clean technology, energy efficiency, renewable energy, etc. If yes, please give hyperlink for web page etc.

The Company is energy conscious organization and fully committed to Government of India programmes, and has undertaken several initiatives towards clean energy goals, like, using of, LED lights, energy efficient electronic equipment in its offices, Solar roof technology, etc.

6. Are the Emissions/Waste generated by the Company within the permissible limits given by CPCB/SPCB for the financial year being reported?

Not Applicable

7. Number of show cause/legal notices received from CPCB/SPCB which are pending (i.e., not resolved to satisfaction) as on end of financial year.

Not Applicable

Principle-7

Businesses when engaged in influencing public and regulatory policy, should do so in a responsible manner.

1. Is your Company a member of any trade and chamber or association? If yes, name only those major ones that your business deals with.

During the year, HUDCO has membership of various trade/ chambers/ associations like, India Habitat Centre (IHC), India International Centre (IIC), Standing Conference of Public Enterprises (SCOPE), National Real Estate Development Council (NAREDCO), British Council Library, Institute of Company Secretaries of India (ICSI) and Siri Fort Sports Complex.

Yes/No; if yes specify the broad areas (drop box: Governance and Administration, Economic Reforms, Inclusive Development policies, Energy security, Water, Food security, Sustainable business Principles, Others)**

HUDCO, as a premier techno-financial institution and an integral part of the Government of India Mission programs, is assisting the Ministry of Housing and Urban Affairs in implementation of its flagship programs- Pradhan Mantri Awas Yojana (Urban)-Housing for All [PMAY-HFA (Urban)] through scrutiny and inspection of sample projects/ DPRs, etc.

Various programme organized by above associations, wherein HUDCO has interest are being attended by its officials, wherein, issues concerning HUDCO operations synchronizing with the flagship programmes of Government of India are deliberated.

Principle-8

Businesses should support inclusive growth and equitable development.

1. **Does the Company have specified programmes/initiatives/ projects in pursuit of the policy related to Principle 8? If yes, details thereof:**

Company undertakes CSR activities as per thrust areas approved by the Board of Directors, in line with Schedule VII of the Companies Act, 2013.

2. **Are the programmes/ projects undertaken through in-house team/own foundation/ external NGO/ government structures/any other organization?**

The programmes/projects are undertaken through the concerned Regional Office in coordination with the CSR Cell at Corporate Office and primarily through State government agencies.

3. **Have you done any impact assessment of your initiative?**

Project monitoring is done by the concerned Regional Office during the implementation of the project by way of site inspection, obtaining utilization certificate and progress report periodically, etc., based on details provided by agencies.

4. **What is your Company's direct contribution to community development projects- Amount in INR and the details of the projects undertaken?**

Company has provided contribution to community development through construction of toilets, night shelters and through provisions of class rooms and procurement of furniture in Government Schools for promotion of education and health care facilities in Aspirational District, etc.

During the year 2021-22, an amount of ₹ 25 crore has been sanctioned and released to PM CARES Fund under the thrust area of Disaster Management including relief, rehabilitation and reconstruction activities and COVID related measures. Further, an amount of ₹ 4.47 crore has also been released for the CSR projects sanctioned during the previous years. Releases are being made based on physical and financial progress of the project.

5. **Have you taken steps to ensure that this community development initiative is successfully adopted by the community? Please explain in 50 words or so.**

Construction of night shelter, sanitation, bio-digester toilets in 20 Government schools, health care facilities viz. construction of skill lab, strengthening of Primary Health Centers, installation of sanitary napkin vending machine & sanitary napkin disposal machine to 150 Government schools, providing ambulances, education sector viz. smart class room and rural development works are the basic amenities needed for development of any community.

Principle 9

Businesses should engage with and provide value to their customers and consumers in a responsible manner.

1. **What percentage of customer complaints/consumer cases are pending as on the end of the financial year?**

During the year 2021-22, total of 47 complaints/ grievances were received from customers/consumers on Centralized Public Grievance Redressal Monitoring System (CPGRAMS) portal, NHB portal and via emails/letters, all the grievances have been resolved satisfactorily, except 1 which was resolved in the month of April, 2022.

2. Does the company display product information on the product label, over and above what is mandated as per local laws?

Not applicable, as the Company is not involved in any manufacturing/ industrial activity, however, HUDCO being a Housing Finance Company, displays various products offered to the potential customers with proposed interest rates and other terms and conditions.

3. 'Is there any case filed by any stakeholder against the Company regarding unfair trade practices, irresponsible advertising and/ or anti-competitive behavior during the last five years and pending as on end of financial year? If so, provide details thereof, in about 50 words or so.

There is no case filed by any stakeholder against the Company regarding unfair trade practices, irresponsible advertising and/ or anti- competitive behavior. Few complaints received from stakeholders of Company have been resolved amicably, in accordance with the established guidelines. In percentage terms, keeping in view the operations of the Company, the same are not significant.

4. Did your Company carry out any consumer survey/consumer satisfaction trends?

The Company does not carry out any consumer survey, since it is not involved in any manufacturing activity. Customers in the context of HUDCO are the borrowing agencies, as it is involved in the business of financing housing and infrastructure projects.

The Company has a well-established mechanism, wherein feedback from existing and potential customers is being taken by the regional offices located on Pan India basis through meetings/interactions with borrowing agencies and other clients. HUDCO is fully committed to strengthen relationship with its stakeholders for safeguarding their interest and maximising their wealth.

 - f. Employment Exchange (Compulsory Notification of vacancies) Act, 1959; and
 - g. National Housing Bank Act, 1987 and Rules, Regulations, Guidelines and Directions issued thereunder.

We have also examined compliance with the applicable clauses/ regulations of the following:

- (i) Secretarial Standards with regard to meeting of Board of Directors (SS-1) and General Meetings (SS-2) issued by The Institute of Company Secretaries of India (ICSI);
- (ii) The Listing Agreements entered into by the Company with National Stock Exchange of India Limited (NSE) and BSE Limited (BSE) read with Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements), 2015;
- (iii) Guidelines issued by Department of Public Enterprises, Ministry of Finance, Government of India for Central Public Sector Enterprises (CPSE), i.e., DPE Guidelines;

During the period under review and as per the explanations and clarification given to us and the representations made by the management, the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc., mentioned above subject to the following observations: -

1. During the period under review, the Company has not maintained the proper composition of Board of Directors and its Committees due to non-appointment of Independent Directors including Woman Director according to the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, Guidelines issued by Department of Public Enterprises, Ministry of Finance, Government of India for Central Public Sector Enterprises (CPSE) and Companies Act, 2013. Additionally, Company has not complied with the requirement of proper quorum of Board, and Audit Committee meetings as per the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, Guidelines issued by Department of Public Enterprises, Ministry of Finance, Government of India for Central Public Sector Enterprises (CPSE). Further, only one meeting of the Risk Management Committee was held against the statutory requirement of two meeting according to the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.

As Explained by the company that HUDCO being a Government Company, Its Directors are appointed by President of India through administrative ministry, i.e., Ministry of Housing & Urban Affairs, Government of India. Matter have already been taken up with the Administrative Ministry for appointment of Independent Director on the Board of the Company.

However, four Independent Directors (three in the month of November, 2021 and one in the month of January, 2022) have been appointed during the year including a Woman Director. After induction of Independent Directors, the SEBI (LODR) Regulations requirement with respect to composition of various Committee and quorum of Board/Committee meetings have been complied with. But HUDCO is still short of one Independent Director to comply with the provisions of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 and Guidelines issued by Department of Public Enterprises, Ministry of Finance, Government of India for Central Public Sector Enterprises (CPSE) regarding composition of Board.

Additionally, as informed by the company the Risk management Committee was reconstituted with induction of Independent Directors on 28th December 2021 to make it in conformity with SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015. After Reconstitution of Risk Management Committee, a meeting was held in the month of March, 2022.

2. The performance evaluation of Independent Directors has not been carried out for the period under review.
As Explained by the company that HUDCO being a Government Company, Directors are appointed by President of India and their performance is being evaluated by the Administrative Ministry as per its own methodology, hence, the requirement to carry out formal evaluation by the board of its own performance and that of its committees and individual directors is not applicable as per Ministry of Corporate Affairs i.e., MCA notification dated 5th June 2015.

We further report that

- i) During the period under review the, the Board of Directors of the Company was not duly constituted with proper balance of Executive Directors, Non-Executive Directors, Women Directors and Independent Directors according to the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, Guidelines issued by Department of Public Enterprises, Ministry of Finance, Government of India for Central Public Sector Enterprises (CPSE) and the Companies Act, 2013. The changes in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act.
- ii) Adequate notice is given to all Directors to schedule the Board meetings, agenda and detailed notes on agenda were sent at least seven days in advance for meeting other than those held at shorter notice, and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.
- iii) Decisions at the Board/Committee meetings were taken unanimously.

We further report that based on the information received and records maintained by the Company, there are adequate systems and processes in the Company commensurate with the size and operations of the Company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines, etc.

We further report that during the audit period the Company has:

1. Passed the following Special Resolution which have a major bearing on the Company affairs which is passed at Annual General Meeting of the Company held on 30th September, 2021;
“To approve raising of the funds by Issuance of unsecured/secured non-convertible bonds/debentures from time to time up to maximum of ₹15,000/- crore in accordance with enabling notification(s), provision(s) of section 42, section 180(1)(c) of the companies Act, 2013 read together with the Companies (Prospectus and Allotment of Securities) Rule, 2014 during the period of one year from the date of passing of this Special Resolution”.
2. Raised funds by issuing the debentures on a Private Placement basis amounting to ₹ 2,500 crore (₹ 1,000 crore vide allotment dated 22nd February, 2022 and ₹ 1,500 crore vide allotment dated 25th March, 2022).

3. Prepared Consolidated Financial Statements (CFS) pursuant to Section 129 (3) of the Companies Act 2013 with Associate Company, i.e., Shristi Urban Infrastructure Development Limited.
4. During the period under review, Stock Exchange(s) namely BSE Limited and National Stock Exchange of India Limited, have levied fines of ₹ 12,04,780/-, ₹ 13,64,080/-, ₹ 10,57,280/- and ₹ 5,31,000/- each for the quarter(s) ending June, September, December 2021 and March 2022, respectively, regarding non-compliance with the requirements of regulations of the SEBI (Listing Obligations Disclosure Requirements) Regulations, 2015 in respect of non-appointment of requisite number of Independent Director including Woman Director on the Board of the Company. The Company has requested the Stock Exchanges to waive off the fine on the ground that power to appoint Directors on the Board of HUDCO vests with the President of India and the company is regularly pursuing with the Administrative Ministry, i.e., Ministry of Housing and Urban Affairs, Government of India for the same. Based on Company's request BSE Limited has waived off fine from the quarter December, 2019 to December, 2020 and request for waiver of fine for the quarter September, 2019 and March, 2021 to March 2022 is still pending. COMMENTS OF THE COMPTROLLER AND AUDITOR GENERAL OF INDIA UNDER SECTION 143(6) (b) OF THE COMPANIES ACT, 2013 ON THE FINANCIAL STATEMENTS OF HOUSING & URBAN DEVELOPMENT CORPORATION LIMITED FOR THE YEAR ENDED 31 MARCH, 2022.

The preparation of financial statements of **HOUSING & URBAN DEVELOPMENT CORPORATION LIMITED** for the year ended 31 March, 2022 in accordance with the financial reporting framework prescribed under the Companies Act, 2013 (Act) is the responsibility of the management of the company. The statutory auditor appointed by the Comptroller and Audit General of India under section 139(5) of the Act is responsible for expressing opinion on the financial statements under section 143 of the Act based on independent audit in accordance with the standards on auditing prescribed under section 143(10) of the Act. This is stated to have been done by them vide their Audit Report dated 27 May 2022.

I, on behalf of the Comptroller and Auditor General of India, have conducted a supplementary audit of the financial statements of **HOUSING & URBAN DEVELOPMENT CORPORATION LIMITED** for the year ended 31 March 2022 under section 143(6)(a) of the Act. This supplementary audit has been carried out independently without access to the working papers of the statutory auditors and is limited primarily to inquiries of the statutory auditors and company personnel and a selective examination of some of the accounting records.

On the basis of my supplementary audit nothing significant has come to my knowledge which would give rise to any comment upon or supplement to statutory auditors' report under section 143(6)(b) of the Act.

COMMENTS OF THE COMPTROLLER AND AUDITOR GENERAL OF INDIA UNDER SECTION 143(6) (b) READ WITH SECTION 129(4) OF THE COMPANIES ACT, 2013 ON THE CONSOLIDATED FINANCIAL STATEMENTS OF HOUSING & URBAN DEVELOPMENT CORPORATION LIMITED FOR THE YEAR ENDED 31 MARCH, 2022.

The preparation of consolidated financial statements of **HOUSING & URBAN DEVELOPMENT CORPORATION LIMITED** for the year ended 31 March, 2022 in accordance with the financial reporting framework prescribed under the Companies Act, 2013 (Act) is the responsibility of the management of the company. The statutory auditor appointed by the Comptroller and Audit General of India under section 139 (5) read with section 129 (4) of the act is responsible for expressing opinion on the financial statements under section 143 read with section 129 (4) of the Act based on independent audit in accordance with the standards on auditing prescribed under section 143(10) of the Act. This is stated to have been done by them vide their Audit Report dated 27 May 2022.

I, on behalf of the Comptroller and Auditor General of India, have conducted a supplementary audit of the consolidated financial statements of HOUSING & URBAN DEVELOPMENT CORPORATION LIMITED for the year ended 31 March 2022 under section 143(6)(a) read with section 129(4) of the Act. We conducted a supplementary audit of the financial statements of **HOUSING & URBAN DEVELOPMENT CORPORATION LIMITED** for the year ended on that date. Further, section 139(5) and 143(6)(a) of the Act are not applicable to Shristi Urban Infrastructure Development Limited (an associate company of HUDCO) being private entity for appointment of their statutory auditor and for conduct of supplementary audit. Accordingly, Comptroller and Auditor General of India has neither appointed the Statutory Auditor nor conducted the supplementary audit of this company. This supplementary audit has been carried out independently without access to the working papers of the statutory auditor and is limited primarily to inquiries of the statutory auditor and company personnel and a selective examination of some of the accounting records.

On the basis of my supplementary audit nothing significant has come to my knowledge which would give rise to any comment upon or supplement to statutory auditors' report under section 143(6)(b) of the Act.

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF HOUSING AND URBAN DEVELOPMENT CORPORATION LIMITED

Report on the Audit of the Standalone Financial Statements

Opinion

1. We have audited the Standalone Financial Statements of Housing and Urban Development Corporation Limited ("the Company"), which comprise the Balance Sheet as at 31st March, 2022, and the Statement of Profit and Loss (including Other Comprehensive Income), the statement of changes in equity and the Statement of Cash Flows for the year then ended, and notes to the Standalone financial statements including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the Standalone Financial Statements").
2. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March, 2022, and its profit including other comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

3. We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the standalone financial statements.

Emphasis of Matter:

4. We draw attention to the following matter in the Notes to the Standalone financial statements:
 - i) The company has recognized interest income on "No Lien AGP Account" amounting to Rs 28.02 crore [Rs.27.59 crore for the previous year ended 31st March, 2021] for the year ended 31st March 2022. The same has been shown in Note 28 (Other Income) under head 'Interest on Construction Project'.

The balance outstanding as at the end of the year is Rs. 526.27crore (debit) in "No Lien AGP Account". The company is in discussion with MoHUA for recovery/reimbursement of outstanding amount including interest as well as booking of expenses. [Refer Para 3 of Note 40]

Our opinion is not modified in respect of this matter.
 - ii) We draw your attention to Para 8 of Note 40 to the Standalone financial results which explains the uncertainties and the management's assessment of the financial impact due to the lock-downs and other restrictions and conditions related to the Covid-19 pandemic situation, for which a definitive assessment of the impact in the subsequent period is highly dependent upon circumstances as they evolve in the subsequent period.

Our opinion is not modified in respect of this matter.

Key Audit Matters

5. Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Standalone Financial Statements of the current period. These matters were addressed in the context of our audit of the Standalone Financial Statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our reports:

Sr. No.	Key Audit Matter	Auditor's Response
1.	<p>Ind AS 109 on Financial Instruments establishes a comprehensive framework for determining expected credit losses, accuracy of classification, recognition, de-recognition and measurement requirements for all the financial assets and liabilities. Considering the materiality of the amounts involved, possible effect from the pandemic Covid-19, the significant management judgment required in estimating the expected credit losses as well as measuring Financial Assets and Financial Liabilities and such estimates and judgments being inherently subjective, this matter has been identified as a key audit matter for the current year audit.</p> <p>(Refer Notes : 6, 7, 8, 9, 10, 11, 12, 16, 17, 18, 19, 20, 33, 36, 37 and 40 to standalone financial statements)</p>	<p><u>Principal Audit Procedures</u></p> <p>Our procedures included, but were not limited to the following:</p> <p>Our Audit approach consisted testing of the design and operating effectiveness of the internal controls and substantive testing as follows:</p> <p>Obtained an understanding of the systems, processes and controls implemented by management for recording and calculating Expected credit losses (ECL), recognition, de- recognition and measurement of Financial Assets and Financial Liabilities, for classifying financial assets portfolio into stages based on credit risk.</p> <ul style="list-style-type: none"> • Discussed with appropriate senior management and evaluated management's underlying key assumptions in estimating the expected credit losses and measuring Financial Assets and Financial Liabilities. • Selected the sample and tested the operating effectiveness of the internal control, relating to recognition, measurement and de-recognition of, financial assets and financial liabilities and calculation of ECL. We carried out a combination of procedures involving enquiry and observation, performance and inspection of evidence in respect of operation of these controls. • Tested the relevant information technology systems access and change management controls relating to contracts and related information used in recording financial assets/ liabilities and calculation of ECL in accordance with the said Ind AS. • Tested the appropriate staging of assets basis, their days past due and other loss indicators on sample basis

Other Information

6. The Company's management and Board of Directors are responsible for the other information. The other information comprises the information included in the Company's Annual Report, but does not include the standalone financial statements and our auditor's report thereon. The Annual report for the year ending 31st March 2022 is expected to be made available to us after the date of this auditor's report. Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and those Charged with Governance for the Standalone Financial Statements

7. The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other Comprehensive income, Changes in Equity, and Cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian accounting Standards (Ind ASs) specified under Section 133 of the Act, This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.
8. In preparing the Standalone Financial Statements, the Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless Board of Directors either intend to liquidate the company or to cease operations, or has no realistic alternative but to do so.
9. Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements.

10. Our objectives are to obtain reasonable assurance about whether the Standalone Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Standalone Financial Statements.
11. As Part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:
 - Identify and assess the risks of material misstatement of the Standalone Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of Internal control.
 - Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to Standalone Financial Statements in place and the operating effectiveness of such controls.
 - Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
 - Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Standalone Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
 - Evaluate the overall presentation, structure, and content of the Standalone Financial Statements, including the disclosures, and whether the standalone financial statements representing the underlying transactions and events in a manner that achieves fair presentation.
12. We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
13. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our Independence, and where applicable, related safeguards

14. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Standalone Financial Statements of the current period and are therefore the key audit matters. We describe these matters in our Auditor's Report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

15. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government of India in terms of Sub section (11) of Section 143 of the Act, we give in the **Annexure- "A"**, a statement on the matters specified in Paragraph 3 and 4 of the said Order, to the extent applicable.
16. We are enclosing our report in terms of Section 143(5) of the Act, on the basis of such checks of the books and records of the Company as we considered appropriate and according to the information and explanations given to us, in the **Annexure "B"**, on the directions issued by the Comptroller and Auditor General of India.
17. **As required by section 143(3) of the Act, we report that:**
- We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - In our opinion, proper books of accounts as required by law have been kept by the company so far as it appears from our examination of those books.
 - The Standalone Balance Sheet, the Statement of Profit and loss [including Other Comprehensive income], Statement of Changes in Equity and the Cash Flow Statement dealt with by this Report are in agreement with the books of account.
 - In our opinion, the aforesaid standalone financial statements comply with the Indian Accounting Standard ("Ind- As") specified under Section 133 of the Act;
 - The provisions of section 164(2) of the Companies Act, 2013 in respect of disqualifications of directors are not applicable to the Company being Government Company in terms of notification no. G.S.R. 463(E) dated 5th June 2015 issued by the Ministry of Corporate affairs.
 - With respect of the adequacy of the Internal Financial Controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate report in **Annexure 'C'**; and
 - With respect to the other matters to be included in the Auditor's Report in with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - The Company has disclosed the impact of pending litigations on financial position on its Standalone financial statements; (Refer Para 2(a) of Note no 40 to standalone financial statements)
 - The Company does not have any material foreseeable losses on long terms contracts including derivative contracts; (**Refer Para 38 of Note no 40 to standalone financial statements**)
 - There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protections Fund by the Company; (**Refer Para 16 of Note no 40 to standalone financial statements**)

NHB/RBI Directions

18. The Company is complying with **National Housing Bank's (NHB)/Reserve Bank of India's (RBI)** credit concentration norms in respect of loans to private sector agencies. However, in case of loans to State Governments/State Governments Agencies/ Central Government Agencies, the said norms have been relaxed by the **NHB/RBI** vide various letters (**Refer Para no.14 of Note No.40**); the same is complied with except in case of Investment in equity shares of Housing Finance Company Indbank Housing Limited (**Investee company**) where investment in **25%** of equity capital of investee company has been made instead of prescribed limit of **15%**.

ANNEXURE “C” TO THE INDEPENDENT AUDITOR’S REPORT OF EVEN DATE ON THE STANDALONE FINANCIAL STATEMENTS OF HOUSING AND URBAN DEVELOPMENT CORPORATION LIMITED FOR THE YEAR ENDED 31st MARCH 2022

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

1. We have audited the internal financial controls over financial reporting of **HOUSING AND URBAN DEVELOPMENT CORPORATION LIMITED** (“the Company”) as of March 31st, 2022 in conjunction with our audit of the Standalone financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

2. The Company’s management is responsible for establishing and maintaining internal financial controls based on “the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India”. These include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor’s Responsibility

3. Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.
4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the Standalone financial statements, whether due to fraud or error.
5. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

6. A Company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of standalone financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company’s assets that could have a material effect on the standalone financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

7. Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Qualified Opinion

According to the information and explanations given to us and based on our audit, the following deficiencies have been identified as at March 31st, 2022

1. The company needs to strengthen its internal control system for the review and follow-up of the terms of the rent agreements

entered in relation to the operating leases on investment properties. During the year 2021-2022 the company has received the rent with delay as per the rent agreement terms and conditions and has billed the interest on delay of rent payment amounting to INR 0.7 crore during the financial year 2022-23.

Further the company needs to revise the terms in relation to the refundable security deposits for the operating leases on investment properties. The security deposit needs to be increased in the same proportion as the increase in property rent. In absence of the same security deposit for some of the investment properties are inadequate to cover 3 month's rent as per the agreed terms.

(The internal auditor of the company has also pointed out the above in their report.)

2. It has been identified in respect of entity level controls as well as financial closure processes with regard to reconciliations of various accounts carrying old credit/debit balances and supervision and monitoring of flow of information to/from regional offices/out sourced agencies to corporate office, necessary for financial closure and reporting leading to deficiencies in operating effectiveness of the Company's Internal financial controls with reference to financial statements as at March 31st, 2022.
3. The company needs to strengthen its Internal financial controls regarding Fixed Asset identification/ physical verification process. The company needs to ensure that fixed asset records/registers are regularly updated with the asset identification numbers.

In our opinion considering nature of business, size of operation and organizational structure of the entity, except for the effects/ possible effects of the deficiencies described above on the achievement of the objectives of the control criteria, the Company has maintained, in all material respects, adequate internal financial controls over financial reporting and such internal financial controls over financial reporting were operating effectively as of March 31st, 2022, based the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

We have considered the deficiencies identified and reported above in determining the nature, timing, and extent of audit tests applied in our audit of the March 31st, 2022 standalone financial statements of the Company, and these deficiencies does not affect our opinion on the standalone financial statements of the Company.

** 1.) Prior to the issuance of circular No. 04/2013 dated 11.02.2013, issued by the Ministry of Corporate Affairs (MCA), the company had to create a Debenture / Bond Redemption Reserve (DRR / BRR) equivalent to 50% of the value of bonds issued (based on repayment tenure of respective bonds) through public issue, before the commencement of redemption of respective bonds as per the then prevalent SEBI Debt Regulations and Section 117 C of the Companies Act, 1956. The creation of DRR / BRR was revised to 25% after issuance of the above circular.

** 2.) The company, accordingly, has created proportionate Debenture / Bond Redemption Reserve on Bonds issued upto the financial year 2012-13, equivalent to 50% on yearly basis, before commencement of redemption of respective bonds; and equivalent to 25% on bonds issued during the financial year 2013-14 and 2015-16.

NOTES FORMING PART OF ACCOUNTS

1. Corporate information

Housing and Urban Development Corporation Limited is a listed public limited company (Government of India undertaking) domiciled in India and incorporated on 25th April, 1970 under the provisions of Companies Act, 1956. The Company's registered office is at Core 7A, HUDCO Bhawan, India Habitat Centre, Lodhi Road, New Delhi - 110003. The Company is a Housing Finance Company ('HFC') registered with the National Housing Bank ('NHB'). The Company is primarily engaged in the business of financing Housing and Urban development activities in the country.

The Govt. of India through its Notification dated 9th August, 2019 had made Reserve Bank of India (RBI) as the regulator for HFCs and the supervision part continued to remain with NHB. RBI has issued notification dated October 22, 2020, on regulatory framework for HFCs, by which the definition of HFCs has undergone a change. HUDCO has submitted application to RBI on 29th March, 2022 to convert from HFC to NBFC-IFC. The management reckons to receive the said approval from RBI in FY 2022-23. Till such time, HUDCO continues to retain the status of HFC. (Refer Point no.13 of Note 40 to the Notes to Accounts).

2. Application of New Indian Accounting Standards (Ind AS)

All the Indian Accounting Standards issued and notified by the Ministry of Corporate affairs under the Companies (Indian Accounting Standards) Rules, 2015 (as amended) till the financial statements are authorised have been considered in preparing the standalone Ind AS Financial Statements.

3. Standard/Amendments issued but not yet effective

Ministry of Corporate Affairs ("MCA") vide notification dated March 23, 2022, has issued amendments to the existing standards under Companies (Indian Accounting Standards) Rules, 2015, which shall come into force with effect from 1st day of April, 2022. The Company does not expect the amendments to have any impact on its financial statements

4. Significant accounting policies

4.1. Statement of Compliance

The standalone financial statements of the Company have been prepared in accordance with Ind AS notified under the companies (Indian Accounting Standard) Rules 2015 (as amended).

4.2. Basis of preparation and Presentation

The standalone Ind AS financial statements have been prepared on an accrual basis as a going concern and under the historical cost convention, except for certain financial assets (equity instruments classified as Fair Value Through P&L Account etc.) and financial liabilities (derivatives etc.) and financial liabilities that are measured at fair value at the end of each reporting date as required under relevant Ind AS.

4.3. Investment in associates and joint ventures

The Company records the investments in associates and joint ventures at cost less impairment loss, if any.

On disposal of Investment in associate, and joint venture, the difference between net disposal proceeds and the carrying amounts are recognized in the standalone statement of profit and loss.

4.4. Use of estimates

The preparation of Standalone financial statements in conformity with Ind AS requires the management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the disclosure of contingent liabilities, at the end of the reporting period. Although these estimates are based on the management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future periods.

4.5. Cash and cash equivalents

Cash and cash equivalent comprise of cash in hand, demand deposits and time deposits with original maturity of less than three months held with bank, debit balance in cash credit account and stamping/franking balance, which are subject to an insignificant risk of changes in value.

NOTES : (Contd.)

4.6. Foreign currency

The Company's financial statements are presented in Indian Rupees (INR) which is also the Company's functional currency.

Transactions in foreign currencies are initially recorded by the Company at their respective functional currency spot rates at the date the transaction first qualifies for recognition.

Income and expenses in foreign currencies are recorded by the Company at the exchange rates prevailing on the date of the transaction.

At the end of each reporting period, foreign currency denominated monetary assets and liabilities are translated at the functional currency spot rates of exchange (RBI Reference Rate) prevailing at the reporting date and exchange gains and losses arising on settlement and restatement are recognized in the statement of profit and loss in the period in which they arise.

4.7. Revenue recognition

4.7.1 Interest income

As per Ind AS 109, Interest income, for all debt instruments measured is recorded using the effective interest rate (EIR). The calculation takes into account all contractual terms of the financial instrument (for example, prepayment options) and includes any fees or incremental costs that are incrementally directly attributable to the instrument and are an integral part of the EIR, but not future credit losses.

The Company has recognized any fees that are incrementally directly attributable to the loans on the basis of Straight Line Basis co-terminus with the term of loan.

Interest income in Non-Performing Assets and /or Stage 3 in Financial Assets is recognized only on cash/receipt basis.

4.7.2 Dividends

Dividend Income is recognised when the Company's right to receive the payment is established, which is generally when shareholders approve the dividend.

4.7.3 Rental income

Rental income arising from operating leases on investment properties is accounted for on a straight-line basis over the lease terms unless the payments to the lessor are structured to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases.

4.7.4 "Revenue from Contracts with Customers" which includes but not limited to Consultancy, trusteeship, & Consortium, charges on Construction Projects, Management Development Program or any other income is recognized as per Ind AS 115 on "Revenue from Contracts with Customers"

4.8. Borrowing costs

Borrowing costs directly attributable to the acquisition are capitalized as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

4.9. Investment properties-Ind AS 40

Recognition

Investment properties are measured initially at cost, including transaction costs. The cost includes the cost of replacing parts and borrowing costs for long term construction projects if the recognition criteria are met.

Subsequent to initial recognition, investment properties are stated at cost less accumulated depreciation and accumulated impairment loss, if any.

Subsequent Measurement (Depreciation)

Subsequent to initial recognition, investment properties are stated at cost less accumulated depreciation and accumulated impairment loss, if any. The Company depreciates building component of Investment property over useful life prescribed under Part C of schedule II to the Companies Act, 2013. When significant parts of the investment property are required to be replaced at intervals, the company depreciates them separately based on their specific useful lives.

NOTES : (Contd.)

De-recognition

Investment properties are de-recognized either when they have been disposed of or when they are permanently withdrawn from use and no future economic benefit is expected from their disposal. The difference between the net disposal proceeds and the carrying amount of the asset is recognized in Statement of profit or loss in the period of de-recognition on disposal.

4.10. Property, Plant and Equipment (PPE) and Intangible assets

Recognition

The company has elected to continue with the carrying value of all of its property, plant and equipment and intangible assets and use that carrying value as the deemed cost of the property, plant and equipment and intangible assets as on 1st April 2017.

Subsequent Measurement (Depreciation)

Depreciation on Property, Plant and Equipment (PPE) is charged on Straight line method either on the basis of rates arrived at with the reference to the useful life of the assets arrived at based on useful life prescribed under Part C of Schedule II of the Companies Act, 2013.

De-recognition

An item of Property, Plant and Equipment and any significant part initially recognized is de-recognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on de-recognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the statement of profit and loss account when the asset is de-recognized.

Intangible assets

An intangible asset is recognized only when its cost can be measured reliably and it is probable that the expected future economic benefits that are attributable to it will flow to the Company. Intangible assets acquired separately are measured on initial recognition at cost.

Intangible Assets comprising of Computer Software are stated at Cost less accumulated amortization.

4.11. Depreciation and amortization

- a) Depreciation is provided over the useful life of the PPE set as per Schedule-II of Companies Act, 2013 and depreciation rates have been worked out by applying WDV method after retaining 5% of cost as residual value effective from 1st April, 2014.
- b) On PPE costing upto Rs.5000 per item are clubbed under "Miscellaneous Assets" and depreciation thereon is provided @100%.
- c) Books purchased during the year are clubbed under Library Books and depreciation thereon is provided @ 100%.
- d) Computer software is amortized over a period of five years on a straight-line basis.

4.12 Capital -work-in -Progress

Capital work in progress includes assets not ready for the intended use and is carried at cost, comprising direct and related incidental expenses.

Intangible assets under development

Intangible assets not ready for the intended use on the date of Balance sheet are disclosed as Intangible assets under development.

4.13. Leases

(a) Company as a lessee

- (i) The Company recognizes a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct cost incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

NOTES : (Contd.)

- (ii) The right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the earlier of the end of the useful life of the right-to-use asset or the end of the lease term. The estimated useful life of the right-to-use asset is determined on the same basis as those of property, plant and equipment. In addition, the right-to-use asset is periodically reduced by impairment losses, if any, and adjusted for certain re-measurements of the lease liability
- (iii) The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the Company's incremental borrowing rate.
- (iv) The lease liability is measured at amortized cost using the effective interest method, it is re-measured when there is a change in future lease payments from a change in an index or rate. When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset, or is recorded in the profit and loss if the carrying amount of the right-of-use asset has been reduced to zero.
- (v) The Company presents right-of-use asset that do not meet the definition of Investment property in the "Right of use assets" separately on the face of the Balance sheet and lease liabilities in "other financial liabilities" in the Balance Sheet.
- (vi) Short term Lease and Leases of low value assets: -The Company has elected not to recognize right-of-use asset and lease liabilities for short term leases that have lease term of 12 months or less and leases of low value assets. The Company recognizes the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

(b) As a lessor

When the Company acts as a lessor, it determines at lease inception whether each lease is a finance lease or an operating lease. To classify each lease, the Company makes an overall assessment of whether the lease transfers substantially all the risk and rewards incidental to the ownership of the underlying asset. If this is the case, then the lease is a finance lease, if not then it is an operating lease. As part of the assessment, the Company considers certain indicators such as whether the lease is for the major part of the economic life of the asset.

The Company recognizes lease payments received under operating lease as income on a straight-line basis over the term of relevant lease unless the payments to the lessor are structured to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases as part of "Rental Income".

4.14 Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Initial recognition and measurement

The Company recognizes financial assets and financial liabilities when it becomes a party to the contractual provisions of the instrument. All financial assets and financial liabilities i.e. Loans and advances, Equity investments, Derivative financial instruments and all other financial assets and liabilities are recognised initially at fair value plus or minus transaction costs that are attributable to the acquisition or issue of the financial asset or financial liability except in the case of financial assets or financial liability recorded at fair value through profit or loss where the transaction cost are charged to profit and loss.

Subsequent measurement

a) Non-derivative financial instruments

(i) Financial assets carried at amortised cost

A financial asset is subsequently measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

NOTES : (Contd.)

(ii) Financial assets at fair value through other comprehensive income

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. Further, in cases where the Company has made an irrevocable election based on its business model, for its investments which are classified as equity instruments other than which are held for trading and contingent consideration recognized by an acquirer in a business combination to which Ind AS 103 applies are classified as at FVTPL, the subsequent changes in fair value are recognized in other comprehensive income.

(iii) Financial assets at fair value through profit or loss

A financial asset which is not classified in any of the above categories are subsequently fair valued through profit or loss.

iv) Equity investments

All equity investments in scope of Ind AS 109 are measured at fair value. Equity instruments which are held for trading and contingent consideration recognised by an acquirer in a business combination to which Ind AS103 applies are classified as at FVTPL. For all other equity instruments, the Company may make an irrevocable election to present in other comprehensive income subsequent changes in the fair value. The Company makes such election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable.

If the Company decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI. There is no recycling of the amounts from OCI to P&L, even on sale of investment. However, the Company may transfer the cumulative gain or loss within equity.

Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the P&L.

(v) Financial liabilities

Financial liabilities are subsequently carried at amortised cost using the effective interest method. For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate the fair value due to the short maturity of these instruments.

b) Derivative financial instruments

The Company holds various derivatives to mitigate the risk of changes in exchange rates on foreign currency exposures as well as interest fluctuations including foreign exchange forward contracts, currency and interest rate swaps. The counterparty for these contracts is generally a bank.

Financial assets or financial liabilities, at fair value through profit or loss

This category has derivative financial assets or liabilities which are not designated as hedges. Any derivative that is not designated a hedge is categorized as a financial asset or financial liability, at fair value through profit or loss.

Derivatives not designated as hedges are recognized initially at fair value and attributable transaction costs are recognized in net profit in the Statement of Profit and Loss when incurred. Subsequent to initial recognition, these derivatives are measured at fair value through profit or loss and the resulting exchange gains or losses are included in Statement of Profit and Loss. Assets/liabilities in this category are presented as financial assets/financial liabilities if they are either held for trading or are expected to be realized within 12 months after the balance sheet date.

NOTES : (Contd.)

De-recognition of financial instruments

The Company de-recognises a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and transfer qualifies for de-recognition under Ind AS 109. A financial liability (or a part of a financial liability) is de-recognised from the Company's balance sheet when the obligation specified in the contract is discharged or cancelled or expires.

4.15 Share capital

Ordinary shares

Ordinary shares are classified as equity. Incremental costs directly attributable to the issuance of new ordinary shares and share options are recognized as a deduction from retained earnings, net of any related income tax effects.

4.16. Fair value measurement

The Company measures financial instruments, such as, derivatives at fair value at each balance sheet date using valuation techniques.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

In the principal market for the asset or liability, or in the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities

Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable

Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

4.17. Impairment

a) Financial Assets

The Company recognises loss allowance for Expected Credit Loss (ECL) on a financial asset broadly in accordance with the principles laid down in Ind AS 109. The Company compares the risk of a default occurring on the financial asset as at the reporting date with the risk of a default occurring on the financial asset as at the date of initial recognition and based on the reasonable and supportable information, that is available and is indicative of significant increases in credit risk since initial recognition. The risk of default occurring on the financial asset is assessed as at the reporting date and the financial assets are classified into three categories based on the number of days of past due:-

NOTES : (Contd.)

Stage – 1	-	0-30 days
Stage – 2	-	31-90 days
Stage – 3	-	Above 90 days.

The ECL is calculated based on the historical data with due weightage to the likely future events which may affect the cash flows. The Company recognises in statement of profit or loss, as an impairment gain or loss, the amount of Expected Credit Loss (or reversal) that is required to adjust the loss allowance at the reporting date.

Additional provision is made in order to establish a balance in the provision for loans that the Corporation's management considers prudent and adequate keeping in view the unforeseen events and happenings such as change in policy of Government and procedural delays in repayments from the agencies, outcome of pending cases under Insolvency and Bankruptcy code etc.

Modification Loans

The company allows concessions or modification of loan term as a response to the borrowers' financial difficulties rather than taking possession or to other wise enforce collection of security. The company considers a loan for borne when such concession or modification are provided as a result of the borrower present and expected financial difficulties and the company would not have agreed to them if the borrower had been financially healthy. Indicators of financial difficulties include defaults on covenants, or significant concerns raised by the Credit Risk Department. Forbearance may involve extending the payment arrangement and the agreement of new loan condition. Once the term is negotiated, any impairment is measured by taking into account the original and modified parameter. It is the company's policy to monitor forborne loans to help ensure that future payment continues to be likely to occur. De-recognition decisions and classifications between Stage 2 and Stage 3 are determined on a case by case basis. If these procedures identify a loss in relation to loan, it is disclosed and managed as an impaired Stage 3 or forborne asset until it is collected or written off. However, if the modification results into notional gain on account change in expected future value of cash flows, the same shall not be recognized.

When the loan has been renegotiated or modified but not de-recognized, the company also reassesses whether there has been a significant increase in credit risk.

b) Non-financial assets

i. Intangible assets and property, plant and equipment

Intangible assets and property, plant and equipment are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the CGU to which the asset belongs.

If such assets are considered to be impaired, the impairment to be recognized in the Statement of Profit and Loss is measured by the amount by which the carrying value of the assets exceeds the estimated recoverable amount of the asset. An impairment loss is reversed in the Statement of Profit and Loss if there has been a change in the estimates used to determine the recoverable amount. The carrying amount of the asset is increased to its revised recoverable amount, provided that this amount does not exceed the carrying amount that would have been determined (net of any accumulated amortization or depreciation) had no impairment loss been recognized for the asset in prior years.

4.18. Government grants and subsidies

Government grants are recognised where there is reasonable assurance that the grant will be received and all attached conditions will be complied with. When the grant relates to an expense item, it is recognised as income on a systematic basis over the periods that the related costs, for which it is intended to compensate, are expensed. When the grant relates to an asset, it is recognised as income in equal amounts over the expected useful life of the related asset.

When the Company receives grants of non-monetary assets, the asset and the grant are recorded at fair value amounts and released to profit or loss over the expected useful life in a pattern of consumption of the benefit of the underlying asset i.e. by equal annual instalments. When loans or similar assistance are provided by governments or related institutions, with an interest rate below the current applicable market rate, the effect of this favourable interest

NOTES : (Contd.)

is regarded as a government grant. The loan or assistance is initially recognised and measured at fair value and the government grant is measured as the difference between the initial carrying value of the loan and the proceeds received. The loan is subsequently measured as per the accounting policy applicable to financial liabilities.

- (a) The Company acts as a channelizing agency for disbursement of grants/ subsidies under various schemes of the Government and Government Agencies. The Company receives the amount of such grants/subsidies and disburses them to eligible parties in accordance with the schemes of the relevant grants/subsidies. The undisbursed grants / subsidies as at the year-end are shown as a part of Financial Liabilities. Where grants/ subsidies disbursed exceed, the related amount received, such amount receivable from Government / Government Agencies is shown as a part of other Loans and Advances.
- (b) Grants received from other than Govt. agencies or development partners, in respect of certain schemes for economically weaker sections / low-income groups are also dealt with in the manner described at (a) above. Interest earned on loans given under certain specified schemes is shown under "Financial Liabilities" and is utilized as per the terms of the agreement.

4.19. Employee benefits

- (a) Expenditure on company contributions to Provident Fund, Group Saving Linked Insurance Scheme, EPFO's Employees' Pension Scheme and HUDCO's Employees' Pension Scheme is accounted for on accrual basis in accordance with the terms of the relevant schemes and charged to Statement of Profit & Loss. The Company's obligation towards gratuity, provident fund and post-retirement medical benefits to employees are actuarially determined and provided for as per Ind AS 19 on Employee Benefits. Liability for gratuity as per actuarial valuation is paid to a fund administered through a separate trust.
- (b) The Company's obligation towards sick leave, earned leave, gift on completion of 20/25/30/32 years of service & retirement gift are determined on actuarial basis and provided for as per Ind AS 19 on Employee Benefits.

4.20. Taxes – Ind AS 12

Tax expense comprises current and deferred tax.

Current income tax

Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income Tax Act, 1961.

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date. Current income tax relating to items recognized outside profit or loss is recognized outside profit or loss (either in other comprehensive income or in equity).

In respect of disputed income tax / wealth tax demands, where the Company is in appeal, provision for tax is made when the matter is finally decided.

Deferred tax

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilized.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilized.

Unrecognized deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted

NOTES : (Contd.)

at the reporting date.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity).

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

4.21. Dividend

Proposed final dividends and interim dividends payable to the shareholders are recognized as changes in equity in the period in which they are approved by the shareholders' meeting and the Board of Directors respectively.

4.22. Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. The expense relating to a provision is presented in the statement of profit and loss.

Reimbursements expected in respect of expenditure required to settle a provision is recognized only when it is virtually certain that the reimbursement will be received.

4.23. Contingent liabilities and assets

The Company does not recognize a contingent liability but discloses its existence in the financial statements Contingent liability is disclosed in the case of:

- A present obligation arising from past events, when it is not probable that an outflow of resources will be required to settle the obligation
- A present obligation arising from past events, when no reliable estimate is possible
- A possible obligation arising from past events, unless the probability of outflow of resources is remote.
- Contingent assets are not recognised. A contingent asset is disclosed, as required by Ind AS 37, where an inflow of economic benefits is probable.

5. Significant accounting judgements, estimates and assumptions

- The preparation of the Company's financial statements requires management to make judgements, estimates and assumptions that affect the reported amount of revenues, expenses, assets and liabilities, and the accompanying disclosures, as well as the disclosure of contingent liabilities.
- Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

Judgements

In the process of applying the company's accounting policies, management has made the following judgements, which have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year.

5.1 Business model assessment

- Classification and measurement of financial assets depends on the results of the SPPI and the business model test. The Company determines the business model at a level that reflects how Companies of financial assets are managed together to achieve a particular business objective. This assessment includes judgement reflecting all relevant evidence including how the performance of the assets is evaluated and their performance measured, the risks that affect the performance of the assets and how these are managed and how the managers of the assets are compensated. The Company monitors financial assets measured at amortised cost or fair value through other comprehensive income that are de-recognised prior to their maturity to understand the reason for their disposal and whether the reasons are consistent with the objective of the business for which the asset was held. Monitoring is part of the Company's continuous assessment of whether the business model for which the

NOTES : (Contd.)

remaining financial assets are held continues to be appropriate and if it is not appropriate whether there has been a change in business model and so a prospective change to the classification of those assets.

Estimates and Assumptions

- The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Company based its assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the company. Such changes are reflected in the assumptions when they occur.

5.2 Fair value of financial instruments

The fair value of financial instruments is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction in the principal (or most advantageous) market at the measurement date under current market conditions (i.e., an exit price) regardless of whether that price is directly observable or estimated using another valuation technique. When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be derived from active markets, they are determined using a variety of valuation techniques that include the use of valuation models. The inputs to these models are taken from observable markets where possible, but where this is not feasible, estimation is required in establishing fair values. Judgements and estimates include considerations of liquidity and model inputs related to items such as credit risk (both own and counterparty), correlation and volatility.

5.3 Effective Interest Rate (EIR) method

The company's EIR methodology recognises interest income / expense using a rate of return that represents the best estimate of a constant rate of return over the expected behavioural life of loans given / taken and recognises the effect of potentially different interest rates at various stages and other characteristics of the product life cycle (including prepayments and penalty interest and charges).

This estimation, by nature, requires an element of judgement regarding the expected behaviour and life-cycle of the instruments, as well expected changes to India's base rate and other fee income/expense that are integral parts of the instrument.

5.4 Impairment of financial asset

The measurement of impairment losses across all categories of financial assets requires judgement, in particular, the estimation of the amount and timing of future cash flows and collateral values when determining impairment losses and the assessment of a significant increase in credit risk. These estimates are driven by a number of factors, changes in which can result in different levels of allowances.

The company's ECL calculations are outputs of complex models with a number of underlying assumptions regarding the choice of variable inputs and their interdependencies. Elements of the ECL models that are considered accounting judgements and estimates include:

- The Company's grading model, which assigns PDs to the individual grades
- The Company's criteria for assessing if there has been a significant increase in credit risk and so allowances for financial assets should be measured on a LTECL basis and the qualitative assessment
- The segmentation of financial assets when their ECL is assessed on a collective basis
- Development of ECL models, including the various formulas and the choice of inputs
- Determination of associations between macroeconomic scenarios and, economic inputs, such as unemployment levels and collateral values, and the effect on PDs, EADs and LGDs
- Selection of forward-looking macroeconomic scenarios and their probability weightings, to derive the economic inputs into the ECL models

It has been the Company's policy to regularly review its models in the context of actual loss experience and adjust when necessary.

NOTES : (Contd.)

5.5 Provisions and other contingent liabilities

The Company operates in a regulatory and legal environment that, by nature, has a heightened element of litigation risk inherent to its operations. As a result, it is involved in various litigation, arbitration and regulatory investigations and proceedings in the ordinary course of the Company's business.

Given the subjectivity and uncertainty of determining the probability and amount of losses, the Company takes into account a number of factors including legal advice, the stage of the matter and historical evidence from similar incidents. Significant judgement is required to conclude on these estimates.

5.6 Revenue from contract with Customers

The Company's contracts with customers include promises to transfer services to a customer. The Company assesses the services promised in a contract and identifies performance obligation involves judgement to determine the deliverables and the ability of the customer to benefit independently from such deliverables.

The Company exercises judgement in determining whether the performance obligation is satisfied at a point in time or over a period of time. The Company considers indicators such as how customer benefits as services are rendered or who controls the asset as it is being created or existence of enforceable right to payment for performance to date and alternate use of such product or services, transfer of significant risks and rewards to the customer, etc.

5.7 Leases

Ind AS-116 requires lessees to determine the lease term as the non-cancellable period of a lease adjusted with any option to extend or terminate the lease, if the use of such option is reasonably certain. The Company makes an assessment on the expected lease term on a lease-by-lease basis and thereby assesses whether it is reasonably certain that any options to extend or terminate the contract will be exercised. The lease term in future periods is reassessed to ensure that the lease term reflects the current economic circumstances. Company also used judgement in determining the low value assets as given under the Ind AS-116.

5.8 Impact of Covid

Impact of Covid-19 Outbreak - The extent to which the Covid-19 pandemic will impact the Company will depend on future developments, which are uncertain, including, among other things, any new information concerning the severity of the Covid-19 pandemic and any further action by the Govt. or the Company to contain its spread or mitigate its impact.

NOTE 10: (Contd.)

NOTE: 10(a)(3) Impairment assessment

The references below show where the Company's impairment assessment and measurement approach is set out in these notes. It should be read in conjunction with the Summary of significant accounting policies.

- The Company's definition and assessment of default and cure.
- How the Company defines, calculates and monitors the probability of default, exposure at default and loss given default.
- When the Company considers there has been a significant increase in credit risk of an exposure.
- The Company's policy of segmenting financial assets where ECL is assessed on a collective basis.
- The details of the ECL calculations for Stage 1, Stage 2 and Stage 3 assets.

NOTE: 10(a)(4)(i) Definition of default

The Company considers a financial instrument as defaulted and considered it as Stage 3 (credit-impaired) for ECL calculations in all cases, when the borrower becomes 90 days past due on its contractual payments.

NOTE: 10(a)(4)(ii) Probability of default

The 12 month probability of default is calculated using incremental NPA approach.

NOTE: 10(a)(4)(iii) Exposure at default

The exposure at default (EAD) represents the gross carrying amount of the financial instruments subject to the impairment calculation, addressing both the client's ability to increase its exposure while approaching default and potential early repayments too.

To calculate the EAD for a Stage 1 loan, the Company assesses the possible default events within 12 months for the calculation of the 12mECL. For Stage 2 and Stage 3 financial assets, the exposure at default is considered for events over the lifetime of the instruments.

NOTE: 10(a)(4)(iv) Loss given default

The Company segments its lending products into smaller homogeneous portfolios (Government - Housing, Government - Urban Infrastructure, Non Government and Retail), based on key characteristics that are relevant to the estimation of future cash flows. The data applied is collected loss data and involves a wider set of transaction characteristics (e.g., product type) as well as borrower characteristics.

NOTE: 10(a)(4)(v) Significant increase in credit risk

The Company continuously monitors all assets subject to ECLs. In order to determine whether an instrument or a portfolio of instruments is subject to 12mECL or life time ECL, the Company assesses whether there has been a significant increase in credit risk since initial recognition. The Company considers an exposure to have significantly increased in credit risk when contractual payments are more than 30 days past due.

When estimating ECLs on a collective basis for a group of similar assets, the Company applies the same principles for assessing whether there has been a significant increase in credit risk since initial recognition.

NOTE: 10(a)(4)(vi) Grouping financial assets measured on a collective basis

As explained in Note 4.17, the Company calculates ECLs on collective or individual basis .

The Company calculates ECLs on collective basis on following asset classes:

- Government - Housing
- Government - Urban Infrastructure
- Non Government
- Retail

The Company calculates ECLs on individual basis on all Stage 3 assets of Non Government portfolio.

- * Secured by lien over Certificate of Deposits for US \$ 2.14 million (Previous year: US \$ 3.73 million) placed under swap arrangement with Bank of India, Cayman Islands Branch, New York. The deposits are co-terminus with the maturity schedule of the underlying ADB loans (repayable from 10.12.2002 to 10.06.2022)
- ** Secured by Bank guarantee for an amount of ₹ 600 crore (previous year ₹ 600.00 crore) [being 25% of loan amount of ₹ 2,400 crore (previous year ₹ 2,400 crore) sanctioned/ disbursed by NHB and repayable upto 01.07.2027] and negative lien on all properties, assets, receivables etc. of HUDCO both present and future, except those on which the first exclusive charge is created in favour of the trustees to the secured tax free bonds of ₹ 5,000 crore mobilised during 2011-12, ₹ 2,401.3526 crore mobilised during 2012-13, ₹ 4,987.12 crore mobilised during 2013-14 and ₹ 5,000 crore mobilised during 2015-16.
- \$\$ ₹ 1,294 crore availed on 19.03.2020 @6.57% p.a. (Fixed) payable quarterly, for a period of 3 years i.e. repayable on 19.03.2023 by way of bullet repayment.
- # Principal only Swap for US \$ 4.50 million (Outstanding US \$ 0.50 million as on 31.03.2022) with ICICI Bank was executed on 16.07.2018 effective from 18.07.2018 (for 4.5 years upto 14.09.2022 at spot rate of ₹ 68.68 and swap premium of 4.2479%, payable semi-annually.
- ## Under the swap arrangement with EXIM Bank, HUDCO has remitted US \$ 10 million to EXIM Bank against which EXIM Bank has subscribed to 12.75% HUDCO Special Infrastructure Bonds (II) (rate of interest for the next 7 years reset to 12.50% w.e.f. 23.09.2020) amounting to ₹ 43.60 crore which are co-terminus with the loan maturity schedule of the underlying USAID guaranteed loan.
- ### Guaranteed by Central Government as to the repayment of principal and interest.
- ^ HUDCO had availed a loan of US \$ 100 million from Asian Development Bank (ADB) (US \$ 50 million during the years 1997-98 and 1998-99 and the balance US \$ 50 million during 1999-2000). These loans are guaranteed by the Government of India and repayable in half yearly installments by June 2022.
- ^ These dollar funds were placed as deposits with Bank of India, Cayman Island Branch, USA (US \$ 50 million) and EXIM Bank (US \$ 50 million) in terms of agreements with these Banks. The deposits are co-terminus with the loan maturity schedule of the underlying ADB loan. In lieu of the USD deposit of US \$ 20 million, Bank of India has subscribed to 12.00% Special Priority Sector Bonds (I) for ₹ 100 crore (rate of interest to be reset on annual basis @ 1 year G-Sec plus 350 bps, presently @ 7.28%), outstanding as on 31.03.2022, being ₹ 4.20 crore. Further, in lieu of USD deposit of US \$ 30 million, Bank of India has extended a loan of ₹ 150 crore (rate of interest to be reset on annual basis @ 1 year G-Sec plus 340 bps, presently @ 7.21%), outstanding as on 31.03.2022, being ₹ 6.36 crore. Similarly, in lieu of the balance US \$ deposit of USD 50 million, Exim Bank has subscribed to 12.75% Special Priority Sector Bonds (II) (rate of interest for the next 7 years reset to 12.50% w.e.f. 15.12.2013) for ₹ 217 crore (₹ 9.27 crore as on 31.03.2022), which are co-terminus with the loan maturity schedule of the underlying ADB loan.

NOTE 36: Fair Value Measurement

36.1. Valuation principles

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction in the principal (or most advantageous) market at the measurement date under current market conditions (i.e., an exit price), regardless of whether that price is directly observable or estimated using a valuation technique.

In order to show how fair values have been derived, financial instruments are classified based on a hierarchy of valuation techniques.

36.2. Valuation governance

The Company's fair value methodology and the governance over its models include a number of controls and other procedures to ensure enough safeguards and maintain its quality and adequacy. All new product initiatives (including their valuation methodologies) are as per the approved policy of the Company. The ongoing measurement on fair value estimates is reviewed by the appropriate functional department of the Risk management and related finance functions.

36.3. Assets and liabilities by fair value hierarchy

The following table shows an analysis of financial instruments recorded at fair value by the level of the fair value hierarchy:

36.4. Valuation techniques

Mutual fund

Mutual funds are valued at the net asset value declared by the mutual fund in respect of each particular scheme.

Equity instruments

Equity instruments which are not actively traded on public stock exchanges but the active prices on a regular basis are available. Such instruments are classified as Level 2. Other equity instruments are fair valued based on the average of the discounted cash flow method and Net assets value (as provided by independent valuer). It is classified as Level 3.

Interest rate swaps, Currency swaps and Forward rate contracts

The most frequently applied valuation techniques include forward pricing and swap models and forward contract using present value calculations by estimating future cash flows and discounting them with the appropriate yield curves incorporating funding costs relevant for the position. These contracts are classified under Level 2.

36.5. Valuation adjustments and other inputs and considerations

Credit Valuation Adjustments (CVA)

The Company calculates CVA on a counterparty basis over the entire life of the exposure.

The Company applies CVA to all relevant (not fully collateralised) over-the-counter positions with the exception of positions settled through central clearing houses. Based on regular assessment of the extent of the adjustments, the Company concluded that these adjustments were not significant to the levelling classification of the relevant instruments in 2021-22 and 2020-21.

36.6. Impact of valuation adjustments and other inputs

The following table shows the amount recorded in the statement of profit and loss:

Particulars	2021-22	2020-21

Credit value adjustment	0.002	0.04
Total	0.002	0.04

36.7. Transfer between level 1 and level 2

There have been no transfers between Level 1 and Level 2 for the year ended 31st March, 2021 and 31st March, 2022.

36.8. Movements in Level 3 financial instruments measured at fair value

The following tables show a reconciliation of the opening and closing amounts of Level 3 financial assets and liabilities which are recorded at fair value. The Company requires significant unobservable inputs to calculate their fair value.

36.9. Changes in key assumptions and range of inputs

(a) **Net Asset Value (NAV) Method:**

The Net Asset Value Method represents the value with reference to historical cost of assets owned by the company and the attached liabilities on the valuation date.

(b) **Discounted Projected Cash Flow:**

Discounted Projected Cash Flow valuation technique is used to calculate Impact on fair value of level 3 financial instruments measured at fair value using the following unobservable input such as Discount Rate, Recovery rates, Interest Rate and Revenue from operations to ascertain the change.

(c) To arrive at fair value of unquoted investments average of Net Asset Value(NAV) and Discounted Projected Cash flow as on 31st March, 2022 is taken.

The range of values indicates the highest and lowest level input used in the valuation technique and, as such, only reflects the characteristics of the instruments as opposed to the level of uncertainty to their valuation.

All changes in the fair market value would be reflected in the Statement of profit and loss based on the classification FVTPL.

The table summarises the valuation techniques together with the significant unobservable inputs used to calculate the fair value of the Company's Level 3 assets and liabilities.

March, 2022

Valuation technique	Significant unobservable inputs	Range of inputs	Impact on Fair value due to change in assumptions
DCF	Long term Growth Rate for cash flows for subsequent years	0% - 10%	5% increase (decrease) in growth rate would result in an increase (decrease) in fair value by: ₹ 19.23 Crore.
	WACC	14% -16%	1% increase (decrease) in WACC would result in an increase (decrease) in fair value by: ₹ 7.13 crore.
	Discount for lack of Marketability	15% -25%	2% increase (decrease) in discount would result in an increase (decrease) in fair value by: ₹ 5.96 crore.
	Discount for lack of Control	12% -20%	2% increase (decrease) in discount would result in an increase (decrease) in fair value by: ₹ 5.96 crore.
	Contingency	5% - 15%	2% increase (decrease) in discount would result in an increase (decrease) in fair value by : ₹ 5.96 crore.

March, 2021

Valuation technique	Significant unobservable inputs	Range of inputs	Impact on Fair value due to change in assumptions
DCF	Long term Growth Rate for cash flows for subsequent years	0% - 10%	5% increase (decrease) in growth rate would result in an increase/(decrease) in fair value by: ₹ 20.62 Crore.
	Weighted Average Cost of Capital (WACC)	14% - 16%	1% increase (decrease) in WACC would result in an increase (decrease) in fair value by: (₹3.02 crore).
	Discount for lack of Marketability	15% - 25%	2% increase (decrease) in discount would result in an increase (decrease) in fair value by: (₹4.71crore).
	Discount for lack of Control	12% - 20%	2% increase (decrease) in discount would result in an increase (decrease) in fair value by: (₹4.71crore).
	Contingency	5% - 15%	2% increase (decrease) in discount would result in an increase (decrease) in fair value by: (₹4.71crore).

36.10. Quantitative analysis of significant unobservable inputs

Interest rate volatility

Interest Rate volatility measures the expected future variability of a market price. It is generally quoted as a percentage; a higher number represents a more volatile instrument, for which larger swings in price (or interest rate) are expected. Volatility is a key input used to estimate the future prices for the underlying instrument (equity share). Interest rate volatility varies from time to time and therefore, it is not viable to make reliable and meaningful general statements about volatility levels.

Discount Rates

Discount rates are used for calculating the present value of future cash flows. In discounted cash flow models, discount rates are used as the direct reflection of the expected rate of return of the investments made by the company in the due course of the business. Hence, these rates reflect the net present value of an asset. They generally reflect the premium an investor expects to achieve over the benchmark interest rate to compensate for the higher risk driven by the uncertainty of the cash flows caused by the credit quality of the asset. They can be implied from market prices and are usually unobservable for illiquid or complex instruments.

Recovery Rates

Recovery rates reflect the estimated loss that the company will suffer given expected defaults (Non-performing Assets). The recovery rate is given as a percentage and reflects the opposite of loss severity (i.e. 100% recovery reflects 0% loss severity). In line with the operation of the Company, probability of Non-performing assets to loss assets plays an important role to ascertain the recovery rates. Higher loss severity levels / lower recovery rates indicate lower expected cash flows upon the default of the instruments. Recovery rates for complex, less liquid instruments are usually unobservable and are estimated based on historical data.

Revenue from operations

Revenue is the value of all sales of goods and services recognized by a company in a period. Revenue (also referred to as Sales, Turnover, or Income) forms the beginning of a company's Income Statement and often considered the "Top Line" of a business. Growth in revenue from operation directly impacts the profitability of the company, as operation expenses are deducted from a company's revenue to arrive at its profit.

36.11. Sensitivity of fair value measurements to changes in unobservable market data

Sensitivity of fair value measurements to changes in unobservable market data cannot be ascertained due to potential off-sets from economic or accounting hedge relationships in place.

36.12. Fair value of financial instruments not measured at fair value

Set out a comparison, by class, of the carrying amounts and fair values of the Company's financial instruments that are not carried at fair value in the financial statements. This table does not include the fair values of non-financial assets and non-financial liabilities

36.12.1. Valuation Methodology of financial instruments not measured at fair value

Below are the methodologies and assumptions used to determine fair values for the above financial instruments which are not recorded and measured at fair value in the Company's financial statements. These fair values were calculated for disclosure purposes only. The below methodologies and assumptions relate only to the instruments in the above tables and, as such, may differ from the techniques and assumptions explained in Note 36.4.

Short-term financial assets and liabilities

For financial assets and financial liabilities, that have a short-term maturity (less than twelve months), the carrying amounts, which are net of impairment, are a reasonable approximation of their fair value. Such instruments include: cash and cash equivalents, Trade receivables, balances other than cash and cash equivalents, trade payables and contract liability without a specific maturity. Such amounts have been classified as Level 2 on the basis that no adjustments have been made to the balances in the balance sheet.

Loans and advances to customers

The carrying amount of fixed interest rate bearing loans and floating interest rate bearing loans are taken as fair values. It is classified under Level 3.

Financial asset at amortised cost

The fair values of financial assets at amortised cost are the carrying amount of the financial asset. It is classified under Level-3.

Debt Securities

Fair value of traded bonds is market price of the bonds as on the balance sheet date or close to balance sheet date. It is classified as Level 2 since it is not actively traded. Fair value of non-traded bonds is calculated based on discounted cash flow method (income approach) and it is classified as Level 3.

In case of Commercial Paper which is Current Liability i.e. short term maturity (less than or equal to twelve months), the face value of outstanding commercial paper is considered as fair value and is classified as Level 3

Borrowing other than debt securities

The carrying amount of fixed interest rate bearing borrowings and floating interest rate bearing borrowings are taken as fair values, since these are reasonable approximation of their fair value. It is classified under Level 3.

NOTE 37: Risk Management

37.1. Introduction and risk management structure

Company, being a Housing Finance Company is exposed to various types of risks like credit risk, operational risk, liquidity risk, market risk and foreign currency risk. Company is fully committed to manage these risks in an effective and proactive manner, for which HUDCO has in place a Risk Management Policy and Operating Manual in line with its objectives covering both the internal and external environment. With a view to minimize the impact of various risks to which Company is exposed to, Company has in place a Board level Committee namely 'Risk Management Committee of the Board' (RMCB) which reviews various suggestions/ recommendations/reports and action taken by three sub-committees namely:

- Assets & Liabilities Management Committee (ALCO);
- Credit Risk Management Committee (CRMC); and
- Operational Risk Management Committee (ORMC)

HUDCO has effective Assets and Liabilities Management system. ALCO reviews the risks relating to Assets and Liabilities and ensures management of mismatches through liquidity gap analysis, interest rate sensitivity analysis as per NHB guidelines. It is ensured that the ALM risks, if any, are managed within the permissible limits.

The Credit Risk Management Committee (CRMC) oversees and ensures that the institution's credit policies are complied with and the procedures are being consistently applied.

The Operational Risk Management Committee (ORMC) oversees and ensures the implementation of operational risk framework to explicitly manage each and every source of operational risk including Technology risk, Employee risk, Customer risk, Capital Asset risk and External risk.

37.2. Credit risk

For management of credit risks in an effective manner, Company has established a strong appraisal mechanism containing comprehensive appraisal techniques/ guidelines in order to ensure timely repayments of principal & interest amount

37.2.1. Derivative financial instruments

Credit risk arising from derivative financial instruments is, at any time, limited to those with positive fair values, as recorded on the balance sheet.

With gross-settled derivatives, the Company is also exposed to a settlement risk, being the risk that the company honours its obligation, but the counterparty fails to deliver the counter value.

37.2.2. Exposure to credit risk

The carrying amount of financial assets represents the maximum credit exposure. The maximum exposure to credit risk was ₹76,989.92 crore and ₹74,291.89 crore as of 31st March, 2022 and 31st March, 2021 respectively, being the total of the carrying amount of balances with loans.

37.2.3 Analysis of risk concentration

HUDCO takes into consideration NHB/RBI norms for risk categorisation and the norms adopted for extending loan under HUDCO Niwas. Higher LTV is permissible for lower loan amounts while LTV reduces with the higher loan amounts. (Refer Note:10A)

37.3. Liquidity risk

To manage the liquidity risk, Company has in place an effective Asset Liability Management System. The liquidity risk is being monitored with the help of liquidity gap analysis. Further, the funds are mobilized at competitive rates through various strategies viz. bonds, public deposits, term loans etc.

The Company maintains a pool of liquid assets which represents the primary source of liquidity in stress scenarios. Its composition is subject to limits designed to reduce concentration risks which are monitored on an on-going basis.

37.4. Market risk

In order to mitigate the risks arising from fluctuations in interest rates and foreign currency exchange rates, Company periodically reviews and determines its lending rates based on its cost of funds and the market scenario. Further, the interest rate risk is being monitored with the help of interest rate sensitivity analysis under the Asset Liability Management System.

37.4.2. Interest rate risk

The interest rate risk is being monitored with the help of interest rate sensitivity analysis under the Asset Liability Management System.

The following table demonstrates the sensitivity to a reasonably possible change in interest rates (all other variables being constant) of the Company's statement of profit and loss and equity.

The sensitivity of the statement of profit and loss is the effect of the assumed changes in interest rates on the profit or loss for a year, based on the floating rate non-trading financial assets and financial liabilities held at 31st March, 2021 and 31st March, 2022.

Particulars	Increase/ (Decrease) in basis points	Sensitivity of Profit & Loss	Sensitivity of Equity	Increase/ (Decrease) in basis points	Sensitivity of Profit & Loss	Sensitivity of Equity

Debt Securities	100/(100)	0.04/(0.04)	-	246/(246)	0.31/(0.31)	-

37.4.3. Currency risk

In order to mitigate the risks associated with Foreign Currency Fluctuations, Company has a Foreign Currency Risk Management policy.

The table below indicates the currencies to which the Company had significant exposure at the end of the reported periods. The analysis calculates the effect of a reasonably possible movement of the currency rate against the INR (all other variables being constant) on the statement of profit and loss (due to the fair value of currency sensitive monetary assets and liabilities). A negative amount in the table reflects a potential net reduction in the statement of profit and loss or equity, while a positive amount reflects a net potential increase. An equivalent decrease in each of the currencies below against the INR would have resulted in an equivalent but opposite impact.

Currency	Change in currency rate in % 2021-22	Effect on profit before tax 2021-22 ₹ in crore	Effect on equity 2021-22 ₹ in crore	Change in currency rate in % 2020-21	Effect on profit before tax 2020-21 ₹ in crore	Effect on equity 2020-21
USD	1	0.97/(0.97)	-	1	1.62/(1.62)	-
JPY	1	0.27/(0.27)	-	1	0.59/(0.59)	-

37.4.4. Equity price risk

Equity price risk is the risk that the fair value of equities decreases as a result of changes in the level of equity indices and individual stocks. At 10 per cent increase in the value of the Company's equities at 31st March, 2022 would have increased equity by ₹18.02 crore. An equivalent decrease would have resulted in an equivalent but opposite impact and would cause a potential impairment, which would reduce profit before tax by approximately ₹18.02 crore.

37.4.5. Operational Risk

In order to mitigate the operational risk(s) associated with the operations of the organization both internal as well as external including technology risk, employee risk, capital asset risk, external risk, compliance risks viz. external fraud, legal risk, etc, Company has established a strong reporting and monitoring mechanism.

Operational Risk Management framework covers managing each and every source of Operational Risk as a distinct risk to the institution's safety and soundness. The requisite information on the Operational risk is obtained through quarterly reports of 'Operational Risk Factors and Key Risk Indicators (KRIs)' from Regional Offices/ departments which are further reviewed and analysed for mitigation of operational risk.

NOTE 39 : Ind AS-116 Leases-Amendment effective from 01st April, 2019

The Company adopted Ind AS 116 using the modified retrospective method of adoption with the date of initial application of 01st April, 2019. Under this method, the standard is applied retrospectively with the cumulative effect of initially applying the standard recognized at the date of initial application. The Company elected to use the transition practical expedient not to reassess whether contract is or contains lease at 01st April, 2019. Instead, the Company applied the standards only to contracts that were previously identified as leases applying Ind AS 17.

Before the adoption of Ind AS 116, the Company classified each of its leases (as lessee) at the inception date as either a finance lease or an operating lease. Upon adoption of Ind AS 116, the company applied a single recognition and measurement approach for all leases except for short-term leases.

Leases previously classified as finance leases

The Company did not change the initial carrying amounts of recognized assets at the date of initial application for leases previously classified as finance leases.

Leases previously accounted for as operating leases

Company has lease contracts for the office building which are cancellable by the both the lessor and lessee. Company has some contracts which are cancellable by the either lessor and lessee and at present there is no estimation by the company to continue or discontinue the same, further amount of that leases is not material for the company and therefore company is not creating ROU on that assets based on the materiality as per the guidance given under the Indian accounting standard. Further company used hindsight in determining the lease term where the contract contained options to extend or terminate the lease and therefore its leases are covered under the short-term leases as per the guidance under the Ind AS-116.

Amounts recognised in Statement of Profit and Loss relating to short term leases is ₹1.55 crore during the year 2021-22 and in the previous year 2020-21 is ₹1.59 crore.

b) Company as a Lessor

The Company has given its Assets on the leases; details of the same are given under the Note No-14A Investment Property.

Lease Rental recognized as income during the year 2021-22 is ₹49.04 Crore and in the Previous year 2020-21 is ₹40.60 crore.

NOTE 40: EXPLANATORY NOTES TO ACCOUNTS

The above does not include any contingent liability in respect of Andrews Ganj Project (AGP), arising on account of various court cases/ arbitration/ allottees' claims against cancellation of allotment etc., as in this case, HUDCO is only working as an agent being project executed on behalf of Govt. of India. As such, liability (if any) whenever ascertained / finalized shall be passed on to MoHUA, Govt. of India and met out of AGP (No Lien AGP Account), being maintained separately, in line with the directions of the then MoUD.

3) **Andrews Ganj Project**

- i) HUDCO had initiated execution of Andrews Ganj Project (AGP) on behalf of the then Ministry of Urban Development, (MoUD) in the year 1989-90.
- ii) As per minutes of the meeting held on 7th September, 1995, it has been agreed to pay interest @ 17% p.a. (simple) on the expenditure incurred on AGP along with 1.5% of project cost as administrative charges.
- iii) As per Perpetual Lease Deed dated 04th July, 1997, the Company is liable to make available "Net Resources" from the development and disposal of properties of the AGP to then MoUD and accordingly the Company was crediting interest on Net Resources generated on the project upto 03rd November, 2004. Subsequently, a separate "No Lien AGP Account" has been opened under the name of "HUDCO AGP Account", in which the surplus lying to the credit of the then MoUD was credited and interest accrued/ earned on "No Lien AGP Account" was also credited to that account.
- iv) HUDCO contends that as per minutes of the meeting held on 07th September, 1995 and in terms of Perpetual Lease Deed dated 04th July, 1997, the status of the Company is "Agent of MoUD". The contention of HUDCO is that it is working as an agent and as such total ownership rights and responsibilities of AGP are of MoHUA-GOI (erstwhile MoUD) and there is no financial liability of HUDCO in respect of AGP. This has been upheld by learned Shri GE

NOTES : 40 (Contd.)

Vahanvati, the then Solicitor General of India, vide his opinion dated 12th April, 2005. This opinion was re-confirmed by learned Shri GE Vahanvati as Attorney General of India vide his opinion dated 19th August, 2009. The opinion was also duly endorsed by the then Law Secretary and Law Minister of Government of India.

- v) Keeping this position in view and in accordance with HUDCO's Board decision in 459th meeting dated 24th August, 2009, HUDCO has been making payments / settling claims on Ministry's behalf and accounting them in "No Lien AGP Account" being separately maintained by HUDCO. As on 31st March, 2022, this account has a deficit in the form of debit balance of ₹526.27 crore, recoverable from MoHUA(erstwhile MoUD). This represents amount paid by HUDCO on behalf of the Ministry for the capital and revenue expenditures on AGP project over and above the recoveries and the accumulated interest amounting to ₹263.30 crore charged @ 10.75% p.a. (simple), on excess of expenditure over recoveries. The MoHUA (erstwhile MoUD) in a meeting held on 27th April, 2015 have also asserted that HUDCO shall continue to implement and manage the AGP in terms of Perpetual Lease Deed and all the pending issues shall be looked into for resolution by the Ministry. The MoHUA (erstwhile MoUD) in the said meeting has also decided that HUDCO as a Lessee will bear all the liabilities including the liabilities generated out of compliance of various court orders in cases related to the project. The company vide its letter dated 30th September, 2015, conveyed its reservation to accept the decision for bearing the liabilities of Andrews Ganj project as HUDCO is acting as an agent of MoHUA, Government of India, for AGP, in terms of perpetual lease deed conditions and other agreed terms.
- vi) The Ministry has been informed specifically of the above facts and figures on various occasions through correspondence as also in the meetings. A communication was received from Dy. L&DO vide letter dated 22nd March, 2016 wherein Dy. L&DO had conveyed that HUDCO may continue to implement Andrews Ganj project and manage "No Lien AGP Account" in line with the terms and conditions as stipulated in the Perpetual Lease Deed dated 04th July, 1997. The Ministry again informed in specific vide Dy L&DO letter dated 31st May, 2018 that HUDCO as a lessee is permitted to incur/book maintenance and legal expenditure in respect to Andrews Ganj Project from "No Lien AGP Account". Like earlier years, in-line with the minutes of meeting dated 07th September, 1995, the perpetual lease deed dated 04th July, 1997, income of ₹ 28.02 crore on account of interest accrued on AGP Project has been credited to Statement of Profit and Loss for the period year ended 31st March, 2022.
- vii) As decided by HUDCO Board in its 596th meeting held on 14th June, 2018, Ministry of Housing and Urban affairs has been requested vide letter dated 09th July, 2018 to consider taking over the Andrews Ganj project with assets and liabilities and pay the amount incurred / to be incurred by HUDCO, towards implementing the project. It has also been conveyed that "till the project is taken over by Ministry", HUDCO shall be continuing implementing the project as per existing arrangements and continue booking maintenance and legal expenses, interest @ 10.75% p.a. and administrative charges @1.5% in "No Lien AGP Account". The decision on the same from the Ministry is awaited.
- viii) The company, in its aforesaid capacity as an agent of MoHUA (erstwhile MoUD), relating to AGP, is in possession of real estate properties (9 guest houses blocks and hotel site) which command much higher realizable market value sufficient to recover aforesaid amount of ₹ 526.27 crore, as on 31st March, 2022.
- ix) MoHUA was requested vide letter dated 13th January, 2021 to make arrangements towards reimbursement of the amount recoverable endorsement for settling the same from the project proceeds as and when the same are realized, which is also in line with the Lease agreement and well settled and agreed.

In reply to the same, Ministry vide letter dated 10th March, 2021 has requested for certain additional information including the breakup details of principal amount and interest amount as contained in the "No Lien AGP Account" to process HUDCO's request.

Ministry vide letter dated 28th June, 2021 has stated that the "HUDCO's proposal is under examination in consultation with IFD, MoHUA. Till the proposal of HUDCO vide their letter dated 13th January, 2021 is approved, the existing arrangement may be continued as conveyed vide this office letter dated 22nd March, 2016 and 31st May, 2018".

- (c) i) The Company had allotted a hotel site including car parking space to M/s .Tomorrowland Technologies Exports Ltd. i.e. TTEL (formerly known as M/s. M S Shoes East Limited). Due to default in payment of installments by TTEL, the Company cancelled the allotment of hotel site including car parking space and forfeited the amount paid by TTEL in terms of the allotment letter.

TTEL started litigation regarding hotel site and filed suit for declaration in lower courts that cancellation of allotment letter by HUDCO, be declared as null & void. The Sr. Civil Judge passed final order dated 03rd July, 2010 against HUDCO. HUDCO filed first appeal against the Order of Sr. Civil Judge Before Additional District Judge (ADJ) Delhi. The ADJ vide Order dated 18th July, 2014 dismissed the first appeal of HUDCO and passed the judgment in favour of

NOTES : 40 (Contd.)

TTEL. HUDCO filed Regular Second Appeal (RSA) with Hon'ble High Court of Delhi which passed the final judgment on 03rd July, 2016 in favour of HUDCO. TTEL challenged the High Court Order by filing SLP NO: 34338/2016 in the Supreme Court. The matter is currently in pendency before Hon'ble Supreme Court.

- ii) The allotment of 9 blocks of guest houses, restaurants, kitchens and shops, which were allotted to TTEL, was cancelled due to default in payment of installment by TTEL and amount of first installment paid by TTEL was forfeited as per terms of allotment letter. TTEL filed a civil suit for permanent injunction and possession against HUDCO & Union of India. The Hon'ble High Court, vide Order dated 10th August, 2016, directed that HUDCO & Union of India should consider the proposal given by TTEL for refund of entire amount deposited by way of 1st installment by it with HUDCO along with interest at such rate which may be deemed appropriate by Court.

In view of Hon'ble High Court of Delhi order dated 10th August, 2016, the Board in its 568th meeting held on 23rd August, 2016 resolved to approve the proposal to refund first installment forfeited by HUDCO excluding earnest money & the interest for delayed payment paid thereof by TTEL for guest house blocks after adjusting the commercial losses caused to HUDCO and other expenses incurred by HUDCO since 1997-98 from the date of completion of project subject to necessary approval/NOC of MoUD, Govt. of India.

The Hon'ble High Court passed a decree dated 13th January, 2017 for payment of 1st installment of ₹35.75 crore to TTEL along-with interest @ 6% p.a., w.e.f. 30th January, 1995 till date of payment and directed HUDCO to refund the interest paid by TTEL (₹0.99 crore) on the delayed period of payment of 1st installment (from 30th November, 1994 till 30th January, 1995). If the entire amount is not paid on or before 31st December, 2017, the rate of interest would then stand enhanced to 11% p.a. However, the decree was made in-executable till 30th June, 2017.

TTEL filed Review Petition in the month of May, 2017, before Hon'ble High Court of Delhi for review of the Decree dated 13th January, 2017, praying inter-alia for refund of EMD, grant of interest @ 16.48% p.a. on quarterly rests. Subsequently, Review Petition filed by TTEL was disposed off by the High Court on 12th December, 2017. Thereafter, TTEL has filed Special Leave Petition (SLP No 10752/53 of 2018) in Hon'ble Supreme Court against the Decree dated 13th January, 2017 and Hon'ble High Court Order dated 12th December, 2017. The Company filed application for recalling the Hon'ble High Court Order dated 13th January, 2017, in view of the Review Petition filed by TTEL and directions of Govt. of India. The matter was listed on 28th August, 2018, after hearing all parties, Hon'ble High Court dismissed the "Recall Application" of HUDCO. HUDCO filed SLP in Supreme Court challenging the High Court Order dated 28th August, 2018 and 13th January, 2017. Vide Order dated 18th September, 2018, the Hon'ble Supreme Court has dismissed the SLP as withdrawn, with liberty to HUDCO to file all legal objections regarding the executability of the decree in the executing Court.

Further, TTEL also filed first Execution Petition in Delhi High Court and later on, the same was also withdrawn by TTEL on 23rd December, 2017. Thereafter, TTEL has filed Revised Execution Petition, making Govt. of India also a party and claiming rate of interest @ 11% p.a. as per the decree dated 13th January, 2017. The matter was listed on 3rd May, 2018, wherein the Hon'ble High Court first directed for attachment of HUDCO Property i.e. HUDCO Bhawan, IHC, Lodhi Road, New Delhi. However, after hearing the submission of HUDCO vide the same order, Hon'ble High Court kept the attachment order of HUDCO Property in abeyance till the next date and also directed that HUDCO will not sell the property at Andrews Ganj, Delhi. Further, the learned Justice V.N. Khare, former Chief Justice of India, has opined that, "HUDCO's consent to perform the terms of the Order dated 13th January, 2017 was conditional on UOI's support and in the event any liability is indeed ascribed to HUDCO, the same should then be recoverable from the UOI".

In view of the Supreme Court's Order dated 18th September, 2018, HUDCO filed objection in the Execution Petition, pending in Delhi High Court. The matter was listed on 29th October, 2018. After hearing the submission of HUDCO's Counsel, the Hon'ble Court dismissed the objections. HUDCO filed two appeals in Delhi High Court as under: -

- i) Regular first Appeal (RFA 79/2018) against the final order/ decree 13th January, 2017 and order dated 28th August, 2018 (Dismissal of Recall application by High Court). Notices have been issued.
- ii) Execution First Appeal (EFA No 19/2018) against the order dated 29th October, 2018, wherein objections of HUDCO in execution petition were dismissed. The matter was listed on 27th November, 2018. After hearing the matter, the Hon'ble Court stayed the execution proceeding pending in Delhi High Court till the next date. The matter was listed again on the application of the M/s TTEL for vacation of stay on 08th July, 2020 before Division Bench, Delhi High Court, after hearing the matter, the Hon'ble Court directed that Execution First Appeal (EFA) 19/2018) shall be adjourned sine die and will be listed after the final disposal of the Regular First appeal (RFA 79/2018). The parties are at liberty to move the application for revival of EFA after final disposal of RFA 79/2018. Till the further order, the stay on the Execution

NOTES : 40 (Contd.)

proceedings shall be continued. Both the cases are pending.

TTEL filed SLP in Supreme Court, against the High Court Order dated 27th November, 2018, wherein High Court stayed the execution proceedings. However, the same has been withdrawn by TTEL on 14th January, 2019.

TTEL has filed Special Leave Petition (SLP No 10752/53 of 2018) in Supreme Court against Decree dated 13th January, 2017 and Hon'ble High Court Order dated 12th December, 2017. The SLP filed by TTEL is currently pending in Hon'ble Supreme Court. Further, in the SLP No 10752/53 of 2018, the Union of India has filed an affidavit denying its liability on this account. The said affidavit, was placed before the Board of Directors of HUDCO and as per the decision, the company has also filed a reply/affidavit to the affidavit of Union of India denying its liabilities on account of the same bases on perpetual Lease Deed 04th July, 1997 and Record Note of discussion dated 07th September, 1995. The matter is currently pending before Hon'ble Supreme Court of India.

Hence, in view of the facts and circumstances stated above, the Company does not expect any liability on this account and any expenditure related thereof. In case of any liability by virtue of any court order or otherwise, the same shall be in the account of "No Lien AGP Account" of MoUD, based on the facts and documents and the legal opinions obtained by HUDCO.

- (d) The arbitrator has passed an award in favour of M/s. Ansal Properties and Industries Ltd. (APIL) amounting to ₹8.84 crore along with interest @ 18% p.a. on 28th July, 2005 in respect of the property leased to APIL at AGP. The Arbitrator has also allowed the counter claim of HUDCO amounting to approximately ₹0.85 crore along with interest @ 18% p.a. on account of maintenance charges w.e.f. 1st January, 2001 up-to 31st July, 2005. HUDCO has challenged the award before the Hon'ble High Court of Delhi and, as per the directions of the court, has deposited a sum of ₹7.99 crore in the court out of "No Lien AGP Account". Now, the case is listed before Registrar General, Hon'ble High Court for further proceedings.

APIL has invoked arbitration for refund of ground rent paid by it from November, 1995 to October, 1999 and the arbitrator has pronounced the award on 21st July, 2006 holding therein that APIL is not liable to pay the ground rent up to October, 1999 i.e. till the shopping arcade was constructed and became operational in October, 1999. The amount of ₹3.93 crore deposited earlier by APIL has been directed to be adjusted towards the future ground rent payment dues w.e.f. November, 1999 along-with Interest @ 7% p.a. for delayed payment. HUDCO has filed petition challenging the award before the Hon'ble High Court of Delhi. The Hon'ble High Court on 10th May, 2012 has set aside the arbitration award dated 21st July, 2006. APIL filed an appeal against the above-mentioned order before Division Bench of Hon'ble High Court, Delhi. Division Bench vide its order dated 24th January, 2013, allowed APIL appeal and upheld the Arbitrators award. HUDCO filed SLP on 10th May, 2013 before Hon'ble Supreme Court against this order which is currently pending.

- 4) HUDCO had allotted 6435 sq. mtr. of built-up space in 1993 at HUDCO Vishala, Bhikaji Cama Place, New Delhi to EPFO on Long Term Sub-lease basis. The sub-lease in favour of EPFO is yet to be executed and ₹0.35 crore is recoverable from EPFO.
- 5) (a) The Company has a procedure for seeking confirmation of outstanding balances at each quarter end from all the borrowers except cases under litigation. In case of receipt of balance confirmation from the agency for any Quarter of the year, the same is treated as confirmed during the year. Confirmation of balances covering approximately 92.63% received upto 11th May 2022 (previous year 89.65% received upto 14th June 2021) in value of the total project loan outstanding (excluding Litigation cases) have been received from the borrowers.
- (b) The Company has impairment provision on loans (as per ECL approach) of ₹2,504.23 crore as on 31st March, 2022 and ₹2,753.78 crore as on 31st March, 2021 as per Ind-AS requirement.
- (c) As per RBI notification no. RBI/2019-20/170 Circular DOR (NBFC).CC.PD.No.109/ 22.10.106/2019-20 dated 13th March, 2020 on implementation of Indian Accounting Standards, Housing Finance Companies are required to create an Impairment Reserve for any shortfall in impairment allowances under Ind-AS 109 and IRAC norms (including provision on standard assets). The impairment allowance under Ind-AS 109 made by the company is lower than the total provision required under IRAC as at 31st March, 2022 and accordingly, impairment reserve of ₹60.18 crore has been created.

- 6) The receipts from the agencies in the loan accounts is appropriated as per loan agreement in the following order:
- Other dues/ expenses recoverable
 - Penal interest
 - Normal interest
 - Principal

In the event of excess payment, the same is adjusted towards principal.

However, in respect of default cases, repayments are first adjusted towards liquidation of the oldest default by following above order and after appropriation of default, the balance, if any, is adjusted as per the normal practice as above.

- 7) During the FY 2020-21, the company has implemented restructuring plan in case of RKM Powergen Pvt Limited in December, 2020, with principal outstanding ₹482.57 crore, as per RBI Circular dated 7th June, 2019 on "Prudential Framework for

NOTES : 40 (Contd.)

Resolution of Stressed Assets". As per the restructured plan part of the outstanding loan was converted into a Sustainable Debt of ₹297.12 crore and as per NHB norms, the same was kept as Sub-standard under watch period for one year. Now, after completion of period of one year and on regular servicing of the dues, the said account has been upgraded to Standard Asset and the corresponding ECL allowance has been reversed during the current year.

- 8) Our country has experienced waves of Covid-19 pandemic following the discovery of new mutant variants. Temporary localised regional lockdowns were imposed, which were subsequently lifted. Improved coverage of vaccination programme and growing immunity against the disease has resulted in witnessing recovery of demand. As HUDCO operates in the space of providing financial assistance for Housing and Urban development projects of Government and Government agencies, the company has strong credit profile with stable assets class, smooth liquidity access and availability of contingency buffers. The company has no reason to believe that Covid-19 crisis will have any significant impact on its operations including the going concern assessment. However, the impact will continue to depend on uncertain future developments of further variants and their severity.
- 9) The Company had made Long Term Investments at a total cost of ₹99.86 crore which represents Trade Investment in Equity Shares, Investments in Associates, Infrastructure Debt Fund and bonds. As per the applicable Ind AS, Investments as on 31st March, 2022 are being shown at fair value through profit or loss of ₹253.94 crore.

- 10) Loans granted by the company directly to individuals and bulk loans under HUDCO Niwas Scheme are secured fully/partly by:

- (i) Equitable Mortgage of the property and /or
- (ii) Undertaking to create security through execution of Tripartite Agreement between the Company, borrower and the Developing Authority / Developer;
- (iii) Hypothecation of Distribution Assets of the borrower Company.
- (iv) Negative Lien on the assets of the borrower Company. Assets of the Company include the book debts and future receivable.
- (v) Government Guarantee, first charge on the assets of the housing finance company or First Pari-Passu charge on the outstanding loans or Exclusive Charge/ First Pari-Passu charge on the present and future receivables/ Book Debts, Escrow mechanism, postdated cheques or ECS or RTGS, First Pari-Passu charge on immovable property/ Undertakings, Demand promissory note and irrevocable Power of Attorney in favour of HUDCO to recover the money from individual borrowers.

In addition to (i) and (ii) above, the assignment of Life Insurance Policies, pledge of National Saving Certificates, Fixed Deposits, etc. are also obtained.

- 11) The Company has adopted Ind AS-19 'Employee Benefits'. Defined employee benefit schemes are as follows:

- (a) The Company has a separate trust to manage provident fund scheme and provides interest guarantee as per Employees' Provident Fund Scheme, 1952. The Company pays fixed contribution of provident fund at a predetermined rate to the trust, which invests the funds in permitted securities. The trust is required to pay a minimum notified rate of interest on contribution to the members of the trust and the provident fund scheme additionally requires the company to guarantee the payment of interest at rates notified by the Central Government from time to time under the Employees' Provident Fund Scheme, 1952 and recognizes such deficiency as an expense in the year it is determined.

In view of the interest rate guarantee by the Company, the plan although being a defined contribution plan is being treated as defined benefit plan for the purpose of disclosure as per Ind AS 19, since as per Section 17 of the Employees Provident Funds (EPF) Act, 1952, the company has to guarantee the interest rate as announced by the EPFO from time to time. Accordingly, the actuarial valuer has done valuation to the extent of interest rate guarantee and details of the same have been disclosed as given below.

The fair value of the plan assets of the Provident Fund and the accumulated members' corpus is ₹338.93 crore and ₹377.44 crore respectively (Previous year - ₹328.88 crore and ₹364.09 crore respectively). The fair value of the assets of the provident fund as at 31st March, 2022 is lower than the obligation under the defined contribution plan. Provision of ₹38.51 crore (Previous year ₹35.21 crore) is outstanding based on actuarial valuation.

The charge to Profit and loss Account for the valuation period is ₹11.31 crore. The amount for Other Comprehensive Income is ₹2.58 crore.

The actuarial assumptions include discount rate of 6.81% (Previous year - 6.55%) and an average expected future

period of 6.85 years (Previous year 8.39 years). The Company recognized ₹10.62 crore (Previous year - ₹9.44 crore) for Provident Fund contributions in the Statement of Profit and Loss. The contributions payable to this plan by the Company are at rates specified in the rules of the schemes.

- (b) The Company has a defined benefit gratuity plan. Every employee is entitled to gratuity as per the provisions of the payment of Gratuity Act, 1972. The scheme is managed by a separate trust through LIC Policy and the premium paid by the Trust is funded by the Company.
- (c) The summarized position of various defined benefit schemes recognized in the Statement of Profit & Loss, Balance Sheet and the funded status are as under:

- 13) The Govt. of India through its Notification dated 9th August, 2019 had made Reserve Bank of India (RBI) as the regulator for HFCs and the supervision part continued to remain with NHB.

RBI has issued notification dated 22nd October, 2020, on regulatory framework for HFCs, by which the definition of HFCs has undergone a change. As per the notification, HFC shall mean a company incorporated under the Companies Act, 2013 which inter-alia, fulfills the following conditions:

- The financial assets, in the business of providing finance for housing constitute at least 60% of its total assets and
- Out of the total assets not less than 50% should be by way of housing finance for individuals.

HFCs which are unable to fulfill the criteria shall be treated as NBFC – Investment and Credit Companies (NBFC-ICC).

HUDCO qualifies as a HFC as per Para 1(a) of the RBI circular, but the condition of 50% financing to Individuals is not met out, as mentioned in point no. 1(b) above. Accordingly, in view of the non-fulfillment of the above condition, HUDCO requested RBI vide letter dated 16th December, 2020 for special dispensation to HUDCO for granting exemption from the clause pertaining to 50% lending to individuals and treat HUDCO as HFC.

RBI in its reply letter dated 10th February, 2021 has informed its inability to accede to HUDCO's request for exemption and accordingly suggested to submit a Board approved plan to fulfill the principal business criteria for HFC or to convert into a NBFC-ICC.

In the meantime, as per RBI's Master Directions issued vide Notification dated 17th February, 2021 for NBFC-HFC, certain circulars issued by NHB have been repealed. As HFC status is ruled out by the RBI, the decision to convert HUDCO into NBFC- Investment and Credit Company (ICC) or Infrastructure Finance Company (IFC) from the present HFC status, requires detailed analysis to be carried out on various pros and cons.

RBI was requested vide letter dated 8th March, 2021 to grant six months' time for transition to NBFC and to retain the status of HFC and to continue operations with the special dispensations/ relaxations given earlier with regard to credit concentration norms/ exposure norms permitted by NHB/ RBI.

In response to HUDCO's request, RBI vide letter dated 26th March, 2021 has granted six months' time to submit Board approved plan for conversion to NBFC. RBI has further advised that the exemptions from concentration/exposure norms granted previously by NHB/RBI would continue to apply at present subject to the conditions specified while granting such exemptions. Owing to second wave of Covid 19 pandemic, RBI was requested vide letter dated 23rd September, 2021 to grant further six months' time to HUDCO for submission of Board approved plan for transition to NBFC – IFC. In response to HUDCO's request, RBI vide letter dated 27th September, 2021 granted time till 31st December, 2021 to submit Board approved plan for conversion to NBFC.

NOTES : 40 (Contd.)

The proposal for transition of HUDCO from its present status of HFC to NBFC – IFC was approved in principle by the HUDCO Board in its meeting held on 28th December, 2021. Thereafter HUDCO required approval from Ministry of Housing and Urban Affairs for the conversion before submission of application form to RBI. RBI was requested vide letter dated 28th December, 2021 to grant three months' time for submission of application to RBI and to retain the status of HFC and to continue operations with the special dispensations/ relaxations given earlier with regard to credit concentration norms/ exposure norms permitted by NHB/ RBI. In response to HUDCO's request, RBI vide letter dated 31st December, 2021 granted time till 31st March, 2022 for conversion from HFC to NBFC-IFC.

HUDCO has submitted application to RBI on 29th March, 2022 to convert from HFC to NBFC-IFC. The RBI vide its letter dated 8th April, 2022 called for specific details and information from HUDCO.

The management reckons to receive the said approval from RBI in FY 2022-23. Till such time, HUDCO continues to retain the status of HFC.

- 14) RBI has issued Master Directions for NBFC-HFC vide their Notification dated 17th February, 2021. RBI's credit concentration norms state that a Housing Finance Company's lending exposure to any single borrower or investment in the shares of another company should not exceed 15% of its owned funds and lending exposure to any single group of borrowers or investment in the shares of single group of companies should not exceed 25% of its owned funds. As per the said circular, Investment of a Housing Finance Company (HFC) in the shares of another HFC shall not exceed 15% of the Equity Capital of the investee company.

The Company is complying with National Housing Bank's credit concentration norms except in one case of investment in another HFC viz., Indbank Housing Ltd. (IBHL), a subsidiary of Indian Bank in which HUDCO has invested 25% capital of investee.

HUDCO had invested ₹2.50 crore, even before guidelines were applicable, in the Equity Shares of IBHL, whose total paid-up capital is ₹10 crore resulting in investment to the extent of 25% of the equity.

IBHL through their letter has informed that the earlier decision for merger of IBHL with the parent bank was taken by the IBHL Board on account of the then situation prevailing at that point of time. IBHL took various steps towards revival of housing finance business. The authorized capital of the company was increased from ₹50crore to ₹150crore. The company-initiated steps for restructuring of capital by converting loan liabilities of Indian Bank into Compulsory Convertible Preference shares (CCPS) carrying 0.01% rate for ₹129crore. However, the required permission of RBI was not forthcoming and hence conversion of loan liability to CCPS could not be carried out.

IBHL has engaged the services of SBI Capital Market Services Ltd with effect from 1st August 2019 for the purpose of finding suitable investor. Since then, several discussions have taken place with real estate players and PE investors, however, the deal is yet to materialize. HUDCO would also exit partially/ fully once new investor is finalized

NHB/ RBI, from time to time, has given certain relaxations from credit concentration norms considering the role envisaged for HUDCO. However, vide its letter No. NHB(ND)/ DRS/ SUP/ 3911/ 2018 dated 2nd April, 2018, NHB capped the credit concentration (Exposure) limit for Government/Public agencies as follows:

- (a) The individual exposure limit of HUDCO to Government/Public Agencies (inclusive of the exposure limit of upto 30% for infrastructure/ non-housing related activities) shall be capped at 50% of its NOF.
- (b) The exposure limit of HUDCO for State Government (under group exposure) shall be capped at 150% of its NOF in respect of State of Telangana and 100% of NOF for all other States. HUDCO is required to take suitable steps to bring down the group exposure in respect of State of Telangana also to 100% within a maximum period of 3 years. The conditions relating to compliance by the concerned State with the FRBM limits shall continue to be ensured by HUDCO.

The Board of Directors of HUDCO in its 594th meeting held on 19th April, 2018 considered above and directed that "NHB be again requested to expeditiously review its decision communicated vide its letter dated 2nd April, 2018 and permit HUDCO to continue on the already approved pattern of credit concentration norms communicated by NHB vide its letters from time to time".

NOTES : 40 (Contd.)

NHB vide its letter no. NHB(ND)/DRS/SUP/7085/2018 dated 13th July, 2018 has conveyed its decision to allow HUDCO to continue its disbursements as per the schedule in relation to the existing sanctions made upto 31st May, 2018. However, HUDCO shall be required to take suitable steps to bring down the exposure to Government/Public Agencies and State Governments (under group exposure) in the above cases also to 50% and 100% respectively latest by March, 2023.

The exposure limits of upto 50% for Government/Public Agencies (inclusive of the exposure limit of upto 30% for infrastructure/non-housing related activities) and upto 100% for State Governments (under group exposure) will continue to be applicable in all other cases. The condition relating to compliance by the concerned State with the FRBM limits shall continue.

HUDCO vide letter dated 6th March, 2019 requested NHB seeking relaxation in the individual/group exposure norms. Further, HUDCO also sought exemption from exposure norms for funding of PMAY (U) programme through Extra Budgetary Resources (EBRs).

NHB has vide its letter no. NHB(ND)/DRS/SUP/879/2019 dated 8th March, 2019 granted relaxation in credit concentration norms (under individual borrower exposure to Government /public agency) to HUDCO to extend loan upto ₹20,000 crore to BMTPC under the PMAY-U subject to the condition that demand under Credit Linked Subsidiary Scheme (CLSS) is met on priority while utilizing funds lent to BMTPC.

NHB has vide its letter no. NHB(ND)/DRS/SUP/880/2019 dated 8th March, 2019 granted relaxation to HUDCO in respect of credit concentration (exposure) norms upto 140%, 175% and 120% of the NOF in respect of the State of Andhra Pradesh, Telangana and Uttar Pradesh respectively (under group exposure) and upto 55% (under individual exposure) each in case of APTIDCO and HMWSSB subject to the following conditions:

- (i) HUDCO shall continue to ensure that the extended exposures (beyond 50% and 100% respectively) are guaranteed by the State Government(s) and HUDCO will cease to extend further exposure to these states if FRBM limits are breached.
- (ii) HUDCO shall also be required to bring down its exposure to 50% in respect of individual exposure and 100% in respect of group exposure latest by 31st March, 2023, in accordance with the roadmap for graded reduction in exposure approved by Board of Directors.
- (iii) The position should be reviewed by the Board of HUDCO on a six monthly basis to ensure strict adherence to the Board approved exposure reduction plan.
- (iv) In the event of HUDCO failing to comply with the above exposure reduction plan, HUDCO will be required to assign risk weight of 100% on the excess exposure in addition to any regulatory penalty as may be applied by the NHB.

The exposure limit of up-to 50% for Govt./Public agencies (inclusive of the exposure limit of up-to 30% for infrastructure/Non housing related activities) and up-to 100% for State Govt. (under group exposure) will continue to be applicable in all other cases.

RBI has vide its letter no 1736/3.10.136/2019-20 dated 5th March, 2020 granted relaxation of credit concentration norms for exposure to Telangana State Housing Corporation Limited (TSHCL) upto 75% of Net Owned Fund of HUDCO subject to following conditions:

- (i) The additional exposure is backed by explicit guarantee from State Government.
- (ii) The exposure to TSHCL will be brought down to 50% of NOF by 31st March, 2023 as prescribed by NHB (ND)/DRS/SUP/880/2019 letter dated 8th March, 2019. A detailed action plan to this effect may be forwarded to NHB.
- (iii) Other conditions as prescribed by NHB vide their above mentioned letter dated 8th March, 2019 are adhered to.

RBI vide their letter dated 26th March, 2021 has permitted that the exemptions from concentration/exposure norms granted previously by NHB/RBI would continue to apply at present subject to the conditions specified while granting such exemptions. However, a review shall be undertaken at the time of conversion to NBFC.

36) i) Corporate Social Responsibility

- a. The Company has formulated a CSR Policy in line with the guidelines issued by Department of Public Enterprise (DPE) vide its Office Memorandum No. CSR- 15/0008/2014-Dir (CSR) dated 01st August, 2016 and provisions of CSR in the Companies Act, 2013 with the approval of HUDCO's Board on the recommendations of Committee of Board.

NOTES : 40 (Contd.)

As per Companies Act, 2013, company approved allocation for CSR Budget for the FY 2021-22, equivalent to 2% of the average profit (Profit before Tax) of immediately preceding three financial years amounting to ₹41.99 crore. The amount spent during the year is ₹46.95 crore.

(₹ in Crore)

S.No.	Particulars	Amount			
		2021-22		2020-21	
1.	Gross Amount of CSR required to be spent	41.99		34.46	
2.	Amount spent during the year on:	In cash	Yet to be paid in cash	In cash	Yet to be paid in cash
	i) Construction/ Acquisition of any asset	--	--	--	--
	ii) On purpose other than (i) above	29.47	--	5.74	--

As per HUDCO's approved CSR Policy, 1st instalment of CSR assistance is released on completion of documentation and the subsequent instalments are released on receipt of utilization of certificate of the released CSR grant and after achieving physical/financial progress in the proposal. There has been a couple of cases where even after sanction of CSR Fund by HUDCO, documentation formalities were not completed by the agency and therefore the 1st instalment could not be released, as originally envisaged. In some of the cases, the agencies concerned could not achieve required physical/ financial progress and the due utilisation certificate for the CSR assistance released was not submitted by agencies. These factors result in delay/ time gap in incurring CSR expenditure.

- b. Companies (CSR Policy) Amendment Rules 2021 dated 22nd January, 2021 issued by Ministry of Corporate Affairs has notified that the Company hereafter follows the amended rules. The legislative intent of these amendment was to restrain the companies from using the funds earmarked for CSR projects for meeting their working capital requirements, hence the new rules made it mandatory for the companies to transfer the available funds including the undisbursed amount of the ongoing projects to a separate bank account. Accordingly, any amount remaining unspent pursuant to ongoing projects undertaken by a company in pursuance of its CSR policy shall be transferred by the company in the unspent CSR Account within a period of 30 days from the end of financial year. CSR amount transferred to the said account shall be spent by the company in pursuance of its obligation towards CSR Policy within a period of three financial year from the date of such transfer. Thereafter, balance of unspent amount, if any, shall be transferred to a fund specified in Schedule VII mentioned under section 135 of Companies Act 2013, within a period of 30 days from the date of completion of the third financial year.
- c. In compliance with the Ministry of Corporate Affairs, Government of India notification dated 22nd January, 2021, HUDCO has transferred an amount of ₹50,00,83,580/- being the unspent CSR amount other than earmarked for ongoing project out to total amount of ₹80,19,41,235/- for the financial year 2020-21 to the PM CARES Fund a fund specified in Schedule VII of the Companies Act,2013 on 29.09.2021.
- d. 5. The information stated in this disclosure is based on audited Standalone Financial Statements (prepared as per IND-AS) for the period ended March 31, 2022.

41) Disclosure on Liquidity Coverage Ratio

Qualitative Disclosure:

Institutional set-up for the Liquidity Risk Management: HUDCO has implemented an integrated risk management approach through which it reviews and assesses significant risks on a regular basis to ensure that there is a robust system of risk controls and mitigation in place. HUDCO has a well-structured robust Risk Management Policy and Operating Manual in line with its objectives to address the various risks.

In compliance with the SEBI (LODR) Regulations, 2015, HUDCO has in place a Board Level Committee under the nomenclature 'Risk Management Committee' (RMC) headed by an Independent Government Nominee Director, which reviews various decisions/ recommendations of the three sub-committees namely:

- Assets & Liabilities Management Committee (ALCO);
- Credit Risk Management Committee (CRMC); and
- Operational Risk Management Committee (ORMC)

The Risk Management Committee (RMC), which is a committee of the Board, is responsible for evaluating and monitoring the integrated risk management system of the Company including liquidity risk. The ALCO is responsible for ensuring adherence to the liquidity risk tolerance/limits set out in the board approved Asset Liability Management (ALM) policy. The role of the ALCO with respect to liquidity risk includes, inter alia, decision on desired maturity profile for assets & liabilities, responsibilities and controls for managing liquidity risk, and overseeing the liquidity position of the company. The ALM Policy is reviewed periodically to realign the same pursuant to any regulatory changes in the economic landscape or business needs and tabled to the Board for approval.

Management regularly reviews the position of cash and cash equivalents by aligning the same with the projected maturity of financial assets and financial liabilities, economic environment, liquidity position in the financial market, anticipated pipeline of future borrowing & future liabilities and threshold of minimum liquidity defined in the ALM policy with additional liquidity buffers as management overlay

The Liquidity Coverage Ratio (LCR) is a global minimum standard to measure the Company's liquidity position. The Reserve Bank of India (RBI), vide its Master Direction - Non-Banking Financial Company – Housing Finance Company (Reserve Bank) Directions, 2021, dated February 17, 2021, introduced the LCR requirement for all non-deposit-taking HFCs with an asset size of ₹ 10,000 crore and above and all deposit taking HFCs irrespective of their asset size as per the following timeline:

NOTES : 40 (Contd.)

From	December 01, 2021	December 01, 2022	December 01, 2023	December 01, 2024	December 01, 2025
Minimum LCR	50%	60%	70%	85%	100%

Hence, the company is required to maintain minimum LCR of 50% w.e.f. December 01, 2021.

Further, the aforementioned Master Direction states that the guidelines on Liquidity Risk Management Framework prescribed for NBFCs by the RBI vide its Master Direction - Non-Banking Financial Company – Systematically Important Non-Deposit taking Company and Deposit taking Company (Reserve Bank) Directions, 2016, dated September 01, 2016 shall apply mutatis mutandis to Housing Finance Companies (HFCs).

As per the said guidelines, the Company shall maintain an adequate level of unencumbered High Quality Liquid Assets (HQLA) that can be converted into cash to meet its liquidity needs for a 30 calendar-day time horizon under a significantly severe liquidity stress scenario. "HQLA" means liquid assets that can be readily sold or immediately converted into cash at little or no loss of value or used as collateral to obtain funds in a range of stress scenarios. "Unencumbered" means free of legal, regulatory, contractual or other restrictions on the ability of the NBFC to liquidate, sell, transfer or assign the asset. Assets to be included in the computation of HQLAs are those that the NBFC is holding on the first day of the stress period. Such assets shall be valued at an amount not greater than their current market value for the purpose of computing the LCR. Depending upon the nature of assets, they have been assigned different haircuts, which are to be applied while calculating the HQLA for the purpose of calculation of LCR.

In order to determine HQLA, the company considers Fixed Deposits which are maintained with Scheduled Commercial Banks owing to the fact that it bears 0% haircut. As a matter of prudence for the purpose of maintenance of LCR, highest level of HQLA requirement in the forthcoming 7 days is considered on continuous basis by the company.

Liquidity Coverage Ratio (LCR) is represented by the following ratio:

$$\frac{\text{Stock of High Quality Liquid Assets (HQLAs)}}{\text{Total Net Cash Outflows over the next 30 calendar days}}$$

In order to determine Net Cash Outflows, the Company considers total expected cash outflow minus total expected cash inflows for the subsequent 30 calendar days by assigning a predefined stress percentage to the overall cash inflows and cash outflows. Total expected cash outflows (stressed outflows) are calculated by multiplying the outstanding balances of various categories or types of liabilities and off-balance sheet commitments by 115% (15% being the rate at which they are expected to run off further or be drawn down). Total expected cash inflows (stressed inflows) are calculated by multiplying the outstanding balances of various categories of contractual receivables by 75% (25% being the rate at which they are expected to underflow). However, total cash inflows will be subjected to an aggregate cap of 75% of total expected cash outflows. In other words:

Total Net Cash Outflows over the next 30 days = Stressed Outflows – Lower of (Stressed Inflows or 75% of Stressed Outflows).

One of the components of cash outflow of this disclosure includes Other Contractual Funding Obligations, which, inter alia, includes payment of taxes and dividend paid by the company.

The Company computes the LCR and reports the same to the Asset Liability Management Committee (ALCO) every month for review and approval.

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF HOUSING AND URBAN DEVELOPMENT CORPORATION LIMITED

Report on the Audit of the Consolidated Financial Statements

Opinion

1. We have audited the accompanying consolidated financial statements of Housing and Urban Development Corporation Limited (hereinafter referred to as the 'the Company') and of its associate (collectively known as "Consolidating Company"), which comprise of the Consolidated Balance Sheet as at 31st March, 2022 and the Consolidated Statement of Profit and Loss (including other Comprehensive Income), Consolidated statement of changes in equity and the Consolidated Cash Flows statement for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the Consolidated financial statements").
2. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the consolidated state of affairs of the company and its associate as at 31st March, 2022, of consolidated Profit and Total Consolidated Comprehensive Income, Consolidated Changes in equity and its Consolidated Cash Flows for the year ended on that date.

Basis for Opinion

3. We conducted our audit of consolidated financial statements in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the company and its associate in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Companies Act, 2013 and the Rules made there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the Consolidated Financial Statements.

Emphasis of Matter:

4. We draw attention to the following matter in the Notes to the Consolidated financial statements:
 - i) The company has recognised interest income on "No Lien AGP Account" amounting to Rs 28.02 crore [Rs. 27.59 crore for the previous year ended 31st March 2021] for the year ended 31st March 2022. The same has been shown in Note 28 (Other Income) under head 'Interest on Construction Project'.

The balance outstanding as at the end of the year is Rs. 526.27 crore (debit) in "No Lien AGP Account". The company is in discussion with MoHUA for recovery/reimbursement of outstanding amount including interest as well as booking of expenses.[Refer Para 3 of Note 40]

Our opinion is not modified in respect of this matter.
 - ii) We draw your attention to Para 8 of Note 40 to the Consolidated financial results which explains the uncertainties and the management's assessment of the financial impact due to the lock-downs and other restrictions and conditions related to the Covid-19 pandemic situation, for which a definitive assessment of the impact in the subsequent period is highly dependent upon circumstances as they evolve in the subsequent period.

Our opinion is not modified in respect of this matter.

Key Audit Matters

5. Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Consolidated Financial Statements of the current period. These matters were addressed in the context of our audit of the Consolidated Financial Statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Sr.No	Key Audit Matter	Auditor's Response
1.	<p>Ind AS 109 on Financial Instruments establishes a comprehensive framework for determining expected credit losses, accuracy of classification, recognition, de-recognition and measurement requirements for all the financial assets and liabilities. Considering the materiality of the amounts involved, possible effect from the pandemic Covid-19, the significant management judgment required in estimating the expected credit losses as well as measuring Financial Assets and Financial Liabilities and such estimates and judgments being inherently subjective, this matter has been identified as a key audit matter for the current year audit.</p> <p>(Refer Notes : 6, 7, 8, 9, 10, 11, 12, 16, 17, 18, 19, 20, 33, 36, 37 and 40 to consolidated financial statements)</p>	<p><u>Principal Audit Procedures</u></p> <p>Our procedures included, but were not limited to the following:</p> <p>Our Audit approach consisted testing of the design and operating effectiveness of the internal controls and substantive testing as follows:</p> <ul style="list-style-type: none"> • Obtained an understanding of the systems, processes and controls implemented by management for recording and calculating Expected credit losses (ECL), recognition, de-recognition and measurement of Financial Assets and Financial Liabilities, for classifying financial assets portfolio into stages based on credit risk. • Discussed with appropriate senior management and evaluated management's underlying key assumptions in estimating the expected credit losses and measuring Financial Assets and Financial Liabilities. • Selected the sample and tested the operating effectiveness of the internal control, relating to recognition, measurement and de-recognition of, financial assets and financial liabilities and calculation of ECL. We carried out a combination of procedures involving enquiry and observation, performance and inspection of evidence in respect of operation of these controls • Tested the relevant information technology systems access and change management controls relating to contracts and related information used in recording financial assets/ liabilities and calculation of ECL in accordance with the said Ind AS. • Tested the appropriate staging of assets basis, their days past due and other loss indicators on sample basis

Other Information

6. The Company's management and Board of Directors are responsible for the other information. The other information comprises the information included in the Company's Annual Report, but does not include the consolidated financial statements and our auditor's report thereon. The Annual report for the year ending 31st March 2022 is expected to be made available to us after the date of this auditor's report.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

7. The Company's Board of Directors is responsible for the preparation and presentation of these consolidated financial statements in terms of the requirements of the Companies Act, 2013 (the Act) that give a true and fair view of the consolidated financial position, consolidated financial performance, and consolidated cash flows of the Group including its associate in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards specified under Section 133 of the Act. The respective Board of Directors of the company and of its associate are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are responsible and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Company, as aforesaid.
8. In preparing the consolidated financial statements, the respective Board of Directors of the company and of its associate are responsible for assessing the ability of the Company and of its associate to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.
9. The respective Board of Directors of the company and of its associate are responsible for overseeing the financial reporting process of the group and of its associate.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements.

10. Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement. Misstatement can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.
11. As Part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:
 - Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of Internal control.
 - Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
 - Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
 - Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group and its associate to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group and its associate to cease to continue as a going concern.
 - Evaluate the overall presentation, structure and contents of the consolidated financial statements, including the disclosures, and whether the consolidated statements representing the underlying transactions and events in a manner that achieves fair presentation.

- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the company and of its associate to express an opinion on the consolidated financial statements.
12. We communicate with those charged with governance of the company regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
 13. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our Independence, and where applicable, related safeguards.
 14. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

15. The consolidated financial statements also include the Group's share of net loss of Rs. 0.19 Crore for the year ended 31st March 2022, as considered in the consolidated financial statements, in respect of one associate, whose financial statements/ information have not been audited by us. These financial statements are unaudited and have been furnished to us by the management and our opinion on the consolidated financial statement, in so far as it relates to the amounts and disclosures included in respect of the associate, and our report in terms of sub sections (3) and (11) of Section 143 of the Act in so far as it relates to the aforesaid associate is based solely on such unaudited financial statements / financial information. In our opinion and according to the Information and explanation give to us by the management, these financial statements/ financial information are not material to the Consolidating Company.

Our opinion on the consolidated financial statements, and our report on other legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the financial statements/financial information certified by the management.

Report on Other Legal and Regulatory Requirements

16. As required by section 143(3) of the Act, we report, to the extent applicable, that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit of the aforesaid consolidated financial statements.
 - b) In our opinion, proper books of accounts as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books and our reliance on the consolidated financial statements /financial information certified by the management of the company.
 - c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and loss, and the consolidated statement of Changes in Equity and the Consolidated Cash Flow Statement dealt with by this Report are in agreement with the relevant books of account maintained for the purposes of preparation of the consolidated financial statements.
 - d) In our opinion, the aforesaid consolidated financial statements comply with the Indian Accounting Standard specified under Section 133 of the Act.
 - e) The provisions of section 164(2) of the Companies Act, 2013 in respect of disqualifications of directors are not applicable to the Company being Government Company in terms of Notification no. G.S.R. 463(E) dated 5th June,2015 issued by the Ministry of Corporate affairs.
 - f) With respect of the adequacy of the Internal Financial Controls over financial reporting of the Group and the operating effectiveness of such controls, refer to our separate report in **Annexure 'A'**; and
 - g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

- i) The Consolidated financial statements disclose the impact of pending litigations on the Consolidated financial position of the Group and its associate **(Refer Para 2 of Note 40 to consolidated financial statement)**.
- ii) The Company does not have any material foreseeable losses, if any, on long terms contracts including derivative contracts; **(Refer Para 38 of Note 40 to consolidated financial statement)**
- iii) There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protections Fund by the Company. However, in case of associate company, incorporated in India, the same can't be commented in view of non-availability of audited accounts **(Refer Para 16 of Note 40 to consolidated financial statement)**.

NHB/RBI Directions

17. The Company is complying with **National Housing Bank's (NHB)/ Reserve Bank of India's (RBI)** credit concentration norms in respect of loans to Private Sector Agencies. However, in case of loans to State Governments / State Governments Agencies/ Central Government Agencies , the said norms have been relaxed by the **NHB/RBI** vide various letters **(Refer Para no. 14 of Note No. 40 to consolidated financial statements)**; the same is complied with except in case of Investment in equity shares of Housing Finance Company Ind bank Housing Limited **(Investee company)** where investment in **25%** of equity capital of investee company has been made instead of prescribed limit of **15%**.

ANNEXURE “A” TO THE INDEPENDENT AUDITOR’S REPORT OF EVEN DATE TO THE MEMBERS OF HOUSING AND URBAN DEVELOPMENT CORPORATION LIMITED ON THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31st, 2022

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

1. In conjunction with our audit of the consolidated financial statements of the Company as of and for the year ended March 31st, 2022, we have audited the internal financial controls over financial reporting of **HOUSING AND URBAN DEVELOPMENT CORPORATION LIMITED** (‘the Company’) and of its associate, which is a company incorporated in India, as of that date (hereinafter referred to as “**Consolidating Company**”).

Management’s Responsibility for Internal Financial Controls

2. The respective board of Directors of the Consolidating company are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor’s Responsibility

3. Our responsibility is to express an opinion on The Consolidating Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.
4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error.
5. We believe that the audit evidence we have obtained and subject to the limitation regarding the financial statements/ financial information of the associate entity being unaudited and have been furnished to us by the Management, is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

6. A Company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of consolidated financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of consolidated financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company’s assets that could have a material effect on the consolidated financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

7. Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or

improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Qualified Opinion

According to the information and explanations given to us and based on our audit, the following deficiencies have been identified as at March 31st, 2022

1. The company needs to strengthen its internal control system for the review and follow-up of the terms of the rent agreements entered in relation to the operating leases on investment properties. During the year 2021-2022 the company has received the rent with delay as per the rent agreement terms and conditions and has billed the interest on delay of rent payment amounting to INR 0.7 crore during the financial year 2022-23.

Further the company needs to revise the terms in relation to the refundable security deposits for the operating leases on investment properties. The security deposit needs to be increased in the same proportion as the increase in property rent. In absence of the same security deposit for some of the investment properties are inadequate to cover 3 month's rent as per the agreed terms.

The internal auditor of the company has also pointed out the above in their report.

2. It has been identified in respect of entity level controls as well as financial closure processes with regard to reconciliations of various accounts carrying old credit/debit balances and supervision and monitoring of flow of information to/from regional offices/out sourced agencies to corporate office, necessary for financial closure and reporting leading to deficiencies in operating effectiveness of the Company's Internal financial controls with reference to financial statements as at March 31, 2022.
3. The company needs to strengthen its Internal financial controls regarding Fixed Asset identification/ physical verification process. The company needs to ensure that fixed asset records/registers are regularly updated with the asset identification numbers.

In our opinion considering nature of business, size of operation and organizational structure of the entity, except for the effects/ possible effects of the deficiencies described above on the achievement of the objectives of the control criteria, the Company has maintained, in all material respects, adequate internal financial controls over financial reporting and such internal financial controls over financial reporting were operating effectively as of March 31st, 2022, based the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

We have considered the deficiencies identified and reported above in determining the nature, timing, and extent of audit tests applied in our audit of the March 31st, 2022 standalone financial statements of the Company, and these deficiencies does not affect our opinion on the standalone financial statements of the Company.

However, in case of its associate, which is company incorporated in India, where the financial statements/ financial information are unaudited and certified by the Management, we are not in a position to offer our comments on the adequacy and operating effectiveness of internal financial control over financial reporting of the said associate.

The consolidated financial statements have been prepared based on the Schedule III for Non-Banking Financial Companies as per Notification G.S. R. 1022 (E) issued by the Ministry of Corporates Affairs on 11-10- 2018.

2.1. Basis of consolidation

The consolidated financial statements comprise the financial statements of the Company and its Associates as at 31st March 2022. Control is achieved when the company is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee.

2.2. Principles of Consolidation

The consolidated financial Statements consist of HOUSING AND URBAN DEVELOPMENT CORPORATION LIMITED ("The Company") and its Associate Company. The Consolidated Financial Statements are prepared on the following basis:

Investments in Associates where the Company holds more than 20% of equity are accounted for using equity method as per Indian Accounting Standard (Ind AS) 28 - "Investments in Associates and Joint Ventures".

The consolidated financial statements are prepared using uniform accounting policies and are presented to the extent possible in the same manner as the Company's separate financial statement except where adjustment for the differences are immaterial/ impractical.

2.3. Equity Accounting

Investment in associate is an entity over which the investor has significant influence. Interest in associates are accounted for using the equity method of accounting after initially being recognised at cost.

Under the equity method of accounting, the investments are initially recognised at cost and adjusted thereafter to recognise the Group's share of the post-acquisition profits or losses of the investee in Group's profit and loss, and the Group's share of other comprehensive income of the investee in Group's other comprehensive income.

NOTES : (Contd.)

On acquisition of the investment in an associate, any excess of the cost of the investment over the Group's share of the net fair value of the identifiable assets and liabilities of the investee is recognised as goodwill, which is included within the carrying amount of the investment. Any excess of the Group's share of the net fair value of the identifiable assets and liabilities over the cost of the investment, after reassessment, is recognised directly in equity as capital reserve in the period in which the investment is acquired.

In addition, when there has been a change recognised directly in the equity of the associate or joint venture, the Group recognises its share of any changes, when applicable, in the Consolidated Statement of Changes in Equity. Unrealised gains resulting from transactions between the Group and the associate or joint venture are eliminated to the extent of the Group's interest in the associate or joint venture. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the asset transferred.

Dividends received or receivable from associates and joint ventures are recognised as a reduction in the carrying amount of the investment.

When the Group's share of losses of an associate exceeds the Group's interest in that associate or joint venture (which includes any long-term interests that, in substance, form part of the Group's net investment in the associate or joint venture), the Group discontinues recognising its share of further losses. Additional losses are recognised only to the extent that the Group has incurred legal or constructive obligations or made payments on behalf of the associate or joint venture. The Group resumes recognising its share of profits only after its share of the profits equals the share of losses not recognised.

The aggregate of the Group's share of profit or loss of an associate and a joint venture is shown on the face of the Consolidated Statement of Profit and Loss.

The financial statements of the associate are prepared for the same reporting period as the Group. When necessary, adjustments are made to bring the accounting policies in line with those of the Group. The carrying amounts of equity accounted investments are tested for impairment in accordance with the accounting policy on impairment of non-financial assets.

Upon loss of significant influence over the associate, the Group measures and recognises any retained investment at its fair value. Any difference between the carrying amount of investment in associate upon loss of significant influence or joint control and the fair value of the retained investment and proceeds from disposal is recognised in Consolidated Statement of Profit and Loss.

If the Group's ownership interest in a joint venture or an associate is reduced, but joint control or significant influence is retained, the Group reclassifies to profit or loss the proportion of the gain or loss that had previously been recognised in other comprehensive income relating to that reduction in ownership interest if that gain or loss would be required to be reclassified to profit or loss on the disposal of the assets or liabilities.

3. Application of New Indian Accounting Standards (Ind AS)

All the Indian Accounting Standards issued and notified by the Ministry of Corporate Affairs under the Companies (Indian Accounting Standards) Rules 2015 (as amended) till the financial statements are authorised have been considered in preparing the consolidated Ind AS Financial Statements.

4. Standard/Amendments issued but not yet effective

Ministry of Corporate Affairs ("MCA") vide notification dated March 23, 2022, has issued amendments to the existing standards under Companies (Indian Accounting Standards) Rules, 2015, which shall come into force with effect from 1st day of April, 2022. The Company does not expect the amendments to have any impact on its financial statements.

5. Significant accounting policies

5.1. Statement of Compliance

The consolidated financial statements of the Company have been prepared in accordance with Ind AS notified under the companies (Indian Accounting Standard) Rules 2015 (as amended).

5.2. Basis of Preparation and Presentation

The consolidated Ind AS financial statements have been prepared on an accrual basis as a going concern and under the historical cost convention, except for certain financial assets (equity instruments classified as Fair Value Through P&L Account etc.) and financial liabilities (derivatives etc.) and financial liabilities that are measured at fair value at the end of each reporting date as required under relevant Ind AS.

NOTES : (Contd.)

5.3. Investment in associates and joint ventures

The Company records the investments in associates and joint ventures at cost less impairment loss, if any.

On disposal of Investment in associate, and joint venture, the difference between net disposal proceeds and the carrying amounts are recognized in the consolidated statement of profit and loss.

5.4. Use of estimates

The preparation of consolidated financial statements in conformity with Ind AS requires the management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the disclosure of contingent liabilities, at the end of the reporting period. Although these estimates are based on the management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future periods.

5.5. Cash and cash equivalents

Cash and cash equivalent comprise of cash in hand, demand deposits and time deposits with original maturity of less than three months held with bank, debit balance in cash credit account and stamping/franking balance, which are subject to an insignificant risk of changes in value.

5.6. Foreign currency

The Company's financial statements are presented in Indian Rupees (INR) which is also the Company's functional currency.

Transactions in foreign currencies are initially recorded by the Company at their respective functional currency spot rates at the date the transaction first qualifies for recognition.

Income and expenses in foreign currencies are recorded by the Company at the exchange rates prevailing on the date of the transaction.

At the end of each reporting period, foreign currency denominated monetary assets and liabilities are translated at the functional currency spot rates of exchange (RBI Reference Rate) prevailing at the reporting date and exchange gains and losses arising on settlement and restatement are recognized in the statement of profit and loss in the period in which they arise.

5.7. Revenue recognition

5.7.1. Interest income

As per Ind AS 109, Interest income, for all debt instruments measured is recorded using the effective interest rate (EIR). The calculation takes into account all contractual terms of the financial instrument (for example, prepayment options) and includes any fees or incremental costs that are incrementally directly attributable to the instrument and are an integral part of the EIR, but not future credit losses.

The Company has recognized any fees that are incrementally directly attributable to the loans on the basis of Straight Line Basis co-terminus with the term of loan.

Interest income in Non-Performing Assets and /or Stage 3 in Financial Assets is recognized only on cash/receipt basis.

5.7.2. Dividends

Dividend Income is recognised when the Company's right to receive the payment is established, which is generally when shareholders approve the dividend.

5.7.3. Rental income

Rental income arising from operating leases on investment properties is accounted for on a straight-line basis over the lease terms unless the payments to the lessor are structured to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases.

5.7.4. Revenue from Contracts with Customers

"Revenue from Contracts with Customers" which includes but not limited to Consultancy, trusteeship, & Consortium, charges on Construction Projects, Management Development Program or any other income is recognized as per Ind AS 115 on "Revenue from Contracts with Customers"

NOTES : (Contd.)

5.8. Borrowing costs

Borrowing costs directly attributable to the acquisition are capitalized as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

5.9. Investment properties-Ind AS 40

Recognition

Investment properties are measured initially at cost, including transaction costs. The cost includes the cost of replacing parts and borrowing costs for long term construction projects if the recognition criteria are met.

Subsequent to initial recognition, investment properties are stated at cost less accumulated depreciation and accumulated impairment loss, if any.

Subsequent Measurement (Depreciation)

Subsequent to initial recognition, investment properties are stated at cost less accumulated depreciation and accumulated impairment loss, if any. The Company depreciates building component of Investment property over useful life prescribed under Part C of schedule II to the Companies Act, 2013. When significant parts of the investment property are required to be replaced at intervals, the company depreciates them separately based on their specific useful lives.

De-recognition

Investment properties are de-recognized either when they have been disposed of or when they are permanently withdrawn from use and no future economic benefit is expected from their disposal. The difference between the net disposal proceeds and the carrying amount of the asset is recognized in Statement of profit or loss in the period of de-recognition on disposal.

5.10. Property, Plant and Equipment (PPE) and Intangible assets

Recognition

The company has elected to continue with the carrying value of all of its property, plant and equipment and intangible assets and use that carrying value as the deemed cost of the property, plant and equipment and intangible assets as on 1st April, 2017.

Subsequent Measurement (Depreciation)

Depreciation on Property, Plant and Equipment (PPE) is charged on Straight line method either on the basis of rates arrived at with the reference to the useful life of the assets arrived at based on useful life prescribed under Part C of Schedule II of the Companies Act, 2013.

De-recognition

An item of Property, Plant and Equipment and any significant part initially recognized is de-recognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on de-recognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the statement of profit and loss account when the asset is de-recognized.

Intangible assets

An intangible asset is recognized only when its cost can be measured reliably and it is probable that the expected future economic benefits that are attributable to it will flow to the Company. Intangible assets acquired separately are measured on initial recognition at cost.

Intangible Assets comprising of Computer Software are stated at Cost less accumulated amortization.

5.11. Depreciation and amortization

- a) Depreciation is provided over the useful life of the PPE set as per Schedule-II of Companies Act, 2013 and depreciation rates have been worked out by applying WDV method after retaining 5% of cost as residual value effective from 1st April, 2014.
- b) On PPE costing upto ₹5000 per item are clubbed under "Miscellaneous Assets" and depreciation thereon is provided @100%.

NOTES : (Contd.)

- c) Books purchased during the year are clubbed under Library Books and depreciation thereon is provided @ 100%.
- d) Computer software is amortized over a period of five years on a straight-line basis.

5.12. Capital -work-in -Progress

Capital work in progress includes assets not ready for the intended use and is carried at cost, comprising direct and related incidental expenses.

Intangible assets under development

Intangible assets not ready for the intended use on the date of Balance sheet are disclosed as Intangible assets under development.

5.13. Leases

(a) Company as a lessee

- (i) The Company recognizes a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct cost incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.
- (ii) The right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the earlier of the end of the useful life of the right-to-use asset or the end of the lease term. The estimated useful life of the right-to-use asset is determined on the same basis as those of property, plant and equipment. In addition, the right-to-use asset is periodically reduced by impairment losses, if any, and adjusted for certain re-measurements of the lease liability.
- (iii) The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the Company's incremental borrowing rate.
- (iv) The lease liability is measured at amortized cost using the effective interest method, it is re-measured when there is a change in future lease payments from a change in an index or rate. When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset, or is recorded in the profit and loss if the carrying amount of the right-of-use asset has been reduced to zero.
- (v) The Company presents right-of-use asset that do not meet the definition of Investment property in the "Right of use assets" separately on the face of the Balance sheet and lease liabilities in "other financial liabilities" in the Balance Sheet.
- (vi) Short term Lease and Leases of low value assets: -The Company has elected not to recognize right-of-use asset and lease liabilities for short term leases that have lease term of 12 months or less and leases of low value assets. The Company recognizes the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

(b) As a lessor

When the Company acts as a lessor, it determines at lease inception whether each lease is a finance lease or an operating lease. To classify each lease, the Company makes an overall assessment of whether the lease transfers substantially all the risk and rewards incidental to the ownership of the underlying asset. If this is the case, then the lease is a finance lease, if not then it is an operating lease. As part of the assessment, the Company considers certain indicators such as whether the lease is for the major part of the economic life of the asset.

The Company recognizes lease payments received under operating lease as income on a straight-line basis over the term of relevant lease unless the payments to the lessor are structured to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases as part of "Rental Income".

5.14. Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

NOTES : (Contd.)

Initial recognition and measurement

The Company recognizes financial assets and financial liabilities when it becomes a party to the contractual provisions of the instrument. All financial assets and financial liabilities i.e. Loans and advances, Equity investments, Derivative financial instruments and all other financial assets and liabilities are recognised initially at fair value plus or minus transaction costs that are attributable to the acquisition or issue of the financial asset or financial liability except in the case of financial assets or financial liability recorded at fair value through profit or loss where the transaction cost are charged to profit and loss.

Subsequent measurement

a) Non-derivative financial instruments

(i) Financial assets carried at amortised cost

A financial asset is subsequently measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

(ii) Financial assets at fair value through other comprehensive income

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. Further, in cases where the Company has made an irrevocable election based on its business model, for its investments which are classified as equity instruments other than which are held for trading and contingent consideration recognized by an acquirer in a business combination to which Ind AS 103 applies are classified as at FVTPL, the subsequent changes in fair value are recognized in other comprehensive income.

(iii) Financial assets at fair value through profit or loss

A financial asset which is not classified in any of the above categories are subsequently fair valued through profit or loss.

(iv) Equity investments

All equity investments in scope of Ind AS 109 are measured at fair value. Equity instruments which are held for trading and contingent consideration recognised by an acquirer in a business combination to which Ind AS103 applies are classified as at FVTPL. For all other equity instruments, the Company may make an irrevocable election to present in other comprehensive income subsequent changes in the fair value. The Company makes such election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable.

If the Company decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI. There is no recycling of the amounts from OCI to P&L, even on sale of investment. However, the Company may transfer the cumulative gain or loss within equity.

Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the P&L.

(v) Financial liabilities

Financial liabilities are subsequently carried at amortised cost using the effective interest method. For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate the fair value due to the short maturity of these instruments.

b) Derivative financial instruments

The Company holds various derivatives to mitigate the risk of changes in exchange rates on foreign currency exposures as well as interest fluctuations including foreign exchange forward contracts, currency and interest rate swaps. The counterparty for these contracts is generally a bank.

Financial assets or financial liabilities, at fair value through profit or loss

This category has derivative financial assets or liabilities which are not designated as hedges. Any derivative that is not designated a hedge is categorized as a financial asset or financial liability, at fair value through profit or

NOTES : (Contd.)

loss.

Derivatives not designated as hedges are recognized initially at fair value and attributable transaction costs are recognized in net profit in the Statement of Profit and Loss when incurred. Subsequent to initial recognition, these derivatives are measured at fair value through profit or loss and the resulting exchange gains or losses are included in Statement of Profit and Loss. Assets/liabilities in this category are presented as financial assets/financial liabilities if they are either held for trading or are expected to be realized within 12 months after the balance sheet date.

De-recognition of financial instruments

The Company de-recognises a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and transfer qualifies for de-recognition under Ind AS 109. A financial liability (or a part of a financial liability) is de-recognised from the Company's balance sheet when the obligation specified in the contract is discharged or cancelled or expires.

5.15. Share capital

Ordinary shares

Ordinary shares are classified as equity. Incremental costs directly attributable to the issuance of new ordinary shares and share options are recognized as a deduction from retained earnings, net of any related income tax effects.

5.16. Fair Value measurement

The Company measures financial instruments, such as, derivatives at fair value at each balance sheet date using valuation techniques

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either: In the principal market for the asset or liability, or In the absence of a principal market, in the most advantageous market for the asset or liability

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities.
- Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.
- Level — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

5.17. Impairment

a) Financial Assets

The Company recognises loss allowance for Expected Credit Loss (ECL) on a financial asset broadly in accordance with the principles laid down in Ind AS 109. The Company compares the risk of a default occurring on the financial asset as at the reporting date with the risk of a default occurring on the financial asset as at the date of initial recognition and based on the reasonable and supportable information, that is available and is indicative of significant increases in credit risk since initial

NOTES : (Contd.)

recognition. The risk of default occurring on the financial asset is assessed as at the reporting date and the financial assets are classified into three categories based on the number of days of past due: -

Stage – 1 - 0-30 days

Stage – 2 - 31-90 days

Stage – 3 - Above 90 days.

The ECL is calculated based on the historical data with due weightage to the likely future events which may affect the cash flows. The Company recognises in statement of profit or loss, as an impairment gain or loss, the amount of Expected Credit Loss (or reversal) that is required to adjust the loss allowance at the reporting date.

Additional provisions is made in order to establish a balance in the provision for loans that the Corporation's management considers prudent and adequate keeping in view the unforeseen events and happenings such as change in policy of Government and procedural delays in repayments from the agencies, outcome of pending cases under Insolvency and Bankruptcy code etc.

Modification of Loans

The company allows concessions or modification of loan term as a response to the borrower's financial difficulties rather than taking possession or to other wise enforce collection of security. The company considers a loan forbore when such concession or modification are provided as a result of the borrower present and expected financial difficulties and the company would not have agreed to them if the borrower had been financially healthy. Indicators of financial difficulties include defaults on covenants, or significant concerns raised by the Credit Risk Department. Forbearance may involve extending the payment arrangement and the agreement of new loan condition. Once the term is negotiated, any impairment is measured by taking into account the original and modified parameter. It is the company's policy to monitor forbore loans to help ensure that future payment continues to be likely to occur. De-recognition decisions and classifications between Stage 2 and Stage 3 are determined on a case-to-case basis. If these procedures identify a loss in relation to loan, it is disclosed and managed as an impaired Stage 3 or forbore asset until it is collected or written off. However, if the modification results into notional gain on account change in expected future value of cash flows, the same shall not be recognized.

When the loan has been renegotiated or modified but not de-recognized, the company also reassesses whether there has been a significant increase in credit risk.

b) Non-financial assets

i. Intangible assets and property, plant and equipment

Intangible assets and property, plant and equipment are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the CGU to which the asset belongs.

If such assets are considered to be impaired, the impairment to be recognized in the Statement of Profit and Loss is measured by the amount by which the carrying value of the assets exceeds the estimated recoverable amount of the asset. An impairment loss is reversed in the Statement of Profit and Loss if there has been a change in the estimates used to determine the recoverable amount. The carrying amount of the asset is increased to its revised recoverable amount, provided that this amount does not exceed the carrying amount that would have been determined (net of any accumulated amortization or depreciation) had no impairment loss been recognized for the asset in prior years.

5.18. Government grants and subsidies

Government grants are recognised where there is reasonable assurance that the grant will be received and all attached conditions will be complied with. When the grant relates to an expense item, it is recognised as income on a systematic basis over the periods that the related costs, for which it is intended to compensate, are expensed. When the grant relates to an asset, it is recognised as income in equal amounts over the expected useful life of the related asset.

When the Company receives grants of non-monetary assets, the asset and the grant are recorded at fair value amounts and released to profit or loss over the expected useful life in a pattern of consumption of the benefit of the underlying asset i.e. by equal annual instalments. When loans or similar assistance are provided by governments or related institutions, with an interest rate below the current applicable market rate, the effect of this favourable interest is regarded as a government grant. The loan or assistance is initially recognised and measured at fair value and the government grant is measured as the

NOTES : (Contd.)

difference between the initial carrying value of the loan and the proceeds received. The loan is subsequently measured as per the accounting policy applicable to financial liabilities.

- (a) The Company acts as a channelizing agency for disbursement of grants / subsidies under various schemes of the Government and Government Agencies. The Company receives the amount of such grants/subsidies and disburses them to eligible parties in accordance with the schemes of the relevant grants/subsidies. The undisbursed grants / subsidies as at the year-end are shown as a part of Financial Liabilities. Where grants/ subsidies disbursed exceed the related amount received, such amount receivable from Government / Government Agencies is shown as a part of other Loans and Advances.
- (b) Grants received from other than Govt. agencies or development partners, in respect of certain schemes for economically weaker sections / low-income groups are also dealt with in the manner described at (a) above. Interest earned on loans given under certain specified schemes is shown under "Financial Liabilities" and is utilized as per the terms of the agreement.

5.19. Employee benefits

- (a) Expenditure on company contributions to Provident Fund, Group Saving Linked Insurance Scheme, EPFO's Employees' Pension Scheme and HUDCO's Employees' Pension Scheme is accounted for on accrual basis in accordance with the terms of the relevant schemes and charged to Statement of Profit & Loss. The Company's obligation towards gratuity, provident fund and post-retirement medical benefits to employees are actuarially determined and provided for as per Ind AS 19 on Employee Benefits. Liability for gratuity as per actuarial valuation is paid to a fund administered through a separate trust.
- (b) The Company's obligation towards sick leave, earned leave, gift on completion of 20/25/30/32 years of service & retirement gift are determined on actuarial basis and provided for as per Ind AS 19 on Employee Benefits.

5.20. Taxes – Ind AS 12

Tax expense comprises current and deferred tax.

Current income tax

Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income Tax Act, 1961.

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date. Current income tax relating to items recognized outside profit or loss is recognized outside profit or loss (either in other comprehensive income or in equity).

In respect of disputed income tax / wealth tax demands, where the Company is in appeal, provision for tax is made when the matter is finally decided.

Deferred tax

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised.

Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity).

NOTES : (Contd.)

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

5.21. Dividend

Proposed final dividends and interim dividends payable to the shareholders are recognized as changes in equity in the period in which they are approved by the shareholders' meeting and the Board of Directors respectively.

5.22. Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. The expense relating to a provision is presented in the statement of profit and loss.

Reimbursements expected in respect of expenditure required to settle a provision is recognized only when it is virtually certain that the reimbursement will be received.

5.23. Contingent liabilities and assets

The Company does not recognize a contingent liability but discloses its existence in the financial statements. Contingent liability is disclosed in the case of:

- A present obligation arising from past events, when it is not probable that an outflow of resources will be required to settle the obligation
- A present obligation arising from past events, when no reliable estimate is possible
- A possible obligation arising from past events, unless the probability of outflow of resources is remote.

Contingent assets are not recognised. A contingent asset is disclosed, as required by Ind AS 37, where an inflow of economic benefits is probable.

6. Significant accounting judgements, estimates and assumptions

The preparation of the Company's financial statements requires management to make judgements, estimates and assumptions that affect the reported amount of revenues, expenses, assets and liabilities, and the accompanying disclosures, as well as the disclosure of contingent liabilities.

Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

Judgements

In the process of applying the company's accounting policies, management has made the following judgements, which have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year.

i. Business model assessment

Classification and measurement of financial assets depends on the results of the SPPI and the business model test. The Company determines the business model at a level that reflects how Companies of financial assets are managed together to achieve a particular business objective. This assessment includes judgement reflecting all relevant evidence including how the performance of the assets is evaluated and their performance measured, the risks that affect the performance of the assets and how these are managed and how the managers of the assets are compensated. The Company monitors financial assets measured at amortised cost or fair value through other comprehensive income that are de-recognised prior to their maturity to understand the reason for their disposal and whether the reasons are consistent with the objective of the business for which the asset was held. Monitoring is part of the Company's continuous assessment of whether the business model for which the remaining financial assets are held continues to be appropriate and if it is not appropriate whether there has been a change in business model and so a prospective change to the classification of those assets.

Estimates and Assumptions

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the

NOTES : (Contd.)

next financial year, are described below. The Company based its assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the company. Such changes are reflected in the assumptions when they occur.

ii. Fair value of financial instruments

The fair value of financial instruments is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction in the principal (or most advantageous) market at the measurement date under current market conditions (i.e., an exit price) regardless of whether that price is directly observable or estimated using another valuation technique. When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be derived from active markets, they are determined using a variety of valuation techniques that include the use of valuation models. The inputs to these models are taken from observable markets where possible, but where this is not feasible, estimation is required in establishing fair values. Judgements and estimates include considerations of liquidity and model inputs related to items such as credit risk (both own and counterparty), correlation and volatility.

iii. Effective Interest Rate (EIR) method

The company's EIR methodology recognises interest income / expense using a rate of return that represents the best estimate of a constant rate of return over the expected behavioural life of loans given / taken and recognises the effect of potentially different interest rates at various stages and other characteristics of the product life cycle (including prepayments and penalty interest and charges).

This estimation, by nature, requires an element of judgement regarding the expected behaviour and life-cycle of the instruments, as well expected changes to India's base rate and other fee income/expense that are integral parts of the instrument.

iv. Impairment of financial asset

The measurement of impairment losses across all categories of financial assets requires judgement, in particular, the estimation of the amount and timing of future cash flows and collateral values when determining impairment losses and the assessment of a significant increase in credit risk. These estimates are driven by a number of factors, changes in which can result in different levels of allowances.

The company's ECL calculations are outputs of complex models with a number of underlying assumptions regarding the choice of variable inputs and their interdependencies. Elements of the ECL models that are considered accounting judgements and estimates include:

- The Company's grading model, which assigns PDs to the individual grades
- The Company's criteria for assessing if there has been a significant increase in credit risk and so allowances for financial assets should be measured on a LTECL basis and the qualitative assessment
- The segmentation of financial assets when their ECL is assessed on a collective basis
- Development of ECL models, including the various formulas and the choice of inputs
- Determination of associations between macroeconomic scenarios and, economic inputs, such as unemployment levels and collateral values, and the effect on PDs, EADs and LGDs
- Selection of forward-looking macroeconomic scenarios and their probability weightings, to derive the economic inputs into the ECL models

It has been the Company's policy to regularly review its models in the context of actual loss experience and adjust when necessary.

v. Provisions and other contingent liabilities

The Company operates in a regulatory and legal environment that, by nature, has a heightened element of litigation risk inherent to its operations. As a result, it is involved in various litigation, arbitration and regulatory investigations and proceedings in the ordinary course of the Company's business.

Given the subjectivity and uncertainty of determining the probability and amount of losses, the Company takes into account a number of factors including legal advice, the stage of the matter and historical evidence from similar incidents. Significant judgement is required to conclude on these estimates.

NOTES : (Contd.)

vi. Revenue from contract with Customers

The Company's contracts with customers include promises to transfer services to a customer. The Company assesses the services promised in a contract and identifies performance obligation involves judgement to determine the deliverables and the ability of the customer to benefit independently from such deliverables.

The Company exercises judgement in determining whether the performance obligation is satisfied at a point in time or over a period of time. The Company considers indicators such as how customer benefits as services are rendered or who controls the asset as it is being created or existence of enforceable right to payment for performance to date and alternate use of such product or services, transfer of significant risks and rewards to the customer, etc.

vii. Leases

Ind AS-116 requires lessees to determine the lease term as the non-cancellable period of a lease adjusted with any option to extend or terminate the lease, if the use of such option is reasonably certain. The Company makes an assessment on the expected lease term on a lease-by-lease basis and thereby assesses whether it is reasonably certain that any options to extend or terminate the contract will be exercised. The lease term in future periods is reassessed to ensure that the lease term reflects the current economic circumstances. Company also used judgement in determining the low value assets as given under the Ind AS-116.

viii. Impact of Covid:

Impact of Covid-19 Outbreak - The extent to which the Covid-19 pandemic will impact the Company will depend on future developments, which are uncertain, including, among other things, any new information concerning the severity of the Covid-19 pandemic and any further action by the Govt. or the Company to contain its spread or mitigate its impact.

- The fair value of the derivative financial instruments are those as informed by the counter parties (generally Banks).
- The Company holds Derivative financial instruments such as foreign exchange forward contracts, currency swaps or currency option contracts to mitigate the risk of changes in foreign exchange rates on foreign currency liabilities/forecasted cash flow denominated in foreign currencies. Derivatives are used exclusively for hedging and not as trading or speculative instruments. Such derivative contracts are not designated as hedges and are accounted for at Fair Value through Profit and Loss. The counter party for these contracts is generally a bank.
- Derivatives are recognised and measured at fair value. Attributable transaction costs are recognised in statement of Profit and Loss.
- The Company's risk management strategy and how it is applied to manage risk are explained in Note 36 of Notes to Accounts.

NOTE: 10(a)(3) Impairment assessment

The references below show where the Company's impairment assessment and measurement approach is set out in these notes. It should be read in conjunction with the Summary of significant accounting policies.

- The Company's definition and assessment of default and cure.
- How the Company defines, calculates and monitors the probability of default, exposure at default and loss given default.
- When the Company considers there has been a significant increase in credit risk of an exposure.
- The Company's policy of segmenting financial assets where ECL is assessed on a collective basis.
- The details of the ECL calculations for Stage 1, Stage 2 and Stage 3 assets.

NOTE: 10(a)(4)(i) Definition of default

The Company considers a financial instrument as defaulted and considered it as Stage 3 (credit-impaired) for ECL calculations in all cases, when the borrower becomes 90 days past due on its contractual payments.

NOTE: 10(a)(4)(ii) Probability of default

The 12 month probability of default is calculated using incremental NPA approach.

NOTE: 10(a)(4)(iii) Exposure at default

The exposure at default (EAD) represents the gross carrying amount of the financial instruments subject to the impairment calculation, addressing both the client's ability to increase its exposure while approaching default and potential early repayments too.

To calculate the EAD for a Stage 1 loan, the Company assesses the possible default events within 12 months for the calculation of the 12mECL. For Stage 2 and Stage 3 financial assets, the exposure at default is considered for events over the lifetime of the instruments.

NOTE: 10(a)(4)(iv) Loss given default

The Company segments its lending products into smaller homogeneous portfolios (Government - Housing, Government - Urban Infrastructure, Non Government and Retail), based on key characteristics that are relevant to the estimation of future cash flows. The data applied is collected loss data and involves a wider set of transaction characteristics (e.g., product type) as well as borrower characteristics.

NOTE: 10(a)(4)(v) Significant increase in credit risk

The Company continuously monitors all assets subject to ECLs. In order to determine whether an instrument or a portfolio of instruments is subject to 12mECL or life time ECL, the Company assesses whether there has been a significant increase in credit risk since initial recognition. The Company considers an exposure to have significantly increased in credit risk when contractual payments are more than 30 days past due.

When estimating ECLs on a collective basis for a group of similar assets, the Company applies the same principles for assessing whether there has been a significant increase in credit risk since initial recognition.

NOTE: 10(a)(4)(vi) Grouping financial assets measured on a collective basis

As explained in Note 4.17, the Company calculates ECLs on collective or individual basis .

The Company calculates ECLs on collective basis on following asset classes:

- Government - Housing
- Government - Urban Infrastructure
- Non Government
- Retail

The Company calculates ECLs on individual basis on all Stage 3 assets of Non Government portfolio.

The deposits are co-terminus with the maturity schedule of the underlying ADB loans (repayable from 10.12.2002 to 10.06.2022)

** Secured by Bank guarantee for an amount of ₹ 600 crore (previous year ₹600.00 crore) [being 25% of loan amount of ₹2,400 crore (previous year ₹2,400 crore) sanctioned/ disbursed by NHB and repayable upto 01.07.2027] and negative lien on all properties, assets, receivables etc. of HUDCO both present and future, except those on which the first exclusive charge is created in favour of the trustees to the secured tax free bonds of ₹5,000 crore mobilised during 2011-12, ₹ 2,401.3526 crore mobilised during 2012-13, ₹4,987.12 crore mobilised during 2013-14 and ₹5,000 crore mobilised during 2015-16.

\$\$ ₹1,294 crore availed on 19.03.2020 @6.57% p.a. (Fixed) payable quarterly, for a period of 3 years i.e. repayable on 19.03.2023 by way of bullet repayment.

Principal only Swap for US \$ 4.50 million (Outstanding US \$ 0.50 million as on 31.03.2022) with ICICI Bank was executed on 16.07.2018 effective from 18.07.2018 (for 4.5 years upto 14.09.2022 at spot rate of ₹68.68 and swap premium of 4.2479%, payable semi-annually.

Under the swap arrangement with EXIM Bank, HUDCO has remitted US \$ 10 million to EXIM Bank against which EXIM Bank has subscribed to 12.75% HUDCO Special Infrastructure Bonds (II) (rate of interest for the next 7 years reset to 12.50% w.e.f. 23.09.2020) amounting to ₹43.60 crore which are co-terminus with the loan maturity schedule of the underlying USAID guaranteed loan.

Guaranteed by Central Government as to the repayment of principal and interest.

^ HUDCO had availed a loan of US \$ 100 million from Asian Development Bank (ADB) (US \$ 50 million during the years 1997-98 and 1998-99 and the balance US \$ 50 million during 1999-2000). These loans are guaranteed by the Government of India and repayable in half yearly installments by June 2022.

^ These dollar funds were placed as deposits with Bank of India, Cayman Island Branch, USA (US \$ 50 million) and EXIM Bank (US \$ 50 million) in terms of agreements with these Banks. The deposits are co-terminus with the loan maturity schedule of the underlying ADB loan. In lieu of the USD deposit of US \$ 20 million, Bank of India has subscribed to 12.00% Special Priority Sector Bonds (I) for ₹100 crore (rate of interest to be reset on annual basis @ 1 year G-Sec plus 350 bps, presently @ 7.28%), outstanding as on 31.03.2022, being ₹ 4.20 crore. NOTE 36 : FAIR VALUE MEASUREMENT

36.1. Valuation principles

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction in the principal (or most advantageous) market at the measurement date under current market conditions (i.e., an exit price), regardless of whether that price is directly observable or estimated using a valuation technique.

In order to show how fair values have been derived, financial instruments are classified based on a hierarchy of valuation techniques.

36.2. Valuation governance

The Company's fair value methodology and the governance over its models include a number of controls and other procedures to ensure enough safeguards and maintain its quality and adequacy. All new product initiatives (including their valuation methodologies) are as per the approved policy of the Company. The ongoing measurement on fair value estimates is reviewed by the appropriate functional department of the Risk management and related finance functions.

36.3. Assets and liabilities by fair value hierarchy

The following table shows an analysis of financial instruments recorded at fair value by the level of the fair value hierarchy:

36.4. Valuation techniques

Mutual fund

Mutual funds are valued at the net asset value declared by the mutual fund in respect of each particular scheme.

Equity instruments

Equity instruments which are not actively traded on public stock exchanges but the active prices on a regular basis are available. Such instruments are classified as Level 2. Other equity instruments are fair valued based on the average of the discounted cash flow method and Net assets value (as provided by independent valuer) It is classified as Level 3.

Interest rate swaps, Currency swaps and Forward rate contracts

The most frequently applied valuation techniques include forward pricing and swap models and forward contract using present value calculations by estimating future cash flows and discounting them with the appropriate yield curves incorporating funding costs relevant for the position. These contracts are classified under Level 2.

36.5. Valuation adjustments and other inputs and considerations

Credit Valuation Adjustments (CVA)

The Company calculates CVA on a counterparty basis over the entire life of the exposure.

The Company applies CVA to all relevant (not fully collateralised) over-the-counter positions with the exception of positions settled through central clearing houses. Based on regular assessment of the extent of the adjustments, the Company concluded that these adjustments were not significant to the levelling classification of the relevant instruments in 2021-22 and 2020-21.

36.6. Impact of valuation adjustments and other inputs

The following table shows the amount recorded in the statement of profit and loss:

36.7. Transfer between level 1 and level 2

There have been no transfers between Level 1 and Level 2 for the year ended 31st March, 2021 and 31st March, 2022.

36.8. Movements in Level 3 financial instruments measured at fair value

The following tables show a reconciliation of the opening and closing amounts of Level 3 financial assets and liabilities which are recorded at fair value. The Company requires significant unobservable inputs to calculate their fair value.

36.9. Changes in key assumptions and range of inputs

(a) **Net Asset Value (NAV) Method:**

The Net Asset Value Method represents the value with reference to historical cost of assets owned by the company and the attached liabilities on the valuation date.

(b) **Discounted Projected Cash Flow:**

Discounted Projected Cash Flow valuation technique is used to calculate Impact on fair value of level 3 financial instruments measured at fair value using the following unobservable input such as Discount Rate, Recovery rates, Interest Rate and Revenue from operations to ascertain the change.

(c) To arrive at fair value of unquoted investments average of Net Asset Value (NAV) and Discounted Projected Cash flow as on 31st March, 2022 is taken.

The range of values indicates the highest and lowest level input used in the valuation technique and, as such, only reflects the characteristics of the instruments as opposed to the level of uncertainty to their valuation.

All changes in the fair market value would be reflected in the Statement of profit and loss based on the classification FVTPL.

The table summarises the valuation techniques together with the significant unobservable inputs used to calculate the fair value of the Company's Level 3 assets and liabilities.

March, 2022

Valuation technique	Significant unobservable inputs	Range of inputs	Impact on Fair value due to change in assumptions
DCF	Long term Growth Rate for cash flows for subsequent years	0% - 10%	5% increase (decrease) in growth rate would result in an increase (decrease) in fair value by: ₹ 19.23 crore.
	WACC	14% - 16%	1% increase (decrease) in WACC would result in an increase (decrease) in fair value by: ₹ 7.13 crore.
	Discount for lack of Marketability	15% - 25%	2% increase (decrease) in discount would result in an increase (decrease) in fair value by: ₹ 5.96 crore.
	Discount for lack of Control	12% - 20%	2% increase (decrease) in discount would result in an increase (decrease) in fair value by: ₹ 5.96 crore.
	Contingency	5% - 15%	2% increase (decrease) in discount would result in an increase (decrease) in fair value by : ₹ 5.96 crore.

March, 2021

Valuation technique	Significant unobservable inputs	Range of inputs	Impact on Fair value due to change in assumptions
DCF	Long term Growth Rate for cash flows for subsequent years	0% -10%	5% increase (decrease) in growth rate would result in an increase/(decrease) in fair value by: ₹ 20.62 Crore.
	Weighted Average Cost of Capital (WACC)	14% - 16%	1% increase (decrease) in WACC would result in an increase (decrease) in fair value by: (₹)3.02 crore).
	Discount for lack of Marketability	15% - 25%	2% increase (decrease) in discount would result in an increase (decrease) in fair value by: (₹)4.71crore).

	Contingency	5% - 15%	2% increase (decrease) in discount would result in an increase (decrease) in fair value by: (₹)4.71 crore).

36.10. Quantitative analysis of significant unobservable inputs

Interest rate volatility

Interest Rate volatility measures the expected future variability of a market price. It is generally quoted as a percentage; a higher number represents a more volatile instrument, for which larger swings in price (or interest rate) are expected. Volatility is a key input used to estimate the future prices for the underlying instrument (equity share). Interest rate volatility varies from time to time and therefore, it is not viable to make reliable and meaningful general statements about volatility levels.

Discount Rates

Discount rates are used for calculating the present value of future cash flows. In discounted cash flow models, discount rates are used as the direct reflection of the expected rate of return of the investments made by the company in the due course of the business. Hence, these rates reflect the net present value of an asset. They generally reflect the premium an investor expects to achieve over the benchmark interest rate to compensate for the higher risk driven by the uncertainty of the cash flows caused by the credit quality of the asset. They can be implied from market prices and are usually unobservable for illiquid or complex instruments.

Recovery Rates

Recovery rates reflect the estimated loss that the company will suffer given expected defaults (Non-performing Assets). The recovery rate is given as a percentage and reflects the opposite of loss severity (i.e. 100% recovery reflects 0% loss severity). In line with the operation of the Company, probability of Non-performing assets to loss assets plays an important role to ascertain the recovery rates. Higher loss severity levels / lower recovery rates indicate lower expected cash flows upon the default of the instruments. Recovery rates for complex, less liquid instruments are usually unobservable and are estimated based on historical data.

Revenue from operations

Revenue is the value of all sales of goods and services recognized by a company in a period. Revenue (also referred to as Sales, Turnover, or Income) forms the beginning of a company's Income Statement and often considered the "Top Line" of a business. Growth in revenue from operation directly impacts the profitability of the company, as operation expenses are deducted from a company's revenue to arrive at its profit.

36.11. Sensitivity of fair value measurements to changes in unobservable market data

Sensitivity of fair value measurements to changes in unobservable market data cannot be ascertained due to potential off-sets from economic or accounting hedge relationships in place

36.12. Fair value of financial instruments not measured at fair value

Set out a comparison, by class, of the carrying amounts and fair values of the Company's financial instruments that are not carried at fair value in the financial statements. This table does not include the fair values of non-financial assets and non-financial liabilities

36.12.1. Valuation Methodology of financial instruments not measured at fair value

Below are the methodologies and assumptions used to determine fair values for the above financial instruments which are not recorded and measured at fair value in the Company's financial statements. These fair values were calculated for disclosure purposes only. The below methodologies and assumptions relate only to the instruments in the above tables and, as such, may differ from the techniques and assumptions explained in Note 36.4.

Short-term financial assets and liabilities

For financial assets and financial liabilities, that have a short-term maturity (less than twelve months), the carrying amounts, which are net of impairment, are a reasonable approximation of their fair value. Such instruments include: cash and cash equivalents, Trade receivables, balances other than cash and cash equivalents, trade payables and contract liability without a specific maturity. Such amounts have been classified as Level 2 on the basis that no adjustments have been made to the balances in the balance sheet.

Loans and advances to customers

The carrying amount of fixed interest rate bearing loans and floating interest rate bearing loans are taken as fair values. It is classified under Level 3.

Financial asset at amortised cost

The fair values of financial assets at amortised cost are the carrying amount of the financial asset. It is classified under Level 3.

Debt Securities

Fair value of traded bonds is market price of the bonds as on the balance sheet date or close to balance sheet date. It is classified as Level 2 since it is not actively traded. Fair value of non-traded bonds is calculated based on discounted cash flow method (income approach) and it is classified as Level 3.

In case of Commercial Paper which is Current Liability i.e. short term maturity (less than or equal to twelve months), the face value of outstanding commercial paper is considered as fair value and is classified as Level 3.

Borrowing other than debt securities

The carrying amount of fixed interest rate bearing borrowings and floating interest rate bearing borrowings are taken as fair values, since these are reasonable approximation of their fair value. It is classified under Level 3.

NOTE 37 : RISK MANAGEMENT

37.1. Introduction and risk management structure

Company, being a Housing Finance Company is exposed to various types of risks like credit risk, operational risk, liquidity risk, market risk and foreign currency risk. Company is fully committed to manage these risks in an effective and proactive manner, for which HUDCO has in place a Risk Management Policy and Operating Manual in line with its objectives covering both the internal and external environment. With a view to minimize the impact of various risks to which Company is exposed to, Company has in place a Board level Committee namely 'Risk Management Committee of the Board' (RMCB) which reviews various suggestions/ recommendations/reports and action taken by three sub-committees namely:

- Assets & Liabilities Management Committee (ALCO);
- Credit Risk Management Committee (CRMC); and
- Operational Risk Management Committee (ORMC)

HUDCO has effective Assets and Liabilities Management system. ALCO reviews the risks relating to Assets and Liabilities and ensures management of mismatches through liquidity gap analysis, interest rate sensitivity analysis as per NHB guidelines. It is ensured that the ALM risks, if any, are managed within the permissible limits.

The Credit Risk Management Committee (CRMC) oversees and ensures that the institution's credit policies are complied with and the procedures are being consistently applied.

The Operational Risk Management Committee (ORMC) oversees and ensures the implementation of operational risk framework to explicitly manage each and every source of operational risk including Technology risk, Employee risk, Customer risk, Capital Asset risk and External risk.

37.2. Credit risk

For management of credit risks in an effective manner, Company has established a strong appraisal mechanism containing comprehensive appraisal techniques/ guidelines in order to ensure timely repayments of principal & interest amount.

37.2.1. Derivative financial instruments

Credit risk arising from derivative financial instruments is, at any time, limited to those with positive fair values, as recorded on the balance sheet.

With gross-settled derivatives, the Company is also exposed to a settlement risk, being the risk that the company honours its obligation, but the counterparty fails to deliver the counter value.

37.2.2. Exposure to credit risk

The carrying amount of financial assets represents the maximum credit exposure. The maximum exposure to credit risk was ₹76,989.92 crore and ₹74,291.89 crore as of 31st March, 2022 and 31st March, 2021 respectively, being the total of the carrying amount of balances with loans.

37.2.3. Analysis of risk concentration

HUDCO takes into consideration NHB/RBI norms for risk categorisation and the norms adopted for extending loan under HUDCO Niwas. Higher LTV is permissible for lower loan amounts while LTV reduces with the higher loan amounts. (Refer Note:10A)

37.4. Market risk

In order to mitigate the risks arising from fluctuations in interest rates and foreign currency exchange rates, Company periodically reviews and determines its lending rates based on its cost of funds and the market scenario. Further, the interest rate risk is being monitored with the help of interest rate sensitivity analysis under the Asset Liability Management System.

37.4.2. Interest rate risk

The interest rate risk is being monitored with the help of interest rate sensitivity analysis under the Asset Liability Management System.

The following table demonstrates the sensitivity to a reasonably possible change in interest rates (all other variables being constant) of the Company's statement of profit and loss and equity.

The sensitivity of the statement of profit and loss is the effect of the assumed changes in interest rates on the profit or loss for a year, based on the floating rate non-trading financial assets and financial liabilities held at 31st March, 2021 and 31st March, 2022.

Particulars	Increase/ (Decrease) in basis points	Sensitivity of Profit & Loss	Sensitivity of Equity	Increase/ (Decrease) in basis points	Sensitivity of Profit & Loss	Sensitivity of Equity

Debt Securities	100/(100)	0.04/(0.04)	-	246/(246)	0.31/(0.31)	-

37.4.3. Currency risk

In order to mitigate the risks associated with Foreign Currency Fluctuations, Company has a Foreign Currency Risk Management policy.

The table below indicates the currencies to which the Company had significant exposure at the end of the reported periods. The analysis calculates the effect of a reasonably possible movement of the currency rate against the INR (all other variables being constant) on the statement of profit and loss (due to the fair value of currency sensitive monetary assets and liabilities). A negative amount in the table reflects a potential net reduction in the statement of profit and loss or equity, while a positive amount reflects a net potential increase. An equivalent decrease in each of the currencies below against the INR would have resulted in an equivalent but opposite impact.

Currency	Change in currency rate in % 2021-22	Effect on profit before tax 2021-22 ₹ in crore	Effect on equity 2021-22 ₹ in crore	Change in currency rate in %	Effect on profit before tax 2020-21 ₹ in crore	Effect on equity 2020-21 ₹ in crore
USD	1	0.97/(0.97)	-	1	1.62/(1.62)	-
JPY	1	0.27/(0.27)	-	1	0.59/(0.59)	-

37.4.4. Equity price risk

Equity price risk is the risk that the fair value of equities decreases as a result of changes in the level of equity indices and individual stocks. At 10 per cent increase in the value of the Company's equities at 31st March, 2022 would have increased equity by ₹18.02 crore. An equivalent decrease would have resulted in an equivalent but opposite impact and would cause a potential impairment, which would reduce profit before tax by approximately ₹18.02 crore.

37.4.5. Operational Risk

In order to mitigate the operational risk(s) associated with the operations of the organization both internal as well as external including technology risk, employee risk, capital asset risk, external risk, compliance risks viz. external fraud, legal risk, etc, Company has established a strong reporting and monitoring mechanism.

Operational Risk Management framework covers managing each and every source of Operational Risk as a distinct risk to the institution's safety and soundness. The requisite information on the Operational risk is obtained through quarterly reports of 'Operational Risk Factors and Key Risk Indicators (KRIs)' from Regional Offices/ departments which are further reviewed and analysed for mitigation of operational risk.

NOTE 39. IND AS-116 LEASES-AMENDMENT EFFECTIVE FROM 01ST APRIL, 2019

The Company adopted Ind AS 116 using the modified retrospective method of adoption with the date of initial application of 01st April, 2019. Under this method, the standard is applied retrospectively with the cumulative effect of initially applying the standard recognized at the date of initial application. The Company elected to use the transition practical expedient not to reassess whether contract is or contains lease at 01st April, 2019. Instead, the Company applied the standards only to contracts that were previously identified as leases applying Ind AS 17.

Before the adoption of Ind AS 116, the Company classified each of its leases (as lessee) at the inception date as either a finance lease or an operating lease. Upon adoption of Ind AS 116, the company applied a single recognition and measurement approach for all leases except for short-term leases.

Leases previously classified as finance leases

The Company did not change the initial carrying amounts of recognized assets at the date of initial application for leases previously classified as finance leases.

Leases previously accounted for as operating leases

Company has lease contracts for the office building which are cancellable by the both the lessor and lessee. Company has some contracts which are cancellable by the either lessor and lessee and at present there is no estimation by the company to continue or discontinue the same, further amount of that leases is not material for the company and therefore company is not creating ROU on that assets based on the materiality as per the guidance given under the Indian accounting standard. Further company used hindsight in determining the lease term where the contract contained options to extend or terminate the lease and therefore its leases are covered under the short-term leases as per the guidance under the Ind AS-116.

Amounts recognised in Statement of Profit and Loss relating to short term leases is ₹1.55 crore during the year 2021-22 and in the previous year 2020-21 is ₹1.59 crore.

b) Company as a Lessor

The Company has given its Assets on the leases; details of the same are given under the Note No-14A Investment Property.

Lease Rental recognized as income during the year 2021-22 is ₹49.04 Crore and in the Previous year 2020-21 is ₹40.60 crore.

The above does not include any contingent liability in respect of Andrews Ganj Project (AGP), arising on account of various court cases/ arbitration/ allottees' claims against cancellation of allotment etc., as in this case, HUDCO is only working as an agent being project executed on behalf of Govt. of India. As such, liability (if any) whenever ascertained / finalised shall be passed on to MoHUA, Govt. of India and met out of AGP (No Lien AGP Account), being maintained separately, in line with the directions of the then MoUD.

3) Andrews Ganj Project

- i) HUDCO had initiated execution of Andrews Ganj Project (AGP) on behalf of the then Ministry of Urban Development, (MoUD) in the year 1989-90.
- ii) As per minutes of the meeting held on 07th September, 1995, it has been agreed to pay interest @ 17% p.a. (simple) on the expenditure incurred on AGP along with 1.5% of project cost as administrative charges.
- iii) As per Perpetual Lease Deed dated 04th July, 1997, the Company is liable to make available "Net Resources" from the development and disposal of properties of the AGP to then MoUD and accordingly the Company was crediting interest on Net Resources generated on the project upto 03rd November, 2004. Subsequently, a separate "No Lien AGP Account" has been opened under the name of "HUDCO AGP Account", in which the surplus lying to the credit of the then MoUD was credited and interest accrued/ earned on "No Lien AGP Account" was also credited to that account.
- iv) HUDCO contends that as per minutes of the meeting held on 07th September, 1995 and in terms of Perpetual Lease Deed dated 04th July, 1997, the status of the Company is "Agent of MoUD". The contention of HUDCO is that it is working as an agent and as such total ownership rights and responsibilities of AGP are of MoHUA-GOI (erstwhile MoUD) and there is no financial liability of HUDCO in respect of AGP. This has been upheld by learned Shri GE Vahanvati, the then Solicitor General of India, vide his opinion dated 12th April, 2005. This opinion was re-confirmed by learned Shri GE Vahanvati as Attorney General of India vide his opinion dated 19th August, 2009. The opinion was also duly endorsed by the then Law Secretary and Law Minister of Government of India.
- v) Keeping this position in view and in accordance with HUDCO's Board decision in 459th meeting dated 24th August, 2009, HUDCO has been making payments / settling claims on Ministry's behalf and accounting them in "No Lien AGP Account" being separately maintained by HUDCO. As on 31st March, 2022, this account has a deficit in the form of debit balance of ₹526.27 crore, recoverable from MoHUA(erstwhile MoUD). This represents amount paid by HUDCO on behalf of the Ministry for the capital and revenue expenditures on AGP project over and above the recoveries and the accumulated interest amounting to ₹263.30 crore charged @ 10.75% p.a. (simple), on excess of expenditure over recoveries. The MoHUA (erstwhile MoUD) in a meeting held on 27th April, 2015 have also asserted that HUDCO shall continue to implement and manage the AGP in terms of Perpetual Lease Deed and all the pending issues shall be looked into for resolution by the Ministry. The MoHUA (erstwhile MoUD) in the said meeting has also decided that HUDCO as a Lessee will bear all the liabilities including the liabilities generated out of compliance of various court orders in cases related to the project. The company vide its letter dated 30th September, 2015, conveyed its reservation

to accept the decision for bearing the liabilities of Andrews Ganj project as HUDCO is acting as an agent of MoHUA, Government of India, for AGP, in terms of perpetual lease deed conditions and other agreed terms.

- vi) The Ministry has been informed specifically of the above facts and figures on various occasions through correspondence as also in the meetings. A communication was received from Dy. L&DO vide letter dated 22nd March, 2016 wherein Dy. L&DO had conveyed that HUDCO may continue to implement Andrews Ganj project and manage "No Lien AGP Account" in line with the terms and conditions as stipulated in the Perpetual Lease Deed dated 04th July, 1997. The Ministry again informed in specific vide Dy L&DO letter dated 31st May, 2018 that HUDCO as a lessee is permitted to incur/book maintenance and legal expenditure in respect to Andrews Ganj Project from "No Lien AGP Account". Like earlier years, in-line with the minutes of meeting dated 07th September, 1995, the perpetual lease deed dated 04th July, 1997, income of ₹28.02 crore on account of interest accrued on AGP Project has been credited to Statement of Profit and Loss for the period year ended 31st March, 2022.
- vii) As decided by HUDCO Board in its 596th meeting held on 14th June, 2018, Ministry of Housing and Urban affairs has been requested vide letter dated 09th July, 2018 to consider taking over the Andrews Ganj project with assets and liabilities and pay the amount incurred / to be incurred by HUDCO, towards implementing the project. It has also been conveyed that "till the project is taken over by Ministry", HUDCO shall be continuing implementing the project as per existing arrangements and continue booking maintenance and legal expenses, interest @ 10.75% p.a. and administrative charges @1.5% in "No Lien AGP Account". The decision on the same from the Ministry is awaited.
- viii) The company, in its aforesaid capacity as an agent of MoHUA (erstwhile MoUD), relating to AGP, is in possession of real estate properties (9 guest houses blocks and hotel site) which command much higher realizable market value sufficient to recover aforesaid amount of ₹526.27 crore, as on 31st March, 2022.
- ix) MoHUA was requested vide letter dated 13th January, 2021 to make arrangements towards reimbursement of the amount recoverable endorsement for settling the same from the project proceeds as and when the same are realized, which is also in line with the Lease agreement and well settled and agreed.

In reply to the same, Ministry vide letter dated 10th March, 2021 has requested for certain additional information including the breakup details of principal amount and interest amount as contained in the "No Lien AGP Account" to process HUDCO's request.

Ministry vide letter dated 28th June, 2021 has stated that the "HUDCO's proposal is under examination in consultation with IFD, MoHUA. Till the proposal of HUDCO vide their letter dated 13th January, 2021 is approved, the existing arrangement may be continued as conveyed vide this office letter dated 22nd March, 2016 and 31st May, 2018".

- i) The Company had allotted a hotel site including car parking space to M/s .Tomorrowland Technologies Exports Ltd. i.e. TTEL (formerly known as M/s. M S Shoes East Limited). Due to default in payment of installments by TTEL, the Company cancelled the allotment of hotel site including car parking space and forfeited the amount paid by TTEL in terms of the allotment letter.
- TTEL started litigation regarding hotel site and filed suit for declaration in lower courts that cancellation of allotment letter by HUDCO, be declared as null & void. The Sr. Civil Judge passed final order dated 03rd July, 2010 against HUDCO. HUDCO filed first appeal against the Order of Sr. Civil Judge before Additional District Judge (ADJ) Delhi. The ADJ vide Order dated 18th July, 2014 dismissed the first appeal of HUDCO and passed the judgment in favour of TTEL. HUDCO filed Regular Second Appeal (RSA) with Hon'ble High Court of Delhi which passed the final judgment on 03rd July, 2016 in favour of HUDCO. TTEL challenged the High Court Order by filing SLP NO: 34338/2016 in the Supreme Court. The matter is currently in pendency before Hon'ble Supreme Court.
- ii) The allotment of 9 blocks of guest houses, restaurants, kitchens and shops, which were allotted to TTEL, was cancelled due to default in payment of installment by TTEL and amount of first installment paid by TTEL was forfeited as per terms of allotment letter. TTEL filed a civil suit for permanent injunction and possession against HUDCO & Union of India. The Hon'ble High Court, vide Order dated 10th August, 2016, directed that HUDCO & Union of India should consider the proposal given by TTEL for refund of entire amount deposited by way of 1st installment by it with HUDCO along with interest at such rate which may be deemed appropriate by Court.

NOTES : 40 (Contd.)

In view of Hon'ble High Court of Delhi order dated 10th August, 2016, the Board in its 568th meeting held on 23rd August, 2016 resolved to approve the proposal to refund first installment forfeited by HUDCO excluding earnest money & the interest for delayed payment paid thereof by TTEL for guest house blocks after adjusting the commercial losses caused to HUDCO and other expenses incurred by HUDCO since 1997-98 from the date of completion of project subject to necessary approval/NOC of MoUD, Govt. of India.

The Hon'ble High Court passed a decree dated 13th January, 2017 for payment of 1st installment of ₹35.75 crore to TTEL along-with interest @ 6% p.a. w.e.f. 30th January, 1995 till date of payment and directed HUDCO to refund the interest paid by TTEL (₹ 0.99 crore) on the delayed period of payment of 1st installment (from 30th November, 1994 till 30th January, 1995). If the entire amount is not paid on or before 31st December, 2017, the rate of interest would then stand enhanced to 11% p.a. However, the decree was made in-executable till 30th June, 2017.

TTEL filed Review Petition in the month of May, 2017, before Hon'ble High Court of Delhi for review of the Decree dated 13th January, 2017, praying inter-alia for refund of EMD, grant of interest @ 16.48% p.a. on quarterly rests. Subsequently, Review Petition filed by TTEL was disposed off by the High Court on 12th December, 2017. Thereafter, TTEL has filed Special Leave Petition (SLP No 10752/53 of 2018) in Hon'ble Supreme Court against the Decree dated 13th January, 2017 and Hon'ble High Court Order dated 12th December, 2017. The Company filed application for recalling the Hon'ble High Court Order dated 13th January, 2017, in view of the Review Petition filed by TTEL and directions of Govt. of India. The matter was listed on 28th August, 2018, after hearing all parties, Hon'ble High Court dismissed the "Recall Application" of HUDCO. HUDCO filed SLP in Supreme Court challenging the High Court Order dated 28th August, 2018 and 13th January, 2017. Vide Order dated 18th September, 2018, the Hon'ble Supreme Court has dismissed the SLP as withdrawn, with liberty to HUDCO to file all legal objections regarding the executability of the decree in the executing Court.

Further, TTEL also filed first Execution Petition in Delhi High Court and later on, the same was also withdrawn by TTEL on 23rd December, 2017. Thereafter, TTEL has filed Revised Execution Petition, making Govt. of India also a party and claiming rate of interest @ 11% p.a. as per the decree dated 13th January, 2017. The matter was listed on 3rd May, 2018, wherein the Hon'ble High Court first directed for attachment of HUDCO Property i.e. HUDCO Bhawan, IHC, Lodhi Road, New Delhi. However, after hearing the submission of HUDCO vide the same order, Hon'ble High Court kept the attachment order of HUDCO Property in abeyance till the next date and also directed that HUDCO will not sell the property at Andrews Ganj, Delhi. Further, the learned Justice V.N. Khare, former Chief Justice of India, has opined that, "HUDCO's consent to perform the terms of the Order dated 13th January, 2017 was conditional on UOI's support and in the event any liability is indeed ascribed to HUDCO, the same should then be recoverable from the UOI".

In view of the Supreme Court's Order dated 18th September, 2018, HUDCO filed objection in the Execution Petition, pending in Delhi High Court. The matter was listed on 29th October, 2018. After hearing the submission of HUDCO's Counsel, the Hon'ble Court dismissed the objections. HUDCO filed two appeals in Delhi High Court as under: -

- i) Regular first Appeal (RFA 79/2018) against the final order/ decree 13th January, 2017 and order dated 28th August, 2018 (Dismissal of Recall application by High Court). Notices have been issued.
- ii) Execution First Appeal (EFA No 19/2018) against the order dated 29th October, 2018, wherein objections of HUDCO in execution petition were dismissed. The matter was listed on 27th November, 2018. After hearing the matter, the Hon'ble Court stayed the execution proceeding pending in Delhi High Court till the next date. The matter was listed again on the application of the M/s TTEL for vacation of stay on 08th July, 2020 before Division Bench, Delhi High Court, after hearing the matter, the Hon'ble Court directed that Execution First Appeal (EFA) 19/2018 shall be adjourned sine die and will be listed after the final disposal of the Regular First appeal (RFA 79/2018). The parties are at liberty to move the application for revival of EFA after final disposal of RFA 79/2018. Till the further order, the stay on the Execution proceedings shall be continued. Both the cases are pending.

TTEL filed SLP in Supreme Court, against the High Court Order dated 27th November, 2018, wherein High Court stayed the execution proceedings. However, the same has been withdrawn by TTEL on 14th January, 2019.

TTEL has filed Special Leave Petition (SLP No 10752/53 of 2018) in Supreme Court against Decree dated 13th January, 2017 and Hon'ble High Court Order dated 12th December, 2017. The SLP filed by TTEL is currently pending in Hon'ble Supreme Court. Further, in the SLP No 10752/53 of 2018, the Union of India has filed an affidavit denying its liability

NOTES : 40 (Contd.)

on this account. The said affidavit, was placed before the Board of Directors of HUDCO and as per the decision, the company has also filed a reply/affidavit to the affidavit of Union of India denying its liabilities on account of the same bases on perpetual Lease Deed 04th July, 1997 and Record Note of discussion dated 07th September, 1995. The matter is currently pending before Hon'ble Supreme Court of India.

Hence, in view of the facts and circumstances stated above, the Company does not expect any liability on this account and any expenditure related thereof. In case of any liability by virtue of any court order or otherwise, the same shall be in the account of "No Lien AGP Account" of MoUD, based on the facts and documents and the legal opinions obtained by HUDCO.

- (d) The arbitrator has passed an award in favour of M/s. Ansal Properties and Industries Ltd. (APIL) amounting to ₹8.84 crore along with interest @ 18% p.a. on 28th July, 2005 in respect of the property leased to APIL at AGP. The Arbitrator has also allowed the counter claim of HUDCO amounting to approximately ₹0.85 crore along with interest @ 18% p.a. on account of maintenance charges w.e.f. 1st January, 2001 up-to 31st July, 2005. HUDCO has challenged the award before the Hon'ble High Court of Delhi and, as per the directions of the court, has deposited a sum of ₹7.99 crore in the court out of "No Lien AGP Account". Now, the case is listed before Registrar General, Hon'ble High Court for further proceedings.

APIL has invoked arbitration for refund of ground rent paid by it from November, 1995 to October, 1999 and the arbitrator has pronounced the award on 21st July, 2006 holding therein that APIL is not liable to pay the ground rent up to October, 1999 i.e. till the shopping arcade was constructed and became operational in October, 1999. The amount of ₹3.93 crore deposited earlier by APIL has been directed to be adjusted towards the future ground rent payment dues w.e.f. November, 1999 along-with Interest @ 7% p.a. for delayed payment. HUDCO has filed petition challenging the award before the Hon'ble High Court of Delhi. The Hon'ble High Court on 10th May, 2012 has set aside the arbitration award dated 21st July, 2006. APIL filed an appeal against the above-mentioned order before Division Bench of Hon'ble High Court, Delhi. Division Bench vide its order dated 24th January, 2013, allowed APIL appeal and upheld the Arbitrators award. HUDCO filed SLP on 10th May, 2013 before Hon'ble Supreme Court against this order which is currently pending.

- 4) HUDCO had allotted 6435 sq. mtr. of built-up space in 1993 at HUDCO Vishala, Bhikaji Cama Place, New Delhi to EPFO on Long Term Sub-lease basis. The sub-lease in favour of EPFO is yet to be executed and ₹0.35 crore recoverable from EPFO.
- 5) a) The Company has a procedure for seeking confirmation of outstanding balances at each quarter end from all the borrowers except cases under litigation. In case of receipt of balance confirmation from the agency for any Quarter of the year, the same is treated as confirmed during the year. Confirmation of balances covering approximately 92.63% received upto 11th May 2022 (previous year 89.65% received upto 14th June 2021) in value of the total project loan outstanding (excluding Litigation cases) have been received from the borrowers.

In case of Associate Company

Balances of certain debtors and creditors are in the process of confirmation/ reconciliation.

- (b) The Company made impairment provision on loans (as per ECL approach) of ₹2,504.23 crore as on 31st March, 2022 and ₹2,753.78 crore as on 31st March, 2021 as per Ind-AS requirement.
- (c) As per RBI notification no. RBI/2020-21/170 Circular DOR (NBFC).CC.PD.No.109/22.10.106/2020-21 dated 13th March, 2020 on implementation of Indian Accounting Standards, Housing Finance Companies are required to create an Impairment Reserve for any shortfall in impairment allowances under Ind-AS 109 and IRAC norms (including provision on standard assets). The impairment allowance under Ind-AS 109 made by the company is lower than the total provision required under IRAC as at 31st March, 2022 and accordingly, impairment reserve of ₹60.18 crore has been created.

6) The receipts from the agencies in the loan accounts is appropriated as per loan agreement in the following order:

- a. Other dues/ expenses recoverable
- b. Penal interest
- c. Normal interest
- d. Principal

In the event of excess payment, the same is adjusted towards principal.

However, in respect of default cases, repayments are first adjusted towards liquidation of the oldest default by following above order and after appropriation of default, the balance, if any, is adjusted as per the normal practice as above.

NOTES : 40 (Contd.)

- 7) During the FY 2020-21, the company has implemented restructuring plan in case of RKM Powergen Pvt Limited in December, 2020, with principal outstanding ₹482.57 crore, as per RBI Circular dated 7th June, 2019 on “Prudential Framework for Resolution of Stressed Assets”. As per the restructured plan part of the outstanding loan was converted into a Sustainable Debt of ₹297.12 crore and as per NHB norms, the same was kept as Sub-standard under watch period for one year. Now, after completion of period of one year and on regular servicing of the dues, the said account has been upgraded to Standard Asset and the corresponding ECL allowance has been reversed during the current year.
- 8) Our country has experienced waves of Covid-19 pandemic following the discovery of new mutant variants. Temporary localised regional lockdowns were imposed, which were subsequently lifted. Improved coverage of vaccination programme and growing immunity against the disease has resulted in witnessing recovery of demand. As HUDCO operates in the space of providing financial assistance for Housing and Urban development projects of Government and Government agencies, the company has strong credit profile with stable assets class, smooth liquidity access and availability of contingency buffers. The company has no reason to believe that Covid-19 crisis will have any significant impact on its operations including the going concern assessment. However, the impact will continue to depend on uncertain future developments of further variants and their severity.
- 9) The Company had made Long Term Investments at a total cost of ₹99.86 crore which represents Trade Investment in Equity Shares, Investments in Associates, Infrastructure Debt Fund and bonds. As per the applicable Ind AS, Investments as on 31st March, 2022 are being shown at fair value through profit or loss of ₹253.94 crore.
- 10) Loans granted by the company directly to individuals and bulk loans under HUDCO Niwas Scheme are secured fully/partly by:
- (i) Equitable Mortgage of the property and /or
 - (ii) Undertaking to create security through execution of Tripartite Agreement between the Company, borrower and the Developing Authority / Developer;
 - (iii) Hypothecation of Distribution Assets of the borrower Company.
 - (iv) Negative Lien on the assets of the borrower Company. Assets of the Company include the book debts and future receivable.
 - (v) Government Guarantee, first charge on the assets of the housing finance company or First Pari-Passu charge on the outstanding loans or Exclusive Charge/ First Pari-Passu charge on the present and future receivables/ Book Debts, Escrow mechanism, postdated cheques or ECS or RTGS, First Pari-Passu charge on immovable property/ Undertakings, Demand promissory note and irrevocable Power of Attorney in favour of HUDCO to recover the money from individual borrowers.
- In addition to (i) and (ii) above, the assignment of Life Insurance Policies, pledge of National Saving Certificates, Fixed Deposits, etc. are also obtained.
- 11) The Company has adopted Ind AS-19 ‘Employee Benefits’. Defined employee benefit schemes are as follows:
- (a) The Company has a separate trust to manage provident fund scheme and provides interest guarantee as per Employees’ Provident Fund Scheme, 1952. The Company pays fixed contribution of provident fund at a predetermined rate to the trust, which invests the funds in permitted securities. The trust is required to pay a minimum notified rate of interest on contribution to the members of the trust and the provident fund scheme additionally requires the company to guarantee the payment of interest at rates notified by the Central Government from time to time under the Employees’ Provident Fund Scheme, 1952 and recognizes such deficiency as an expense in the year it is determined.
- In view of the interest rate guarantee by the Company, the plan although being a defined contribution plan is being treated as defined benefit plan for the purpose of disclosure as per Ind AS 19, since as per Section 17 of the Employees Provident Funds (EPF) Act, 1952, the company has to guarantee the interest rate as announced by the EPFO from time to time. Accordingly, the actuarial valuer has done valuation to the extent of interest rate guarantee and details of the same have been disclosed as given below.

NOTES : 40 (Contd.)

The fair value of the plan assets of the Provident Fund and the accumulated members' corpus is ₹338.93 crore and ₹377.44 crore respectively (Previous year - ₹328.88 crore and ₹364.09 crore respectively). The fair value of the assets of the provident fund as at 31st March, 2022 is lower than the obligation under the defined contribution plan. Provision of ₹38.51 crore (Previous year ₹35.21 crore) is outstanding based on actuarial valuation.

The charge to Profit and loss Account for the valuation period is ₹11.31 crore. The amount for Other Comprehensive Income is ₹2.58 crore.

The actuarial assumptions include discount rate of 6.81% (Previous year - 6.55%) and an average expected future period of 6.85 years (Previous year 8.39 years). The Company recognized ₹10.62 crore (Previous year - ₹ 9.44 crore) for Provident Fund contributions in the Statement of Profit and Loss. The contributions payable to this plan by the Company are at rates specified in the rules of the schemes.

- (b) The Company has a defined benefit gratuity plan. Every employee is entitled to gratuity as per the provisions of the payment of Gratuity Act, 1972. The scheme is managed by a separate trust through LIC Policy and the premium paid by the Trust is funded by the Company.
- (c) The summarized position of various defined benefit schemes recognised in the Statement of Profit & Loss, Balance Sheet and the funded status are as under:

In case of Associate Company

As per Indian Accounting Standard - 19 "Employee Benefits", the disclosures of Employee Benefits are as follows:

(a) Defined Benefit Plans/Long Term Compensated Absences:

Description of Plan

The gratuity plan is governed by the Payment of Gratuity Act, 1972. Under the said Act, an employee who has completed five years of service is entitled to specific benefit. The Gratuity plan provides a lumpsum payment to employees at retirement, death, incapacitation or termination of employment. The level of benefits provided depends on the member's length of service and salary at retirement age etc.

*Gratuity Benefits and Leave Encashment Benefits are unfunded in nature. The liabilities are determined on accrual basis and not on the basis of actuarial principles since the same is not considered material.

(b) The Gratuity and Provident Fund expenses have been recognised under "Contribution to provident fund and other funds" and leave encashment under "Salaries & Wages".

- 13) The Govt. of India through its Notification dated 9th August, 2019 had made Reserve Bank of India (RBI) as the regulator for HFCs and the supervision part continued to remain with NHB.

RBI has issued notification dated 22nd October, 2020, on regulatory framework for HFCs, by which the definition of HFCs has undergone a change. As per the notification, HFC shall mean a company incorporated under the Companies Act, 2013 which inter-alia, fulfills the following conditions:

NOTES : 40 (Contd.)

- (a) The financial assets, in the business of providing finance for housing constitute at least 60% of its total assets and
- (b) Out of the total assets not less than 50% should be by way of housing finance for individuals.

HFCs which are unable to fulfill the criteria shall be treated as NBFC – Investment and Credit Companies (NBFC-ICC).

HUDCO qualifies as a HFC as per Para 1(a) of the RBI circular, but the condition of 50% financing to Individuals is not met out, as mentioned in point no. 1(b) above. Accordingly, in view of the non-fulfillment of the above condition, HUDCO requested RBI vide letter dated 16th December, 2020 for special dispensation to HUDCO for granting exemption from the clause pertaining to 50% lending to individuals and treat HUDCO as HFC.

RBI in its reply letter dated 10th February, 2021 has informed its inability to accede to HUDCO's request for exemption and accordingly suggested to submit a Board approved plan to fulfill the principal business criteria for HFC or to convert into a NBFC-ICC.

In the meantime, as per RBI's Master Directions issued vide Notification dated 17th February, 2021 for NBFC-HFC, certain circulars issued by NHB have been repealed. As HFC status is ruled out by the RBI, the decision to convert HUDCO into NBFC- Investment and Credit Company (ICC) or Infrastructure Finance Company (IFC) from the present HFC status, requires detailed analysis to be carried out on various pros and cons.

RBI was requested vide letter dated 8th March, 2021 to grant six months' time for transition to NBFC and to retain the status of HFC and to continue operations with the special dispensations/ relaxations given earlier with regard to credit concentration norms/ exposure norms permitted by NHB/ RBI.

In response to HUDCO's request, RBI vide letter dated 26th March, 2021 has granted six months' time to submit Board approved plan for conversion to NBFC. RBI has further advised that the exemptions from concentration/exposure norms granted previously by NHB/RBI would continue to apply at present subject to the conditions specified while granting such exemptions. Owing to second wave of Covid 19 pandemic, RBI was requested vide letter dated 23rd September, 2021 to grant further six months' time to HUDCO for submission of Board approved plan for transition to NBFC – IFC. In response to HUDCO's request, RBI vide letter dated 27th September, 2021 granted time till 31st December, 2021 to submit Board approved plan for conversion to NBFC.

The proposal for transition of HUDCO from its present status of HFC to NBFC – IFC was approved in principle by the HUDCO Board in its meeting held on 28th December, 2021. Thereafter HUDCO required approval from Ministry of Housing and Urban Affairs for the conversion before submission of application form to RBI. RBI was requested vide letter dated 28th December, 2021 to grant three months' time for submission of application to RBI and to retain the status of HFC and to continue operations with the special dispensations/ relaxations given earlier with regard to credit concentration norms/ exposure norms permitted by NHB/ RBI. In response to HUDCO's request, RBI vide letter dated 31st December, 2021 granted time till 31st March, 2022 for conversion from HFC to NBFC-IFC.

HUDCO has submitted application to RBI on 29th March, 2022 to convert from HFC to NBFC-IFC. The RBI vide its letter dated 8th April, 2022 called for specific details and information from HUDCO.

The management reckons to receive the said approval from RBI in FY 2022-23. Till such time, HUDCO continues to retain the status of HFC.

- 14) RBI has issued Master Directions for NBFC-HFC vide their Notification dated 17th February, 2021. RBI's credit concentration norms state that a Housing Finance Company's lending exposure to any single borrower or investment in the shares of another company should not exceed 15% of its owned funds and lending exposure to any single group of borrowers or investment in the shares of single group of companies should not exceed 25% of its owned funds. As per the said circular, Investment of a Housing Finance Company (HFC) in the shares of another HFC shall not exceed 15% of the Equity Capital of the investee company.

The Company is complying with National Housing Bank's credit concentration norms except in one case of investment in another HFC viz., Indbank Housing Ltd. (IBHL), a subsidiary of Indian Bank in which HUDCO has invested 25% capital of investee.

NOTES : 40 (Contd.)

HUDCO had invested ₹2.50 crore, even before guidelines were applicable, in the Equity Shares of IBHL, whose total paid-up capital is ₹10 crore resulting in investment to the extent of 25% of the equity.

IBHL through their letter has informed that the earlier decision for merger of IBHL with the parent bank was taken by the IBHL Board on account of the then situation prevailing at that point of time. IBHL took various steps towards revival of housing finance business. The authorized capital of the company was increased from ₹50 crore to ₹150 crore. The company-initiated steps for restructuring of capital by converting loan liabilities of Indian Bank into Compulsory Convertible Preference shares (CCPS) carrying 0.01% rate for ₹129 crore. However, the required permission of RBI was not forthcoming and hence conversion of loan liability to CCPS could not be carried out.

IBHL has engaged the services of SBI Capital Market Services Ltd with effect from 1st August 2019 for the purpose of finding suitable investor. Since then, several discussions have taken place with real estate players and PE investors, however, the deal is yet to materialize. HUDCO would also exit partially/ fully once new investor is finalized.

NHB/ RBI, from time to time, has given certain relaxations from credit concentration norms considering the role envisaged for HUDCO. However, vide its letter No. NHB(ND)/ DRS/ SUP/ 3911/ 2018 dated 2nd April, 2018, NHB capped the credit concentration (Exposure) limit for Government/Public agencies as follows:

- (a) The individual exposure limit of HUDCO to Government/Public Agencies (inclusive of the exposure limit of upto 30% for infrastructure/ non-housing related activities) shall be capped at 50% of its NOF.
- (b) The exposure limit of HUDCO for State Government (under group exposure) shall be capped at 150% of its NOF in respect of State of Telangana and 100% of NOF for all other States. HUDCO is required to take suitable steps to bring down the group exposure in respect of State of Telangana also to 100% within a maximum period of 3 years. The conditions relating to compliance by the concerned State with the FRBM limits shall continue to be ensured by HUDCO.

The Board of Directors of HUDCO in its 594th meeting held on 19th April, 2018 considered above and directed that "NHB be again requested to expeditiously review its decision communicated vide its letter dated 2nd April, 2018 and permit HUDCO to continue on the already approved pattern of credit concentration norms communicated by NHB vide its letters from time to time".

NHB vide its letter no. NHB(ND)/DRS/SUP/7085/2018 dated 13th July, 2018 has conveyed its decision to allow HUDCO to continue its disbursements as per the schedule in relation to the existing sanctions made upto 31st May, 2018. However, HUDCO shall be required to take suitable steps to bring down the exposure to Government/Public Agencies and State Governments (under group exposure) in the above cases also to 50% and 100% respectively latest by March, 2023.

The exposure limits of upto 50% for Government/Public Agencies (inclusive of the exposure limit of upto 30% for infrastructure/non-housing related activities) and upto 100% for State Governments (under group exposure) will continue to be applicable in all other cases. The condition relating to compliance by the concerned State with the FRBM limits shall continue.

HUDCO vide letter dated 6th March, 2019 requested NHB seeking relaxation in the individual/group exposure norms. Further, HUDCO also sought exemption from exposure norms for funding of PMAY (U) programme through Extra Budgetary Resources (EBRs).

NHB has vide its letter no. NHB(ND)/DRS/SUP/879/2019 dated 8th March, 2019 granted relaxation in credit concentration norms (under individual borrower exposure to Government /public agency) to HUDCO to extend loan upto ₹20,000 crore to BMTPC under the PMAY-U subject to the condition that demand under Credit Linked Subsidiary Scheme (CLSS) is met on priority while utilizing funds lent to BMTPC.

NHB has vide its letter no. NHB(ND)/DRS/SUP/880/2019 dated 8th March, 2019 granted relaxation to HUDCO in respect of credit concentration (exposure) norms upto 140%, 175% and 120% of the NOF in respect of the State of Andhra Pradesh, Telangana and Uttar Pradesh respectively (under group exposure) and upto 55% (under individual exposure) each in case of APTIDCO and HMWSSB subject to the following conditions:

- (i) HUDCO shall continue to ensure that the extended exposures (beyond 50% and 100% respectively) are guaranteed by the State Government(s) and HUDCO will cease to extend further exposure to these states if FRBM limits are breached.

NOTES : 40 (Contd.)

- (ii) HUDCO shall also be required to bring down its exposure to 50% in respect of individual exposure and 100% in respect of group exposure latest by 31st March, 2023, in accordance with the roadmap for graded reduction in exposure approved by Board of Directors.
- (iii) The position should be reviewed by the Board of HUDCO on a six monthly basis to ensure strict adherence to the Board approved exposure reduction plan.
- (iv) In the event of HUDCO failing to comply with the above exposure reduction plan, HUDCO will be required to assign risk weight of 100% on the excess exposure in addition to any regulatory penalty as may be applied by the NHB.

The exposure limit of up-to 50% for Govt./Public agencies (inclusive of the exposure limit of up-to 30% for infrastructure/Non housing related activities) and up-to 100% for State Govt. (under group exposure) will continue to be applicable in all other cases.

RBI has vide its letter no 1736/3.10.136/2019-20 dated 5th March, 2020 granted relaxation of credit concentration norms for exposure to Telangana State Housing Corporation Limited (TSHCL) upto 75% of Net Owned Fund of HUDCO subject to following conditions:

- (i) The additional exposure is backed by explicit guarantee from State Government.
- (ii) The exposure to TSHCL will be brought down to 50% of NOF by 31st March, 2023 as prescribed by NHB (ND)/DRS/ SUP/880/2019 letter dated 8th March, 2019. A detailed action plan to this effect may be forwarded to NHB.
- (iii) Other conditions as prescribed by NHB vide their above mentioned letter dated 8th March, 2019 are adhered to.

RBI vide their letter dated 26th March, 2021 has permitted that the exemptions from concentration/exposure norms granted previously by NHB/RBI would continue to apply at present subject to the conditions specified while granting such exemptions. However, a review shall be undertaken at the time of conversion to NBFC.

36) i) Corporate Social Responsibility

- a. The Company has formulated a CSR Policy in line with the guidelines issued by Department of Public Enterprise (DPE) vide its Office Memorandum No. CSR- 15/0008/2014-Dir (CSR) dated 01st August, 2016 and provisions of CSR in the Companies Act, 2013 with the approval of HUDCO's Board on the recommendations of Committee of Board.

As per Companies Act, 2013, company approved allocation for CSR Budget for the FY 2021-22, equivalent to 2% of the average profit (Profit before Tax) of immediately preceding three financial years amounting to ₹41.99 crore. The amount spent during the year is ₹46.95 crore.

(₹ in Crore)

S. No.	Particulars	Amount			
		2021-22		2020-21	
1.	Gross Amount of CSR required to be spent	41.99		34.46	
2.	Amount spent during the year on:	In cash	Yet to be paid in cash	In cash	Yet to be paid in cash
	i) Construction/ Acquisition of any asset	--	--	--	--
	ii) On purpose other than (i) above	29.47	--	5.74	--

As per HUDCO's approved CSR Policy, 1st instalment of CSR assistance is released on completion of documentation and the subsequent instalments are released on receipt of utilization of certificate of the released CSR grant and after achieving physical/financial progress in the proposal. There has been a couple of cases where even after sanction of CSR Fund by HUDCO, documentation formalities were not completed by the agency and therefore the 1st instalment could not be released, as originally envisaged. In some of the cases, the agencies concerned could not achieve required physical/ financial progress and the due utilisation certificate for the CSR assistance released was not submitted by agencies. These factors result in delay/ time gap in incurring CSR expenditure.

- b. Companies (CSR Policy) Amendment Rules 2021 dated 22nd January, 2021 issued by Ministry of Corporate Affairs has notified that the Company hereafter follows the amended rules. The legislative intent of these amendment was to restrain the companies from using the funds earmarked for CSR projects for meeting their working capital requirements, hence the new rules made it mandatory for the companies to transfer the available funds including the undisbursed amount of the ongoing projects to a separate bank account. Accordingly, any amount remaining unspent pursuant to ongoing projects undertaken by a company in pursuance of its CSR policy shall be transferred by the company in the unspent CSR Account within a period of 30 days from the end of financial year. CSR amount transferred to the said account shall be spent by the company in pursuance of its obligation towards CSR Policy within a period of three financial years from the date of such transfer. Thereafter, balance of unspent amount, if any, shall be transferred to a fund specified in Schedule VII mentioned under section 135 of Companies Act 2013, within a period of 30 days from the date of completion of the third financial year.
- c. In compliance with the Ministry of Corporate Affairs, Government of India notification dated 22nd January, 2021, HUDCO has transferred an amount of ₹50,00,83,580/- being the unspent CSR amount other than earmarked for

NOTES : 40 (Contd.)

ongoing project out to total amount of ₹80,19,41,235/- for the financial year 2020-21 to the PM CARES Fund a fund specified in Schedule VII of the Companies Act, 2013 on 29.09.2021.

- d. During the year 2021-22, the company has spent a total amount of ₹29,47,06,496/- on CSR activities comprising of ₹25crore towards the PM CARES Fund out of the CSR budget allocated for the year 2021-22 and ₹1,40,17,291/- spent for the ongoing CSR projects during the current financial year 2021-22. Further, an amount of Rs.3,06,89,205/- has been spent on CSR projects during the FY 2021-22 for the projects sanctioned prior to 31st March,2021.
- e. As on 31.03.2022, the total amount available under Unspent CSR Account is ₹27,02,24,158/- (Previous year 31.03.2021, ₹30,18,57,655/-). Further, for twelve Projects which has been sanctioned during 2017-18 to 2019-20 for an amount of ₹7,97,19,000/- has been closed due to non-compliance of sanction conditions by the agency. Further, in seven CSR schemes, CSR grant has been curtailed to the extent of Rs.91,71,596 for the schemes which has been sanctioned prior to 31st March 2021.
- f. As of 31.03.2022, an amount of ₹25,87,90,596/- is the unspent CSR amount other than ongoing CSR activities (i.e., ₹16.99 crore for 2021-22 and Rs.8,88,90,596/- up to 2020-21) shall be transferred to Govt., fund specified in Schedule VII of the Companies Act, 2013 within the stipulated time period, i.e., on or before 30th September,2022.

37) Research & Development (R&D)

The Company had formulated a Research & Development (R&D) policy in line with the guidelines issued by the Department of Public Enterprises vide Office Memorandum No. 3(9)/ 2010-DPE (MoU) dated 20.09.2011. However, vide Office Memorandum No. M-05/0012/2014-DPE(MoU) dated 17th July, 2019, DPE informed that the guidelines prescribed vide above Office Memorandum dated 20.09.2011 have become redundant and stood withdrawn. The Board of Directors of HUDCO in its meeting held on 19.02.2020 noted the above development and has also approved to continue with HUDCO's own R&D policy formulated in 2012. The Board of Directors also approved to discontinue with earmarking 0.5% of PAT until the accumulated non-lapsable R&D funds are fully utilized. An amount of ₹9.75 crore as on 31.03.2021 was available with HUDCO as non-lapsable R&D funds. During the FY 2021-22, an amount of ₹0.32 crore was spent on R&D.

- 38) The President of India, being the promoter through MoHUA, Government of India has further divested 8% (16,01,63,774 equity shares of face value of Rs.10/- each) of its holding in HUDCO in July & August, 2021 through Offer for Sale (OFS). After this dis-investment, the shareholding of President of India in HUDCO has been reduced from 89.81% to 81.81%. The present shareholding in HUDCO is President of India through MoHUA and MoRD 61.08% and 20.73% respectively and Public shareholding 18.19%.

iii) Disclosures on Risk Exposure in Derivatives

A. Qualitative Disclosure

The Company has Risk Management Policy duly approved by the Board. The Policy covers the currency risk (including interest rate risk) of the Company. This policy provides the guiding parameters within which the Company can take decisions for managing the Currency Risk that it is exposed to on account of foreign currency loans. The purpose of the policy is to provide a framework to the company for management of its foreign currency risk.

B. Risk Management Structure:

- The Company enters into derivatives viz. Principal only Swaps, Currency and Interest Rate Swaps for hedging the interest/ exchange rate risk in foreign currency liabilities. An Asset Liability Management Committee (ALCO) is currently functioning under the chairmanship of Director Finance with Head of Resources, Head of Operations, Head of Loan accounts, Head of General Accounts, Head of Economic Cell, Head of Risk Management as Member Secretary, or any other officer nominated as by ALCO Chairman as its members. ALCO monitors effectiveness of existing and new hedging instruments/ strategies being used/ to be used for management of the Currency risk and also for taking stock of the market movements. The decisions of the ALCO are reviewed by the Risk Management Committee (RMC) for managing the risks. The decisions taken by the RMC are subsequently reported to the Board of Directors.
- These derivative transactions are done for hedging purpose and not for trading or speculative purpose.
- Reference may be drawn to Sub Point No. 4.6 of para 4 of Notes forming part of accounts under Significant Accounting Policies for relevant accounting policy on Transactions in Foreign Currency.

- The information stated in this disclosure is based on audited Standalone Financial Statements (prepared as per IND-AS) for the period ended March 31, 2022.

40) Disclosure on Liquidity Coverage Ratio

Qualitative Disclosure:

Institutional set-up for the Liquidity Risk Management: HUDCO has implemented an integrated risk management approach through which it reviews and assesses significant risks on a regular basis to ensure that there is a robust system of risk controls and mitigation in place. HUDCO has a well-structured robust Risk Management Policy and Operating Manual in line with its objectives to address the various risks.

In compliance with the SEBI (LODR) Regulations, 2015, HUDCO has in place a Board Level Committee under the nomenclature ‘Risk Management Committee’ (RMC) headed by an Independent Government Nominee Director, which reviews various decisions/ recommendations of the three sub-committees namely:

- Assets & Liabilities Management Committee (ALCO);
- Credit Risk Management Committee (CRMC); and
- Operational Risk Management Committee (ORMC)

The Risk Management Committee (RMC), which is a committee of the Board, is responsible for evaluating and monitoring the integrated risk management system of the Company including liquidity risk. The ALCO is responsible for ensuring adherence to the liquidity risk tolerance/limits set out in the board approved Asset Liability Management (ALM) policy. The role of the ALCO with respect to liquidity risk includes, inter alia, decision on desired maturity profile for assets & liabilities, responsibilities and controls for managing liquidity risk, and overseeing the liquidity position of the company. The ALM Policy is reviewed periodically to realign the same pursuant to any regulatory changes in the economic landscape or business needs and tabled to the Board for approval.

Management regularly reviews the position of cash and cash equivalents by aligning the same with the projected maturity of financial assets and financial liabilities, economic environment, liquidity position in the financial market, anticipated pipeline of future borrowing & future liabilities and threshold of minimum liquidity defined in the ALM policy with additional liquidity buffers as management overlay

The Liquidity Coverage Ratio (LCR) is a global minimum standard to measure the Company's liquidity position. The Reserve Bank of India (RBI), vide its Master Direction - Non-Banking Financial Company – Housing Finance Company (Reserve Bank) Directions, 2021, dated February 17, 2021, introduced the LCR requirement for all non-deposit-taking HFCs with an asset size of ₹ 10,000 crore and above and all deposit taking HFCs irrespective of their asset size as per the following timeline:

From	December 01, 2021	December 01, 2022	December 01, 2023	December 01, 2024	December 01, 2025
Minimum LCR	50%	60%	70%	85%	100%

Hence, the company is required to maintain minimum LCR of 50% w.e.f. December 01, 2021.

Further, the aforementioned Master Direction states that the guidelines on Liquidity Risk Management Framework prescribed for NBFCs by the RBI vide its Master Direction - Non-Banking Financial Company – Systematically Important Non-Deposit taking Company and Deposit taking Company (Reserve Bank) Directions, 2016, dated September 01, 2016 shall apply mutatis mutandis to Housing Finance Companies (HFCs).

As per the said guidelines, the Company shall maintain an adequate level of unencumbered High Quality Liquid Assets (HQLA) that can be converted into cash to meet its liquidity needs for a 30 calendar-day time horizon under a significantly severe liquidity stress scenario. "HQLA" means liquid assets that can be readily sold or immediately converted into cash at little or no loss of value or used as collateral to obtain funds in a range of stress scenarios. "Unencumbered" means free of legal, regulatory, contractual or other restrictions on the ability of the NBFC to liquidate, sell, transfer or assign the asset. Assets to be included in the computation of HQLAs are those that the NBFC is holding on the first day of the stress period. Such assets shall be valued at an amount not greater than their current market value for the purpose of computing the LCR. Depending upon the nature of assets, they have been assigned different haircuts, which are to be applied while calculating the HQLA for the purpose of calculation of LCR.

In order to determine HQLA, the company considers Fixed Deposits which are maintained with Scheduled Commercial Banks owing to the fact that it bears 0% haircut. As a matter of prudence for the purpose of maintenance of LCR, highest level of HQLA requirement in the forthcoming 7 days is considered on continuous basis by the company.

Liquidity Coverage Ratio (LCR) is represented by the following ratio:

$$\frac{\text{Stock of High Quality Liquid Assets (HQLAs)}}{\text{Total Net Cash Outflows over the next 30 calendar days}}$$

In order to determine Net Cash Outflows, the Company considers total expected cash outflow minus total expected cash inflows for the subsequent 30 calendar days by assigning a predefined stress percentage to the overall cash inflows and cash outflows. Total expected cash outflows (stressed outflows) are calculated by multiplying the outstanding balances of various categories or types of liabilities and off-balance sheet commitments by 115% (15% being the rate at which they are expected to run off further or be drawn down). Total expected cash inflows (stressed inflows) are calculated by multiplying the outstanding balances of various categories of contractual receivables by 75% (25% being the rate at which they are expected to underflow). However, total cash inflows will be subjected to an aggregate cap of 75% of total expected cash outflows. In other words:

Total Net Cash Outflows over the next 30 days = Stressed Outflows – Lower of (Stressed Inflows or 75% of Stressed Outflows).

One of the components of cash outflow of this disclosure includes Other Contractual Funding Obligations, which, inter alia, includes payment of taxes and dividend paid by the company.

The Company computes the LCR and reports the same to the Asset Liability Management Committee (ALCO) every month for review and approval
